THE WORLD AND THE WAR.

BRIEF NEWS FROM ALL PARTS.

General Zerkow, Italian ex-Minister of War, has been appointed as the commander of the French supplies on the Italian front.

The Ministry of Marine completely refused the demand that it should be authorized to issue a note on the subject of the "New Venice" in a letter to the French Government.

British correspondents at Petrograd have reported that the industrial workers of the "New Venice" are suffering from a famine.

One practical step in which women are helping to relieve the suffering is by making and selling their own clothes.

Addressing the Standard, Henderson, of our correspondents, says that he has received £1,000,000 in the hope of helping the relief work in the East.

The "Daily Chronicle" correspondent in Berlin writes that the German Government has received a large sum of money from the United States.

British at Amsterdam state that the German Government has received a large sum of money from the United States.

Reports point out that the radical way of dealing with the Italian gas which the Government has been using against our troops.

Several correspondents point out that the Italian Government has received a large sum of money from the United States.

The "Woman's Tribune" which is the main organ for the ultimate Italian defence force has been formed by the Italian Government.

THE OVER-SEAS SOLDIERS.

WHAT THE COLONIES HAVE DONE FOR US AND WHAT WE CAN DO FOR THEM.

(BY EDGAR WALLACE.)

H. H. CHESSMAN, C.O.S.A. British soldier in South Africa.

The line which we had thought the soldier and the soldier's wife would have given to Great Britain has been a surprise.

The military virtues of the overseas States have long been known and progress has been made.

THE COLONIES STOOD. They have stood for us in the most noble and heroic manner.

HOW SHALL WE BE REWARDED? To question any of our soldiers and sailors is to question the nation.

It is not only our soldiers and sailors who have done for us, but also our colonies.

WEST AFRICA DID. This island has taken the most part of the burden of the war.

THE INCONSIDERATE BRITISH. It is not only our colonies that have done for us, but also our soldiers.

Calculations in Killing. The number of British soldiers who have been killed in the war is a staggering figure.

Tea

In Africa to-day there is no other line of tea so fair, so consistent, so justified as Brooke Bonds. Its reputation was gained, maintained and will be retained by packing always the best tea the price admits of.

In this market Brooke Bonds tea can be had in two qualities—Red Label and Green Label. Red Label is really fine Indian tea, of finest Darjeeling flavour; the Green Label is sound wholesome Indian tea. Packing and blending is done in the Company's factory in Calcutta, whence it is shipped to East Africa Direct.
