World Turns to Chevrolet

Latest world figures show Chevrolet leading all other cars in volume of sales by an ever increasing margin.

Value has made it the world's fastest selling car, and Chevrolet now offers greater value for 1932.

The world turns from power driven carriages to smart automobiles. From mere machinery to luxuries from transportation. From noise to quiet. From vibration to smoothness. From fumes to ease. To Chevrolet. These values have made Chevrolet the fastest selling car in the world. Its beauty as it stands at the curb. Its riding comfort as it takes the road. Its effortless steering. Its demonstrated reliability. Its superb performance.

Chevrolet does not rest on its laurels... offers even greater value for 1932.

See the 1932 Chevrolet. Smart lines have been made even smarter. The richness of their beauty—the detailed refinements of their finish inside and out—will compel your admiration.

Drive these new models of the world's most popular car. Enjoy their increased power and speed. The new ease and quiet of their ride. The thrill of coasting, now easy and at the touch of a button. The health-smoothness. The sense of mastery and perfect control. Ask us for a free demonstration. You, too, will agree that Chevrolet is destined for greater popularity than ever.

Makes a Car Modern. Silent Syncro-Mesh Gear. Cushioned Power and many engineering improvements.
