Do You Use Damp Cartridges?

Why use a "wet gun" which is just riddled with the path of an excited animal trap line? Not much more than that.

It is nothing but the TEXACO brand because it is "dry," readily forming a crust around the barrel and as a result, the cartridges completely dry out and the gun is ruined. These drops of water are suspended in the air drops of the atmosphere. "Wet gun" develops a rust which is the path of an excited animal trap line. Not much more than that.

The TEXACO brand is dry and does not rust. It is the only brand that is dry and does not rust. It is the only brand that is dry and does not rust. It is the only brand that is dry and does not rust.

Hat and Tail Tax.

A SUBSEQUENT TO GOVERNMENT.

To the Editor, "E. Standard."
I wish to inform you that the Hat and Tail Tax, which was introduced in the Budget of 1931, has now been abolished. The Government has decided to abolish this tax, and the result is that the Hat and Tail Tax will be removed from the Statute Book.

The Hat and Tail Tax was introduced in the Budget of 1931, and was intended to raise revenue for the Government. It was a tax on the value of hats and tails, and was levied at the rate of 10% on the value of the article.

The Hat and Tail Tax was a very unpopular tax, and it was generally expected that it would be abolished. The Government has now decided to do so, and the result is that the Hat and Tail Tax will be removed from the Statute Book.

EMPIRE SHOPPING WEEK

Auspicious Opening in Nairobi Yesterday.

FORTY FIRMS TAKING PART IN SPECIAL DISPLAYS.

A Notable Anniversary.

EMPIRE DAY FUNCTIONS AT SCHOOLS THROUGHOUT THE COLONY.

Empire Shopping Week opened in Nairobi yesterday when some 40 business houses made a special feature of their window displays devoted to products of the British Empire.

There were some striking designs and the efforts generally gave a wonderful idea of the great range and excellent quality of Empire goods. Kenya prices were generally maintained.

From its manifold resources the Empire can supply all its consuming needs and it is a notable fact that even the greatest possible measure of support to the mother country is a passage in the goods received from His Majesty's Trade Commissioner.

In Government schools throughout Kenya to-day there will be special observances of Empire Day and His Majesty the Governor will be presenting the flag at the Prince of Wales School, Kabete when Colours will be presented to the Boy Scouts.

H.E. to Present Colours.

Handfuls of Empire Day flags will be presented to the boys of the various schools in Nairobi and other parts of the colony. The flags will be presented to the boys of the various schools in Nairobi and other parts of the colony.

The observance of Empire Day this year is being celebrated in a more than ordinary manner. It is a day when the people of the British Empire are reminded of their common ties and the goods they produce.

AN EMPIRE DAY MESSAGE.

"The celebration of Empire Day this year has perhaps a greater significance and a greater importance than ever before. The Empire, in common with the rest of the world has been passing through most difficult times, and this last message has brought into still closer union the 450 million people who compose the British Empire. Our difficulties have emphasized the necessity for us to stand together, shoulder to shoulder, and to do all that is in our power to help one another."

"The Empire Day Movement is devoted to achieve such an object. The celebration of the day brings before the people, and especially before the young, the desirability of thinking Imperially, and of doing our best for the Empire as a whole."

"In the past 12 months have certainly been fruitful in this respect, for never before has there been such a unity of spirit, never before has there been such a unity of spirit, never before has there been such a unity of spirit."

EMPIRE DAY MESSAGE.

"The celebration of Empire Day this year has perhaps a greater significance and a greater importance than ever before. The Empire, in common with the rest of the world has been passing through most difficult times, and this last message has brought into still closer union the 450 million people who compose the British Empire. Our difficulties have emphasized the necessity for us to stand together, shoulder to shoulder, and to do all that is in our power to help one another."

"The Empire Day Movement is devoted to achieve such an object. The celebration of the day brings before the people, and especially before the young, the desirability of thinking Imperially, and of doing our best for the Empire as a whole."

"In the past 12 months have certainly been fruitful in this respect, for never before has there been such a unity of spirit, never before has there been such a unity of spirit, never before has there been such a unity of spirit."

"The opening of the Empire Day Conference in Ottawa, Canada, has been a notable event. It is a day when the people of the British Empire are reminded of their common ties and the goods they produce."

"The celebration of Empire Day this year has perhaps a greater significance and a greater importance than ever before. The Empire, its common with the rest of the world, has been passing through most difficult times, and this fact alone has brought into still closer union the 500 million people who compose the British Empire."

"In 1914 the unity of the Empire in time of war was unmistakably shown, and now in time of peace we need the same co-operation, the same sympathy and the same understanding to enable the different parts of the Empire to surmount the troubles with which it is confronted."

"The Empire Day Movement is designed to achieve such an object. The celebration of the day brings before the people, and especially before the young, the desirability of thinking imperially, and of doing our best for the Empire as a whole."

"The past 12 months have certainly borne fruit in this respect, for never before has so great an anxiety been shown to develop Empire Day, which is in itself a matter of supreme importance to its constituent parts."

"May Empire Day this year bring to all our people a still greater realization of the value of the splendid inheritance which has come to us through the great pioneer work of our forefathers, and a firm intention to work together to keep the Empire strong, prosperous and united."

In the past the Morris-Cowley made history. It created popular motoring. Now the Morris-Cowley has kept ahead. It includes features that a few years ago were either prohibitive luxuries or tentative experiments. Read over this list of seven vital points. Think of any other new car in the same low price category. The comparison means an overwhelming superiority for the Morris-Cowley every time.

1. Chromium-plated radiator, with web-paddle guard.
2. 16/20 h.p. engine with air-purifier and hose consuming fuel; oil ignition and distributor commencing leads.
3. Fully compensated silent Lockheed hydraulic 4-wheel brakes, and Magna-type wire wheels.
4. "Baldwin" dash and 7-speed dual-type sliding rod, wide doors, sunroof, time clock, of attractive colour schemes.
5. Longer wheelbase, lower frame, lower centre of gravity, better springing.
6. Spacious rear petrol tank with electric gauge on dash. Finger-operated fuel dipper mechanism mounted on steering column.
7. Wind-up glass in wind—sunscreen, windows and insect-repeller.

And remember that, leader three 7 vital points, the Cowley is, in every other respect the leader of its class.

The New Electric Gramophone Turntable will save You All the Fag, and it is British Made.

To look at, it is just the same as an ordinary gramophone turntable—no bigger—no thicker. The entire motive power is the turntable itself. Will not run idly for years, using no little current that it doesn't register on the meter—certainly no more than a few cents per month.

NO SHOCKS. — NO SPARKS. — NO HEATING.

To install lift off the turntable from your present gramophone—throw it away. Unscrew the spring motor from your electric turntable where the old one used to be (one locknut screws it in position). Run the Flex through the hole the handle used to be in and plug it in to the nearest socket. That's all.

AND THE PRICE IS **Shs. 60/- COMPLETE.**

WHY NOT TURN YOUR WIRELESS INTO A RADIO GRAMOPHONE, SIMPLY AND CHEAPLY.

In combination with Philips "CASAPHONE" you have an ideal instrument.

Running a wasteful and ill-timed car instead of paying a few shillings on having her tinkered up, is the worst false economy that the mind of man can devise.

How often do you see people in the most awful old wrecks, which run sweetly, and the performance of which is amazing. These people look after their cars in the same way in which they look after their own person, correcting each little thing as it goes wrong and avoiding major troubles which lead to such large expenses. On the other hand, you has not got to be very far to see new cars running to waste through neglect. Remember in your own case, that you are dependent at all times on the performance of your own car; so give her proper attention.

Nairobi Motors have the most up-to-date and well equipped repairing department where Ford's are vetted and given a new lease of life.

The machinery and tools used in the Nairobi Motors repair department are the proper Ford equipment. The mechanics who work there are trained exclusively on Ford cars. Just consider that by paying a few shillings, you will undoubtedly save yourself pounds in really heavy repair bills, so being your car to be overhauled now.
