French Disarmament Proposals.

TO BE PRESENTED TO THE CONFERENCE.

International Forces.

SCHEME STATED TO GO FURTHER THAN HOVER PLAN.

The Foreign Affairs Committee of the French Republic has adopted a report which it is believed will be presented to the Disarmament Conference next month.

The proposals include the establishment of international forces to police the international control of military industry and manufacturing areas, and the suppression of pseudo-military police forces.

It is also stated that the plan would allow the Hoover Plan and even go further in its proposals. The possibility of a consociative pact with the United States is also envisaged.

Definition of Aggression.

Hoover Plan and even go further in its proposals. The possibility of a consociative pact with the United States is also envisaged.

The report says that Germany would have her normal police force, but would not be allowed to have a military force. It also states that the French would have a normal police force, but would not be allowed to have a military force.

The report also states that the French would have a normal police force, but would not be allowed to have a military force. It also states that the French would have a normal police force, but would not be allowed to have a military force.

 The 1932 models will make Chevrolet...  
 Millions of automobiles are sold throughout the world. Hundreds of makes of cars are available. And, of them all, Chevrolet is the world favorite—more people buy it than any other car.

**Controlled Torque** is furnished on valvetone giving the automobile owner the things he wants in the lowest possible price. In the 1932 Chevrolets you will find even more value than in any other.

**Lowery** is a Chevrolet value. 1932 models have introduced a new type of beautiful, ample group of fins encased by a coating of corrosion and rust.

**Lowery** is a Chevrolet value. It is especially deep embossing. This helps to stamp, smoothed with rust-resisting

**entirely new** in the smooth national air conditioner motor, the single spring control, led by hydraulic shock absorbers.

**Controlled Torque** is a Chevrolet value. A combination of engineering, a smart gear-train, gear shafts that wear less, smooth valve-train bearings, springs, to make the load in traffic and on high gear.

**With these values** you get the luxury of "free wheeling"—meaning, to enjoy when you wish—the economy of operation that reduces Chevrolet to comparative to you.

**Study the economy** of operation that reduces Chevrolet to comparative to you. Study on the way that Chevrolet gear shafts. How the new axle—drive shaft. This will give you Chevrolet drive even greater popularity this year.

WARNING TO MOTORISTS.

Dangers of Cheap Lubricants.

The following statement was issued this week over the signature of practically all the leading manufacturers of Great Britain.

"At the opening of another season we take the opportunity publicly to deplore the tendency of some motorists to purchase cheap lubricants of all unknown origin and quality.

The statistics of motor service requirements about which we have been asked in recent days show that the motorist should realize that the oil will affect his motor more than any other part.

"The proportion of motorists who go in for this type of 'cheap' oil is happily small, but we would appeal to them, and to the small traders which serve them, to adhere to the 'frank of lubricants' which we continually advertised and recommended or approved of by our own name."

Since the completion of the accounts a further general statement has been received from the R.A. Taxis and Licensing Co.

RESEARCH WORK.

"It was desired to issue a report of the number of persons who were subjected to the July and December 1921. The report was submitted to the Statistical Department of the Government."

"This is quoted by the Statistical Department of the Government of the report for 1921 on the work of the Department for the year 1921. The report is a valuable one, and it is to be hoped that the Government officials will be able to make the most of it."

A Murder Case.

"Preliminary work was done of the Statistical Department last year in connection with the murder case of Kipko. The Ministry of Justice was advised that the work was being done."

"It is believed," adds the report, "that the statistical work done on this occasion has enabled the authorities to participate in a valuable investigation. Very satisfactory results from a police point of view have been secured."

General Work.

"The work of the Department in 1921 included the following: Census, statistical, migration studies, etc. The work of the Department in 1921 included the following: Census, statistical, migration studies, etc."

SOME OF THE LATEST BRITISH FILMS

'The Flag Lieutenant' Up-to-date. WHAT THE SCREEN HEROES Mean Really Means

'The Flag Lieutenant' London, October 19th. (By Mr. Alford)

Two British films which have been shown at a particular address in London, are the "Flag Lieutenant" and "The House of the Living Dead".

"The Flag Lieutenant" is a most interesting and well-made production. It is a story of a young man who is a member of the "Red Cross" and who is sent to a hospital in the East.

"The House of the Living Dead" is a story of a young man who is sent to a hospital in the East. It is a story of a young man who is sent to a hospital in the East.
