SHORTFALL OF £250,000 IN THIS YEAR'S REVENUE?

Nearing Limit of Economy by Present Methods.

A FOUR YEARS' PLAN.

Attempt to Define Necessary Machinery and Services.

The Kenya 'Watch Dog Committee' following a meeting on Tuesday has informed the Government that there is a prospect of a shortfall in revenue during the present year of £250,000.

His Excellency the Governor has come to the conclusion that it is practically impossible to arrive at further material savings by present methods of economy and that the time has now reached when a serious attempt should be made to lay down definitely the establishment and necessary services required to run a financially efficient Government in Kenya for the next four years up to 1956.

Special Committee's Task

The Special Committee on the Kenya Budget, which was set up by His Excellency the Governor in 1949, has today submitted its report to His Excellency the Governor. The report is a comprehensive study of the Government's financial position and the measures which should be taken to ensure that the Government is able to meet its obligations in the future.

PUBLICITY

Official Interest Assured.

"I have read with great interest the report of the Special Committee on the Kenya Budget. It is a most valuable contribution to the public's knowledge of the Government's financial position and the measures which should be taken to ensure that the Government is able to meet its obligations in the future.

CUSTOMS RETURNS.

£39,000 Below Estimates.

Finally, the Customs returns for January, February and March have been most disappointing and only £39,000 below the estimates. This is a most unfortunate result and it is to be hoped that the Government will be able to take steps to ensure that the Customs returns are brought up to the level of the estimates in the future.

that they feel that there is a probability of a short fall on the 1952 revenue estimate of about £250,000. The difficulty of meeting the very considerable short fall by further economies over and above the £107,000 already offered will be appreciated from what I have already said. In fact, it is practically impossible to arrive at any material savings without a considerable curtailment of essential services.

ANOTHER ENQUIRY. Overhauling the State Machine.

"I therefore feel that the time has arrived when a special attempt to lay down definitely the establishment and necessary services required to run a financially efficient Government in Kenya for the next four years up to 1956 should be made. This is a most valuable contribution to the public's knowledge of the Government's financial position and the measures which should be taken to ensure that the Government is able to meet its obligations in the future.

DRAMATIC SEQUEL TO AIRMAN'S DEATH.

British Pilot Charged with Murder.

AMERICAN SENATOR

SENATOR'S VISIT TO KENYA. Mr. Philip H. Frank, U.S. Senator from New York, arrived in Nairobi on Tuesday, May 5, 1952, for a visit to Kenya. He is accompanied by his wife and two children. The Senator is expected to stay in Nairobi for several days before proceeding to other parts of Kenya.

IRISH FREE STATE DUTIES.

Greatly Increased from Tuesday to May 26.

IMPERIAL PREFERENCE

ENIGMA COMES AND SIGNS BANSIT CONSTITUENT. The Government has announced that it has decided to increase the duties on certain goods from the Irish Free State from Tuesday to May 26. This is a most unfortunate result and it is to be hoped that the Government will be able to take steps to ensure that the duties are brought back to the level of the previous year.

CENTRAL SETTLEMENT COMMITTEE.

To be Elected on May 26.

CONVENTION PLAN.

Hope to Secure Wide Representation. The Central Settlement Committee will be elected on May 26. It is expected that the committee will be composed of representatives from all parts of Kenya. The committee will be responsible for the settlement of the Central Settlement Scheme.

SPEAKER OF THE DAIL INTERVIEWS.

Appointment to Oath Bill Disallowed.

'STANHOUS MATTERS'

(RECORDS SENATOR'S ANSWER.) Dublin, May 5. Mr. Frank McEnaney's appointment to the Oath Bill was today disallowed by the speaker of the Dail on the ground that it was a purely technical matter and not a matter of substance. The speaker also disallowed the appointment of Mr. Stanhous to the Oath Bill on the ground that it was a purely technical matter and not a matter of substance.

 Sir—The advertisement in your issue of the 15th inst. regarding the proposed amendments to the Importers' Trade Licenses Act, 1925, is most interesting. It is a pity that the Government has not yet taken any steps to amend the law in this respect. The present law is very defective and it is necessary to amend it as soon as possible. I am sure that the Government will take the necessary steps to amend the law in this respect.

 The Government will temporarily suspend the operation of the Importers' Trade Licenses Act, 1925, until such time as the necessary amendments have been made. Level of Dull Mediocrity.

DEARTH OF GOOD CLASS FILLES IN POST-WAR YEARS.

Mr. Washington Storer's great colt, "Owens," which is to be put to the test by winning the Two Thousand Guineas...

The result of the race was therefore far from brilliant in the eyes of the "Owens" blood, particularly when compared with the result of previous years.

"Owens" is of course, by "Glenborough" out of "Golden Sun," which "Dexter" is by "Golden Sun" out of "Frisco's Daughter," and "Frisco's Daughter" is a mare by "The Marquis."

Both "Golden Sun" and "Frisco's Daughter" carried a mass of fame on the one more or less, and their stock has been notable for good rather than for bad.

"Hesperus" was bred by "Hesperus" and "The Marquis" and was a high class sire, and his stock has been notable for good rather than for bad.
