Referring to Saturday's fire at the Theatre Royal, you will be interested to know that the Kyr-Fire Extinguishers, which I believe you are agents for, proved most effective in the subduing and keeping down the flames until the arrival of the Town's Fire Appliances. Had it not been for the use of these Extinguishers, I am fully convinced that we should have suffered considerably more than we did.

AFRICA FOR THE WORLDS FIBRES. AN EXPERTS' UNVEILING VIEW. AN Anglo-German Work and Co-Operation.

AFRICA has made a name for itself in the world as the source of the finest raw materials for the textile industry. It is the only continent which produces raw materials for the textile industry in such quantities as to be of importance to the world.

THE LABOUR QUESTION.

What is the labour question? It is the question of the rights of the worker. It is the question of the rights of the worker to a fair day's work for a fair day's pay. It is the question of the rights of the worker to a fair day's work for a fair day's pay.
