But Desirability of Broadening the Bases Emphasised.

Disappearing Surplus.

LOW TAX ON INCOMES SUGGESTED AS MEANS OF RESTORING BUDGETARY BALANCE.

Native Contributions to Revenue.

NEED FOR IMPORTANT AMENDMENTS TO THE PRESENT SYSTEM URGED

The Report of Lord Moyne who visited Kenya early this year in the capacity of Financial Commissioner to enquire into matters of taxation, railway rates and import duties and public expenditure so far as they affect natives and non-natives was issued for publication shortly after noon yesterday.

So far as taxation is concerned Lord Moyne has reached the conclusion that no formula attempting to lay down exactly what would be a fair contribution from each community could be other than centrely arbitrary. No cause is found for any suddens the contribution of t

The creation of a Statutory Committee under the chairmanahip of the Governor, to finance the major services of native betterment is proposed.

It is urged that Budger stability in Kenya can only be assured by breadening the bases of tax revenue. As the resource of the direct taxation in some degree proportionate to the means of the taxpayer is said to be at present practically untapped, it is suggested that the Budgetary halance could be restored by a relatively low tax on

Practic amendments to the present system of native taxation with a view to securing adequate differentiations between districts according to taxable capacity and between individuals according to their relative wealth are recommended. The eventual substitution of Native Poll Tax for a Cultivation Tax and a native live-stock tax are

ing the course of his report on the work of the Kenya-Police Force during 1931, she Commis-sioner states that the average number of traffic accidents in Nairobi rose from 48 per month for the first aine months of the year to 37 per month for the last quarter.

attributes this increase more to the carelessness of drivers following the absence of police on point duty rather than to the relaxation of the speed limit.

re were 384 street accidents during the year, of which 12 resulted in fatalities, while there were 1,200 prosecutions for infringements of the Traffic Ordinance.

Dealing with other aspects of police activities, the Commissioner states that Nairobi, more than any users in soils Colony, attracts the primary and undestrable type of natives, who make the proportion of the unemployed, necessitating constant police supervision and registrate.

M. Herriot and Herr von Papen have returned to their respective capitals to discuss the latest developments at Lausanne with their Cabinets. It is expected that they will return to Lausanne to-day.

During the week it is probable that the principal dis-sions of the Conference will centre round the gigan scheme for European federation. It is undersite that this has been discussed by the French and Germ leaders and that Mr. Ramsay MacDonald is in favo of such a development.

Uniform male native pell tax at the rate of Shs. 6 to be collected by tax stamps on registration certificates; Tax on native livestock;

Native cultivation tax to be substituted for hut tax.

Regarding the proposed tax on livestock the Report says.

"While the hut tax differentiates against the native who invest in misay wive, it is unjust that he who receives the price in livestock of many daughters should escape an equivalent burden." He considers, too, that the tax would help towards the solution of the problem of overstocked native pastures.

The Financial Commissioner pays tribute to the good feeling evident between natives and settlers.

STATEMENT BY THE MAYOR AT MEETING ON FRIDAY.

was stated by Mr. J. Riddell, the Mayor of Nairobi, at Friday's meeting of the Nairobi Association, that the report by the Hydraulic Engineer to the P.W.D., on the proposed Municipal selense to obtain a stater supply-from the Ruiru River, had not been intended for publication.

He added that the report, which recommended that a permit to obtain this water should not be issued; did not represent the views eithered the Birector of Public Works or of Government.

A sub-committee appointed by the Nairobi Association to examine the report, stated that if gathered together a considerable amount of valuable information regard-ing the water resources of the Buiru catchment area, and recommended that the responsationative used as basis for a 'schighte of conservation of water. It added that the matter was too uniguel for time to be wasted that the matter was too uniguel for time to be wasted

IMPOSSIBILITY OF OBTAINING AN EXACT BALANCE.

Native Development.

LORD MOYNE THINKS SUBJECT SHOULD RECEIVE MORE ATTENTION.

Lord Moyne in his enquiry into the incidence of taxation in Kenya found it impossible to obtain an exact balance of contributions and benefits on a community basis acceptable from all points of view.

formed the opinion, however, that considering the services provided in return "it is evident that the natives have long paid an ample continuion towards the general revenues of the country."

the general revenues of the countryingening the brief of taxtent throughout the world
with that borne by the European population of Kenya
Lord Moyne says: "It is a witner that the tate
supers the, amenities, of civilization in return for a
relatively light cast of contribution." The same of the
relatively light cast of contribution. The same of the
contribution from each community to general services
could however be other than cuttley arbitrary.
Well-considered measures. to save apriculture
resen disaster, even though histy may, be affected
justified in the general interest."

Report recommends that the Economy Committee shortly to be appointed by the Government should examine the present system of financing Local Govern-

view is expressed that not enough attention is being paid at present to native development and that a dre share of applied research should be afforded to the peculiar problems of native agriculture. The estab-lishined of three research stations, two in suitable Native Reserves and due on the coast, is recommended.
