How often do you see people in the most awful old wreeks, which run sweetly, and the performance of which is amazing. These people look after their cars in the same way in which they look after their own person, correcting each little thing as it goes wrong and avoiding major troubles which lead to such large expenses. On the other hand, one has not to go very far to see new cars running to waste through neglect. Remember in your own case, that you are dependent at all times on the performance of your own car; so give her proper attention.

- The General Manager urges that some such scheme is necessary as a protection against haphazard cut-

Why Buy Your House Half a Dozen Times?

Year after year people go on paying high rents for their houses, until the property has been purchased over and over again. When rents fall due they hand over the most without bringing themselves any nearer to ownership.

If you purchase a plot at SPRING VALLEY, you can have your own house built to your own ideas, planned by any architect. Every time you pay then, you are coming nearer to complete ownership of the property.

REMEMBER -Rents mean JUST ONCE MORE every time you pay. With a house in SPRING VALLEY each payment means JUST ONCE LESS.
