The Growth of Crime in Nairobi.

REPORT OF COMMITTEE APPOINTED BY GOVERNMENT.

Juvenile Offenders.

It has been issued recently by Government to enquire into the problems connected with the growth of crime in Nairobi, amongst the juvenile offenders, habitual criminals, vagrants and unemployed in Nairobi and the areas bordering Nairobi.

The Committee has concluded that the "socialism" is the probable cause of the alarming increase in crime in Nairobi, but it is maintained that the cause is not sufficiently grave to require any special measures. It is urged that the problem presented by the juvenile offenders are the most important, because on the handling of these depends the extent to which the other classes will provide any problems at all.

Members of the Kable Reformatory are advanced and suggestions are made for ways in which an improvement might be effected.

The Reformatory System.

The committee was of the opinion that the present system of reformatory for children is not sufficient to deal with the increasing number of juvenile offenders. It is suggested that the reformatory system should be extended to include the juvenile offenders who are not suitable for the present system. It is also suggested that the reformatory system should be extended to include the juvenile offenders who are not suitable for the present system.

Completion Reached.

The committee has completed its work and has issued its report. It is suggested that the reformatory system should be extended to include the juvenile offenders who are not suitable for the present system. GROWTH OF GARDENING.

Appreciation of Simple
 Delights at Nairobi.

"STANDARD" correspondent
 Nairobi, September 12.

During the past weeks, there
 has been fairly steady rain, and
 the garden of the "Standard" is
 looking well. Most times and the
 price of garden have interested
 many people to the simple delights
 of gardening, and many small
 patches of a year or so ago are now
 a mass of colour. "Just simple
 things, but they do look bright,"
 as has indeed been our opinion.

There are also the old establish-
 ments, where common
 plants are raised to give them
 with some there is really very
 little that cannot be persuaded to
 flourish here.

Judgment in Kenya Kidnapping Case.

DEFENDANT DISCHARGED BY SUPREME COURT.

Demurrer Allowed.

QUESTION OF GUARDIANSHIP OF CHILDREN.

judgment was delivered by Mr. Justice Thomas in the Supreme Court yesterday in the case in which Mr. Magistrate had indicated that he had granted an order for the return of the children to the custody of their father.

In the course of the finding His Honor drew attention to the fact that Mrs. Borlind had been found by the Magistrate to be an lawful guardian of the children and stated that where a person had the right to perform an act no offence could be committed in assisting them to perform that act.

In conclusion His Honor stated that he did not consider that the offence had been sufficiently charged and therefore the demurrer must be allowed. Mr. Magistrate was accordingly discharged.

Inappropriate Use of Penal Code.

The judgment is, it is stated, a landmark one in the history of the law of the colony. It is the first time that a person has been found guilty of a crime under the Penal Code which was not a crime under the common law.

The defendant was charged with the offence of kidnapping a child under the Penal Code. The child was a girl of the age of 12 years.

Consideration for Others.

"DO UNTO OTHERS AS YOU WOULD HAVE OTHERS DO UNTO YOU."

Last week I wrote on the subject of golf, and touched on several points which I considered the most important ones. Since then I have been told that my remarks hardly fitted the case; they were not strong enough as to the points to which to refer, or written and in a form not adapted to the purpose of a weekly magazine which I call it that appears in the hands of a large number of people, and that it is not a suitable vehicle for the kind of article which I am attempting to write. I am, therefore, very much obliged to you for pointing out the error. I will, therefore, in this issue, be more definite in my remarks, and will include some points which I have not mentioned in the first article. I will also, in this issue, be more definite in my remarks, and will include some points which I have not mentioned in the first article.

Putting Out. Again, there is another aspect of the matter which I have not mentioned in the first article. It is the matter of putting out, and this is a matter which is of great importance to the player who is putting out.

How many players realize that they have returned to this medicine when they are in a state of distress? It is a matter which is of great importance to the player who is putting out.

"I thought it because it is the smartest and the most popular in the world."
Why does Chevrolet lead the world in popularity, selling more cars than any other make!

Because Chevrolet offers everything you want in a car—beauty, luxury, power, speed, comfort. No car is easier to drive. No car of its size is more comfortable to ride in. No car of its class excels it in the beauty of its finish and appointments, the smartness of its fittings.

In the 1932 Chevrolet there are many values, many improvements never offered at Chevrolet prices. Built in smoothness. Increased Torque. A slight increase in gear shift. Controllable Coasting when you wish it. All at no increase in price. See the new Chevrolet. Drive it. You'll call it a marvellous experience.

Being possessed with an account of the Nairobi Golf Club during the week under review, I would like first of all to congratulate Mr. and Mrs. Phillips on their excellent effort in giving the first open Mixed Proving Competition on Kenya. I was told by Mr. Macfarlane, the Chairman of the Nairobi Golf Club, who composed the match, that the match was really good and that the club will be glad to have the opportunity of playing with the President's team.
