THE BEST BEVERAGE FOR THE OCCASION

Chance of a Lifetime at Ottawa.

Mr. Baldwin's IMPRESSIVE ANNOUNCEMENT.

Scope of Discussions.

HARDLY A SUBJECT NOT INCLUDED IN THE AGENDA.

Mr. Stanley Baldwin, the Acting Premier, and Mr. Thomas, Secretary for the Dominions, outlined the agenda and scope of discussions for the Ottawa Conference.

Mr. Baldwin said that there was hardly a subject which had not been included on the agenda and added that it might take three years to accomplish the great task.

Delegates of the Dominions at Ottawa would be asked whether, in their own interests as well as those of the Empire, they had not gone a little too far in industrial development.

Harmful Trade Barriers.

The British Government's policy would be the general abolition of free trade within the Empire on the basis of reciprocity.

Discussions.

Mr. Baldwin said that there was hardly a subject which had not been included on the agenda and added that it might take three years to accomplish the great task.

PROBLEM No. 1233. By H. O. Lawrence. Black Seven.

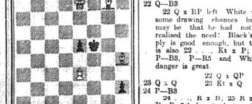

A simplifying move which makes it easier for Black to equalise. It is not quite analogous to the similar exchange often made after Black has played his two holes on the Queen's side and has rather wild QHP with two holes on the King's side.

CRITICAL IRISH SITUATION

Impossible Demands by Mr. de Valera.

CAUSE OF BREAKDOWN OF NEGOTIATIONS.

Revelations in the Commons.

Mr. J. H. THOMAS STATES THAT THE POSITION IS WORSE THAN BEFORE.

In the House of Commons during the debate on the Irish situation, Mr. J. H. Thomas, Secretary for the Dominions reviewed the recent conversation in Dublin and London and revealed the nature of the discussion. He stated that Mr. de Valera had put forward a series of impossible demands and had also cast serious reflections upon statements made by British and Dominion.

Mr. de Valera's chief demand was a united Ireland as a republic, with "one form of association with the Empire," and "in some circumstances and some seasons the King to be recognised as the head of the association."

He also demanded the abolition of the oath and of the payment of the land annuity, while he also declined to have the matter referred to an Imperial tribunal on the grounds that the "dico would be loaded against Ireland."

During the subsequent debate, Mr. Lloyd George, in his first speech in the new Parliament, strongly supported the Government.

A Counter-Blast at Dublin.

Mr. Thomas said in Dublin that the two parts of Ireland must be united by a single Government and that the Government should be based on a republic. He also stated that the British Government had been misled by Mr. de Valera's statements and that the British Government should not be bound by the terms of the Anglo-Irish Agreement.

Mr. Thomas also stated that the British Government had been misled by Mr. de Valera's statements and that the British Government should not be bound by the terms of the Anglo-Irish Agreement.

GOODYEAR

GOLDEN LETTER CONTEST

Closing date midnight July, 6th

HERE IS WHAT YOU DO!

The Goodyear Golden Letter Contest is open to every owner of an automotive vehicle, and members of his immediate family. It is also open to all chauffeurs and bona fide drivers of any automotive vehicle. (Except employees and associates of the Goodyear Company, Goodyear dealers and their employees.)

JUST WRITE A LETTER—not more than 200 words—on the question "Why the World Over Do More People Ride on Goodyear Tyres Than on Any Other Make," and send it to the Goodyear Golden Letter Committee, Box 644, Nairobi, Kenya, the contest closes at midnight, July 6. No postmark, received later will be considered. Be prompt today! Visit and talk with the Goodyear dealer and let him give you all the information before you start to write.

Just write a simple, straightforward letter on the Entry Blank, which your Goodyear dealer provides, and mail it to the committee.

There is absolutely no obligation. You don't need to BUY anything. You do not even need to be a user of Goodyear Tyres. If you do not know the location of your nearest Goodyear dealer, write or telephone the Goodyear Golden Letter Committee, giving your name and address, and the information will be promptly supplied.

"What will I write to win one of these CASH PRIZES?"

THE end of the Golden Letter Contest is drawing near—and thousands are asking that question.

Here's the best answer we know. Have a talk with your nearest Goodyear dealer. **TO-DAY.** With all that he can tell you about "Why the World Over More People Ride on Goodyear Tyres Than on Any Other Make," your letter will practically **WRITE ITSELF.**

Using your eyes and ears in this visit with the Goodyear dealer, you'll get a lot of valuable points for a **PRIZE-WINNING** letter. You'll learn about the superior traction of the **All-Weather Tread**—it provides the greatest safety from driving hazards ever built into tyres. This year you get 10 per cent. extra thickness in that tread—extra wear, extra safety, extra puncture protection.

You'll get first-hand facts on the superior endurance in Goodyear tyres, built with the exclusive **Supervent Cord**. With 61 per cent. greater strength than ordinary cords, its superior combback masters the crushing shocks of rough roads, insures longer life, greater vitality and unimagined tyre satisfaction.

If you would like to win one of these Goodyear prizes—don't wait another day—go to your nearest Goodyear dealer and enter the Goodyear Golden Letter Contest.

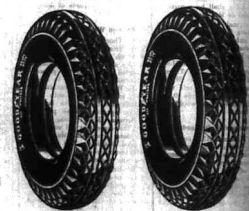

Read the rules, get your facts together and write a letter. Don't miss this opportunity. The end of the contest is drawing rapidly near. Soon the **WINNERS' NAMES** will be up—make up your mind that **YOURS** will be among them.

SOMEONE will win each one of these prizes—it may as well be **YOU.**

Promenade Concert—Joy's Cove.

Among the most interesting events to be held in the week are those of the Promenade Concerts.

The work another effort will be made to recruit interest in promenade concerts.

A combination of the local orchestra with the orchestra of the Society brings the instrumentation up to 20 and under the leadership of Mr. Inghelwood.

Mr. Whitson, of the local band, they have come along remarkably well.

The concert begins at 8 p.m. and on the dining floor is being asked to get their chairs early.

Young Freddie Butea, President, who was seven years old at the time the film was taken.

For the latter part of the week the House of Commons adjourned. The film takes the story of a search for diamonds to the point of discovery and eventually submission to a court.

Those who hold the stocks of the great, open spaces about it get "The Virginian" at the cinema.

Mr. Neville Chamberlain, formerly Her Majesty's Secretary of State, was speaking for the whole of the British people, saying that they were prepared to help the burden under which they were already laboring.

REPARATIONS AND WAR DEBTS DISCUSSION.

(Continued from page 1).

It did not contain any statement either direct or indirect that Germany would abandon her reparations programme.

The One to Blame.

Mr. Neville Chamberlain, formerly Her Majesty's Secretary of State, was speaking for the whole of the British people, saying that they were prepared to help the burden under which they were already laboring.

There was a number of people who had been in London for the week-end, and had heard of itself to be commensurate.

Mr. Neville Chamberlain's speech, Mr. Herriot expressed the opinion that some modification might be necessary to make the system of reparations and war debts more equitable.

The Stock Market.

Hope of favorable developments at Lausanne affected the London stock market during the week and the general level has been firm.

Development in the Native Reserves.

No. 12: WHAT VETERINARY OFFICERS HAVE DONE.

Difficult Task.

THE BREAKING DOWN OF AGEOLD PREJUDICES.

The native stock industry is slowly making headway in the gradual process of native development. The progress in this respect is due to the fact that a native is a great victim which represents his idea.

With the exception of the native reserves of the Kenya and British East Africa Provinces, all native reserves can be said to contain native, either entirely or chiefly of a pastoral nature.

To these natives the accumulation of stock of different kinds is their desire; that it represents their wealth, their means of support, their pride or vanity, and their

Patience and Perseverance.

Stock is passed on by inheritance and in consequence the majority of it is a most expensive legacy as every member of a family has some portion of it.

Many generations held by native stockholders are mainly due to the fact that the natives are ignorant of the principles of animal husbandry and the direful influence of the maddening disease.

There was little instruction in stock and livestock on the part of the natives, and the only means of knowledge was by word of mouth.

In spite of this policy, the number of animals owned by the natives has increased in the last few years, owing to the fact that the natives are beginning to understand the value of stock and the means of increasing it.

The difficulties of native progress in their stock industry are only partly overcome and the natives are still in a state of ignorance of the principles of animal husbandry.

As a result of peaceful persuasion and the influence of the Government Veterinary Officers, the natives are beginning to understand the value of stock and the means of increasing it.

The first serious outbreak of disease in the native reserves was in 1909, when the disease was introduced from the British East Africa Provinces. The disease was spread by means of a cow which was introduced from the British East Africa Provinces and was infected with East Coast fever. A Letter from Paris.

Arched brows and long profile are distinctive features... especially for morning wear. Very delicate tulle or gauze gowns are to be worn in the morning. They will vary a little, but will be cut on the lines for young women. There will be a distinct cord-sleeve. There will be the high bust in the figure, the bust will be finished with lace and will extend with very narrow straps to form an oval, which will show the blouse. Other details are quite formal in the tail-made fashion that will go out. The only difference that they are not so long as in the morning.

REMEDIES FOR WINKERS.

The aim which medicine must result in is usually the eye sensitive to the heat of the sun. It is said that Platinide thought it may be, there is no doubt that it does. The medicine has corrected the very habit, and is so much to be commended. It is not intended in the woman who is not to be kept for long.

French women keep their faces covered for longer of their day. They are careful, and they attribute that to the habit, one of them is all covering. A table-spoonful of olive oil taken, each day does wonder towards making the skin smooth and perfect.

An excellent hair treatment can be given. This is a kind of hair oil which is used in a glass of very hot water. It is a powerful oil, and it has been used, apply the water to the washed parts, or hot water to be used, and leave for 10 minutes.

Black and orange seed has been mentioned as being little used for town or country, but with white, orange, black and orange striped. It is a very good one.

Washing clothes are material is the same. Beddies were new, sometimes very and beautiful. They are made of soft towels and finest flannel from Vermont, the synthetic. This blue, the way is a little different. It is a very good one for an early winter. And then there is a kind of flannel that is very good. It is a very good one for an early winter. Good! It's British!

If the name Eley or Kynoch is stamped on the head of a cartridge you may be sure that it will accomplish all that a cartridge is expected to do. It will fit its load, be comfortable in use, will eject easily and will not damage your gun. In a word Eley and Kynoch cartridges are dependable.

Use Eley or KYNOC. BRITISH and BEST.

It is a pity that many of our sportsmen are not using Eley and Kynoch cartridges. They are the best.
