EXTREME ACTION BY CENTRAL GOVERNMENT.

Ministers Dismissed.

EFFORT TO PUT AN END TO POLITICAL STALEMATE.

Central Government of Germany has taken extreme erise against the State of Prussia, and has dismissed Ministery and has established a virtual dictator-sia. This course has been taken owing to the political statemate which followed recent elections to the Prussian Diet.

as also been stated that under the existing conditions the Prussian Government was not able to guarantee law and order. It is considered that Herr von Papen, the Reich Chancellor, has yielded to the demands of the Nazis.

r von Papen has himself been appointed State Com-sissioner, with the Burgemaster of Essen as his Beputy, General von Schletcher, Minister for Defence, has assumed the post of Governor of Berlia and of the Province of Brandenburg. These officer will have dictatorial powers pending the steeties of a new Dick.

a result of new decrees the liberty of the individual is no longer unviolable. Postal, telegraphic and tele-phonic privacy is not guaranteed, while a censorship of the Press can be imposed.

The memorandum, it was maintained, was intended to benefit the commercial community as a whole, irrespective of race.
