Search Continues for Missing Girl.

MENENGAI CRATER STILL THE AREA OF ACTIVITY.

Service of Intercession.

LITTLE CHURCH AT NAKURU CROWDED YESTERDAY.

This is now becoming the prime factor in the search for Miss Whitford Stevenson, the Nakuru girl who was reportedly disappeared a week ago yesterday when she was found alive.

There was a further dramatic development yesterday when Mr. F. Irem, who is in custody under suspicion of having murdered Miss Stewart, had previously been removed to the jail at Nairobi, returned to Nakuru yesterday under police escort.

Involving throughout the whole of yesterday, but without success, and when some reports of the worst, there are many who still hope that the girl may be found alive.

Yesterday a special service of intercession was held in the Church of St. Christopher at Nakuru, when the building was filled to overflowing by residents of the district who gathered together to pray for the recovery of Miss Stevenson.

The Scott Centenary.

It is now marked by the celebration, mainly in the United Kingdom, of the centenary of the birth of James Cook, the first European to have been seen by the natives of New South Wales. It is remarkable that, in the course of the European conquest of this continent, the first European to have been seen by the natives of New South Wales was James Cook, the first European to have been seen by the natives of New South Wales was James Cook.

ARCHITECTS & QUANTITY SURVEYORS.

Proposed Institute Criticized.

To the Editor:—E. A. Shindler, Sec. 1, will be remembered that in a note of two days ago I had indicated a number of objections and queries regarding the proposed Institute of Architects and Quantity Surveyors. It is not necessary to repeat these queries, as they have been answered in the "Proposed Institute" column. I am, however, glad to see that the Institute is being formed, and I am sure that it will be a success. I am, however, glad to see that the Institute is being formed, and I am sure that it will be a success. NAKURU SEARCH ENDS.

Second Victim of Terrible Tragedy.

GIRL'S BODY FOUND A MILE FROM HER HOME.

Shot in the Head.

MANY MOURNERS AT THE FUNERAL YESTERDAY MORNING.

The nine-day search for Miss Wairere Stevenson ended on Saturday morning with the discovery of her dead body only a mile from her parents' home.

Death is believed to have been caused by a bullet wound in the back of the head.

The funeral of Miss Stevenson took place yesterday, the simple but very impressive service being attended by a large number of people.

The Discovery.

(Standard Special Representative.)
Nairobi, October 16.—The dead body of Miss Stevenson was found on Saturday morning in a field about a mile from her home. She was found lying on her back, her head resting on the ground. The body was found by a search party consisting of the local police and the Kenya Mounted Rifles. The search party had been out for nine days, and it was believed that the girl had been shot in the head. The search party had been looking for the girl since she was reported missing on October 7th. The girl was 17 years old and was a student at the Government Girls' School in Nairobi. She was reported missing by her mother, Mrs. Wairere Stevenson, on October 7th. The search party had been looking for the girl in the area around her home, but she was not found until Saturday morning.

It was very hard indeed to find the body of the girl, as the area was very hilly and the vegetation was very thick. The search party had to search for the girl for several days before they were able to find her.

The girl was found lying on her back, her head resting on the ground. She was wearing a white dress and a white shawl. The search party had found the girl in a field about a mile from her home. LADIES' FASHIONS

A Letter from Paris.

brought up in a higher line is that a fashion which is a little less than a year ago is now becoming a new one. The dress with the high collar and the full skirt is now being worn by many women. It is a very comfortable and practical dress, and it is also very fashionable. It is a dress which is well adapted to the climate of our country, and it is also very becoming to the figure. It is a dress which is well adapted to the climate of our country, and it is also very becoming to the figure.

A more casual gown was only recently worn by a woman of the aristocracy. It was a dress which was very simple in design, and it was very comfortable to wear. It was a dress which was well adapted to the climate of our country, and it is also very becoming to the figure.

The model which is now to be seen in the streets of Paris is a dress which is very different from the one which was worn a few years ago. It is a dress which is very comfortable and practical, and it is also very fashionable. It is a dress which is well adapted to the climate of our country, and it is also very becoming to the figure.

In all kinds of fashions and styles one sees the same old ideas, and one sees the same old ideas. There is nothing new under the sun, and there is nothing new under the sun. There is nothing new under the sun, and there is nothing new under the sun.

The fashion is now to be seen in the streets of Paris is a dress which is very different from the one which was worn a few years ago. It is a dress which is very comfortable and practical, and it is also very fashionable. It is a dress which is well adapted to the climate of our country, and it is also very becoming to the figure.

Handbags are made to match the shoes, and they have original designs and handles of polished metal. They are made in many different colors and designs, and they are very becoming to the figure.

And here is a charming little dress seen in Quaker-gary square, this skirt set with the high ruffles that make the dress finished with white ruffles.

SECOND HAND CARS

A FEW RELIABLE CARS FOR SALE FROM £250

Confirms value and wears its life. A very few dress for the afternoon made in three days of un-laced brown corduroy velvet. The upper part of the bodice is crepe de chine to a higher style.

The very formal evening gown is not made in corduroy green: it is black with white accents. The model depicted at the bottom was copied into two colors: the plain and elegant, and the more ornate.

One of the elegant models had a deep V-neckline, with a large bow at the side of the V to make a wide cape. Another of two black and patterned with blue stripes, had a narrow collar, with "valisette" wings of net so fitting there is a deep fold of black crepe, was arranged all the back of the waist, but seen from the back, as per photo.

Another model in black, white, and a great deal of material in the design of a black and white dress in this place would be the shape. A deep, heavy of black crepe with several bows go across the deep bodice, which is worn as, as per photo.

The winner who have opportunity to show them off, there are many lovely and expensive-looking gowns. It is this, white, which is made in a combination of light and dark. A long, straight, black and white gown, with the pattern slightly to keep, and the color, in black, is also very becoming to the figure.

The World's Most Popular Car sets a new standard of value

Leading all other cars of the world in sales, Chevrolet now offers new 1932 models that carry Chevrolet leadership one further ahead.

A world leadership in sales which the world regards the Chevrolet as its Beauty, Dependability, Safety.

In the 1932 Chevrolet you will find new improvements in beauty, luxury and engineering refinement. They are the result of an intensive effort to make the world's most popular car always give greater popularity.

A new beauty grand than 1929 models. This new line in harmony and strength, depending on the new luxury, soft power and responsive control inherent in a Chevrolet.

It is so combined—mounting it is more powerful than last year's—just as well finished.

Stop at the head of the brain panel. The entire Chevrolet mechanism allows you to shift gears in velvety smoothness—without a touch of shock. The only the safety on steering by merely setting the control—then shift on acceleration—without you release the accelerator pedal.

One and see what Chevrolet offers—the new features—the greater value.

Remember

Every Tuesday evening from now until April the Bath is reserved for Swimmers Club Members only, from 8-10 p.m.

The Balcony Promenade and Tea Room will be open to members of the Club at the usual prices, and there will be Club Handicap races, diving displays, life-saving drill and Water Polo matches on those nights. See the paper every Tuesday morning for that night's programme.

The function of a battery separator are as follows—
(1) To insulate the positive from the negative plates.
(2) To allow free passage for the electrolyte between the plates.
(3) To hold the plates tightly and regulate variation of air volume of charge.
Baker and Rhokno are not porous materials, but they should not be exposed to the plates without an insulating coating. The most perfect insulating separator is made of rubber, but this is not so perfect as the porous separator. The best battery separator is the DOUGLE INSULATOR FITTED IN THE EXIDE DELUXE BATTERY. This consists of a specially prepared porous rubber separator with a porous coating of rubber on each side of it. The wood acid in a solution, being capable of expanding and contracting, and the rubber presents the weak. This is only one reason why you should—

"The Trick" of Supplies.

["STANDARD CORRESPONDENT"]
London, October 1.
Right enough, the crowd that has gathered at the Edinburgh office of the Standard is not so much to see the arrival of the Standard as it is to see the arrival of the Standard's new office. The Standard's new office is a fine specimen of modern architecture, and it is a pity that the Standard's new office is not so much a success as it is a failure. ENGLISH LADIES GOLF TITLE.

Miss Fishback's Victory.

["STANDARD CORRESPONDENT"]
London, October 1.
It is a well-known fact that the English Ladies' Championship of Golf is one of the most important events in the golfing world. This year the championship was won by Miss Fishback, a young lady who has been playing golf for many years. Miss Fishback's victory was a great one, and it was a pity that she was not so much a success as it is a failure.

GERMAN VIEW OF OTTAWA. THE ROAD TO RECOVERY.

Not Conducive to Revival of Confidence.

SPEECH BY HERR VAN PAPPEN IN WESTPHALIA.

Propaganda Campaign.

DISARMAMENT OF ENTIRE WORLD DESIRED.

In a speech at Westphalia Herr von Pappen expressed the opinion that the Ottawa Conference was unfortunately not conducive to a revival of confidence in raising world economic barriers.

An announcement was made that Germany is to launch a big propaganda campaign abroad with the object of fostering German trade.

Herr von Pappen again reiterated that it was not Germany's aim to re-arm to the level of her neighbours and explained that she was anxious to see the disarmament of the whole world.

War Debts.

Herr von Pappen is a specialist in Westphalian industry and has been active in various ways since the war. He has been particularly active in the propaganda campaign abroad with the object of fostering German trade.

The Ottawa Conference, said Herr von Pappen, was unfortunately not conducive to a revival of confidence in raising the world economic barriers. All the same...

Drink in New Health and Vitality

That's what you want when you take Sanatogen. A famous physician, writing about the influence of Sanatogen on the health of body and nerve, said:

"I am prepared to guarantee from my own personal experience, that by taking Sanatogen for a short period you will be able to keep up your cells in a way that nothing else can do."

"What Sanatogen does is to get right at the core of cell-making, the cells, and to build thereby into a permanent and solid fabric of Health."

Nevertheless this medicine is so good that you can take it for a long time without any ill effects. It is therefore worth special mention. Ask your doctor!

If you are nervous or overworked, or if you are ill, Sanatogen will restore your nervous system and build up your body strength, make you more energetic, and give you a new zest in life that nothing else can give.

Start taking **SANATOGEN** The True Tissue-Food

Chemically pure and safe.

SCORING CONTRASTS IN RUGBY.

Western and Scottish Rugby Union.

AN OVERVIEW OF THE SCOTTISH RUGBY UNION.

THE SCOTTISH RUGBY UNION, London, October 31. (By A. H. H.) The Scottish Rugby Union, which has been in existence for over 70 years, is one of the oldest and most successful of the four national unions of the British Isles. It is a body which has been successful in its efforts to maintain the standards of the game, and to develop it in all parts of the country.

A typical goal by Chapman in the first half gave Hibernian a 1-0 victory over Celtic, and the latter team secured a second advantage later in the afternoon. The match was a very close one, and the result was a 1-1 draw.

Hibernian first led when they scored a goal in the first half, but Celtic equalized in the second half. The match was a very close one, and the result was a 1-1 draw.
