OPEN DRAIN A gentleman fell into one of Nairobi's open drains yesterday morning, and after clambering out of the death trap, he made his way to the office of this paper to enquire, in a wretched manner, about the cause of his death. It is not a little surprising to find that the Municipal Council has no record of any complaint of a similar nature in their portion of the town, but with a similar fate of an excellent dinner and a lively evening's entertainment, we managed to calm our visitor. He stated that he had been in the drain for some time, and that he was almost suffocated. He was also in the drain for some time, and that he was almost suffocated. COTTON-GROWING. In B.R.A. Uganda and Nyasaland. REPORT OF THE BRITISH ASSOCIATION.

The annual report of the British Cotton Growing Association for the year ending December 31, 1913, throws an interesting light on the opinion of the Association towards the developments in cotton growing effected in British East Africa. Uganda is mentioned in the report as being a country in which a certain amount of cotton is being grown along with the principal crops. It is stated that the highest price for cotton has been made in this colony except in the Kenya district, under the management of the Provincial Council, Mr. John Amhurst, C.M.G.

The main interest of the Association in British East Africa is the fact that it is the outlet for Uganda cotton, and the Council have established in Uganda that the facilities provided are sufficient for the demand. The Council report that the Uganda cotton crop is now being taken into consideration. The Council are glad to report that the matter is now being taken into consideration.

CATTLE THEFTS. The following letter was read from the Secretary with regard to enquiries made by magistrates. May 14th, 1914.

Sir.—With reference to your letter of the 5th instant, I have the honour to inform you that the matter is now being taken into consideration.

Yours most obedient servant, W. J. MONROE, For Chairman.

Editor: Mr. Watts, Mr. T. A. Wood, Mr. P. H. B. Wilson, Capt. E. and Capt. W. H. ...

TOURNAMENT PLOTS A letter was read from the Acting Land Officer as follows:—

June 29th, 1914. I beg to inform you that there is a large number of allottees through the 'Highland' in which only a portion of the number of plots surveyed have been allocated. I could have a list of the plots unallocated prepared, provided you could give me the necessity of it, but as I involve a large number of allottees and a large number of plots, I am sorry to say, I fear you would not make this request, unless it is a matter of some importance to you.

The list of townships affected would include such well known names as Kismu, Nakuru, Londiani, Njoro, Eldoret, Nairobi, Mombasa, etc. ...

Mr. Watts of Lumbar, stating that communal interests were being held up in consequence of the delay in the alienation of the residential plots. He stated that people could not get plots to build houses on any sites for stores and other commercial enterprises.

DEFENCE SCHEME

The question of a Compulsory Defence Scheme for the Protectorate was brought up by Mr. Montagu opening the discussion in the following speech:— It is not necessary to elaborate or to begin without undue stress is likely to be met by the Government.

Mr. Montagu stated that the Government had brought up the question of a Compulsory Defence Scheme for the Protectorate. He stated that the Government had brought up the question of a Compulsory Defence Scheme for the Protectorate.

LOCAL DEFENCE

There are 3 main problems involved in this scheme. 1. Necessity for organized Defence. 2. Necessity for compulsory Training for Adults. 3. Necessity for Compulsory Training for Children.

As regards the necessity for Organized Defence. We are a small white community living in the midst of overbearing numbers of natives, our only regular forces being drawn from the tribes, among which we exist and who therefore have among them a member, who have been trained and who have a knowledge of the use of arms.

The natives have, apart from fear, no apparent reason for being loyal to us. We require them to work, to pay taxes, we control their amusements and bear the cost of their education. ...

ADULT TRAINING

On the importance of adult training: I am sure all agreed the only question is how far to proceed for us to.

How probably are we troubled in the country? ...

Various arguments have been brought forward on this subject. ...

It seems to me that this Defence Scheme is not of value must be compulsory as far as it goes. We ask the Government to give us concessions as regards the cost of the scheme.

It is right that a few gallant men should undergo the risk and hardship of defending the white, or indeed, remainder? Are we to see the men, we can least say go under the white, or indeed, remainder? Are we to see the men, we can least say go under the white, or indeed, remainder?

## OF Modern Agriculture.

This new work shows how every East African Farmer can now take advantage of the latest discoveries of science and adopt the most successful modern methods.

Those farmers who are dissatisfied with last year's results, and wish to do better this season, would do well to at once procure the new booklets to be offered below. Describing THE STANDARD CYCLOPEDIA OF MODERN AGRICULTURE, edited by Prof. PATRICK WRIGHT, F.R.S. This great work treats some 5,000 subjects of paramount importance to farmers—Farming—Fencing—Machinery—Stock-raising—Dairying—Horticulture—Landscape Gardening—Instruments and Machines—Poultry and Bee-keeping—Cattle Rearing—Dry Farming—Irrigation—Fruit Farming—Homes and Cattle Breeding—Veterinary Science and Practice—Agricultural Geology and Soil Fertility—Entomology and Zoology—Botany and Horticulture—Agricultural Chemistry—Agricultural Law and Economics and Bookkeeping—Agricultural Banks—Disputes—Dogs—Game—Sports. There are a few of the booklets, under which the contents of the complete work fall.

Full of reliable advice.

No more authoritative work has ever been published. The 200 illustrations are experts in their several departments. The illustrated booklets we offer will give you much more information than you can possibly grasp in this column. Send for it to-day! We do not intend to print to you that THE STANDARD CYCLOPEDIA OF AGRICULTURE is the cheapest and most comprehensive of farming treatises.

Booklet free.

 MONDAY JULY 6, 1914  
 History as past poet  
 Mr. Jameson's poem, "The East African Standard," was published in the Standard and when we look back to the days of its infancy, we are struck by the fact that it has been a pioneer in the field of journalism. It was the first newspaper to be published in Nairobi, and it has since then been a constant source of information and news to the people of the East African continent. Its history is a record of the growth and development of the East African press, and it is a fitting tribute to the Standard's past and a promise for its future.

**BRITAIN DAY BY DAY.**  
 (From Our London Correspondent.)  
 Friday, June 26th.  
 His Majesty's Fifth Coast of the season has been opened by the Royal Yacht "Britannia" in the presence of the King and Queen. The yacht is the largest ever built for the Royal Navy, and it is a fitting tribute to the British Empire. Only Up-to-date Agriculture will Pay!  
The Standard Cyclopaedia

Modern Agriculture.

This new work shows how every East African Farmer can now take advantage of the latest discoveries of science and adapt the most successful modern methods.

Those farmers who are dissatisfied with last year's results, and wish to do better this season, would do well to at once secure the first book of the series. THE STANDARD CYCLOPEDIA OF MODERN AGRICULTURE, edited by Prof. PATRICK WRIGHT, F.R.S. This great work issues some 3,000 editions of practically important information to farmers—Village and Farming—Mechanics—Insect-pests—Dairies—Fruit—Landscape Gardening—Horticulture and Machine—Fencing and Book-binding—Cattle—Farming—Dry Farming—Fertilizers—Fruit Planting—Honey and Cattle—Breeding—Veterinary Science and Practice—Agricultural Geology and Soil Physics—Entomology and Zoology—Botany and Horticulture—Agricultural Chemistry—Agricultural Law—Economics and Book-binding—Agricultural Bibliography—Dogs—Game—Bees. There are a few of the best of the leading up-to-date works of the complete work full.

Full of reliable advice. No more unauthoritative work has ever been published. The 200 contributors are experts in their several departments. The Standard booklets will give you much more information than you can possibly supply in this column. Send for it to-day! It is a new volume in my series to you that THE STANDARD CYCLOPEDIA OF AGRICULTURE is the cheapest and most comprehensive of farming treatises.

Booklet free. (Cut this out and post to us)

Only Up-to-date Agriculture will Pay!  
**The Standard Cyclopaedia**  
 OF  
**Modern Agriculture.**

This new work shows how every East African Farmer can now take advantage of the latest discoveries of science and adopt the most successful modern methods.

Those farmers who are dissatisfied with last year's results, and wish to do better this season, would do well to at once secure the free booklet we offer later describing THE STANDARD CYCLOPEDIA OF MODERN AGRICULTURE, edited by Prof. PATRICK WRIGHT, F.R.S. This great work treats some 5,000 subjects of paramount importance in farming—Wheat and Fencing—Moulding—Sheep raising and Marketing—Fodder and Hoeing—Outlets and Cattle Rearing—Veterinary Diseases and Practice—Farming—Dry Farming—Irrigation—Fruit Raising—Horse and Agricultural Geology and Soil Physics—Entomology and Zoology—Honey and Beekeeping—Agricultural Chemistry—Agricultural Law—Economics and Bookkeeping—Agricultural Banks—Bugs—Dogs—Guns—Horns. There are a few other subjects which the contents of the complete work full.

Full of reliable advice.

No more authoritative work has ever been published. The 200 contributors are experts in their several departments. The illustrated booklets we offer will give you much more information than we can possibly supply in this column. Search for it to-day; it is no more to be had. It will prove to you that THE STANDARD CYCLOPEDIA OF AGRICULTURE is the cheapest and most comprehensive of farming treatises.

Booklet free.

**UGANDA AND GERMAN.**  
THE SUGGESTED CESSION OF TERRITORY.

Despite the fact that we have been officially informed by the Chief Secretary to the Government of the Uganda Protectorate that there was no truth in the report that the territory was to be ceded to Germany, there are a few points which are worth mentioning. The Foreign Office has recently published the results of the negotiations between the German Government and the British Government in connection with the proposed cession of territory in the Uganda Protectorate. It is stated that the German Government has offered to cede to the British Government a certain tract of land in the Uganda Protectorate, which is bounded on the north by the Victoria Nile, on the east by the British East Africa Company's territory, on the south by the British East Africa Company's territory, and on the west by the British East Africa Company's territory. The British Government has accepted the offer, and the cession will be completed on the 1st of January, 1915.

**THE EMPRESS LOSS.**  
BODY TAKEN TO BIRMINGHAM.

Nation's Appreciation.

RAILWAY LINED BY WATCHERS.

[LONDON, Monday.]  
The body of the woman who was killed by the collision of the Empress train with a passenger train at Birmingham on Saturday night, was taken to Birmingham on Monday morning. The body was found in a field near the railway station, and was identified by the coroner as that of the woman who was killed. The coroner's jury returned a verdict of accidental death, and the body was taken to Birmingham for burial.

**THE WOOLWICH STRIKE.**  
TWELVE THOUSAND MEN TOLD.

A BLACK OUTLOOK.

[LONDON, Monday.]  
Twelve thousand men were told to go to work on Monday morning, but the strike at Woolwich is still continuing. The men who were told to go to work are the men who are employed in the manufacture of munitions. The strike is still continuing, and the men who are employed in the manufacture of munitions are still on strike.
