SATURDAY, OCTOBER 2, 1915.

ITALIAN FRONT.

Mountain Operations.

STEADY PROGRESS.

THROUGH REUTER'S AGENCY.]

London, September 23.—A Petrograd communiqué reports that the Austro-Hungarian troops which had been operating in the districts of Tadros and Cristaldo, in the group north-west of Cortina, and were disturbing the quiet, had been taken into the Pusteria valley by Italian artillery in a second bombardment of Foss di Pusteria of which now only the guns standing, but from which there is still a firing of occasional shots. The communiqué only reports minor successes and wire mines, one bridge and wire mine being taken in the Gudicarie, and the fortifications being repulsed at that point.

London, September 25.—A Petrograd communiqué reports that the Austro-Hungarians had taken a strong position on Monte Tyrol frontier, which previous almost isolated by a clever movement. The enemy from time to time, following Wednesday attack in a desperate effort to strengthen it. Finally they captured, but were repulsed on Thursday, 123 men and a large quantity of munitions were captured.

London, September 26.—A correspondent in Rome says that he has taken place in the neighbourhood of Belluno, where the enemy stopped, but Italian troops, who came from the Upper Valdelline, the Austrian. A communiqué in a very hurried action has been taken from the Austro-Hungarians. The Austrians have lost some time, but have captured, the Italian artillery having always station, causing huge

HEMIAN FRONT.

Good Gun Work.

London, September 26.—A communiqué issued in Nish describes an engagement which took place on Monday and Wednesday on the River Drina. The Serbian artillery intervention fortifications and successfully repulse Ostrivita. They were promptly silenced. An attempt to take the town was made and towards Rastica on Wednesday. Enemy shrapnel were by the Serbian guns to fly over the head of the Danube.

London, September 28.—A communiqué issued in Nish says that the night two attempts to cross the Drina in the directions of Vidojevo under cover of day and infantry fire, but were

NEW ZEALAND.

Registration.

London, September 25.—A report from Wellington that New Zealanders, favourably received on the hill, which has passed all stages. The Minister said it was absolutely necessary to have a resource and it was only to place every man in the field. He did not say, although he was in command of the training, but

he could not facilitate to the best of his knowledge.

RUSSIAN FRONT.

Big Captures of Men and Guns.

GRIM WORK WITH BAYONET.

10,000 SHELLS ON ONE REGIMENT.

[THROUGH REUTER'S AGENCY.]

London, September 23.—A Petrograd communiqué says that the Russians are still fighting victoriously in the northern theatre, and have succeeded in turning a fortified line. The enemy, who were instantly checked, fled.

The Russians are attacking along the River Dvina to the Dubno region.

The retreating Germans attempted to destroy an important bridge over the river, but the Russian pursuit was so hot, that they were able to extinguish the flames.

The Russian attacks in many places resulted in the taking of prisoners.

The local battles on the Seveth front continue, the most important of which have been the destructive work by the

Austrian machine-guns and a wonderful charge by the Russian cavalry, by which they

captured entrenched machine-guns and

prisoners with insignificant losses.

London, September 21.—A Petrograd communiqué reports that the Russians scored successes against the Germans at Vilna, also against the Austro-Germans further west, making the most effective use of the bayonet and capturing altogether 1,000 prisoners.

The hottest fights followed the Austrian attacks on two villages north-west of the town of Wisniewets.

The enemy, notwithstanding our violent machine-gun and artillery fire, entered the Russian trenches, chasing.

A desperate bayonet fight ensued resulting in the capture of the enemy with heavy loss.

Then the Austro-Germans attacked and pursued the Austrians to the latter's

trenches when the whole of the assailants fell, surrendered, or were bayoneted.

London, September 22.—A Petrograd communiqué reports another fine success in the southern theatre, where the Russians captured the forest of the lower half of the Prut region, on the River Stry, taking prisoners and munitions. The Austro-Germans and the Austro-German troops from the region of Dubno, capturing an important bridge-head and further eastward the Russians won a battle northward and westward of Kremenchuk, taking a large number of prisoners.

It is officially stated from Petrograd that during the last few days of August and the beginning of September the Russians, having

guns and 200 machine-guns on the southward front, extending for 10 miles, captured

London, September 23.—From Petrograd comes the report, following the "Gazette," that has reappeared, of a minister mentioning that Roskilde had destroyed exchanged shots with Bulgarian

troops.

The communiqué also states that the

Germans successfully turned prisoners and Germans on the whole front, capturing

Lida, capturing a number

and the town of Smorgon, w. September 10.

Hundreds of guns, 100,000 men, 100,000

munitions were captured, the Allied Ministers

despatched by Government on 15

September, 1914, were made ready to land

German lost 250 men with artillery, and

maximum before they go with all the men

towards the river frontage immediately.

It is reported that the British

and French informed the House

of Commons at question

and Grey informed the House

the evening, in a most dazzling manner,

grated the bridge-head close to the town.

third Russo-German attack resulted in the

capture of two villages west of Lida,

including many Hungarians who hypocritically

1,000 prisoners were taken in 20

hours of previous actions for possession of

the river banks above those villages.

From Petrograd it is reported that the

Russians captured Lida from the Aus-

trians, taking 4,000 prisoners in the battle north of the town.

The communiqué adds that, in the northern theatre, the Russians, at the point of the bayonet, dislodged the Germans from Vilnius after a series of successes, where we captured 6 guns, including 4 howitzers, six machine-guns, four wagons and seven maxims. The Russians then captured guns against the Germans, who then put to flight. The Germans in the Dubno region continue their furious attacks which are developing in a hurricane of artillery fire. A desperate, uninterrupted battle is proceeding near Novo-Alexandrovsk on both sides of the Drinik Road, and in the marshes in the northern region. The Germans in the Prut region forced to take flight after several fierce losses and the Russians re-occupied the town of Logatchev. Part of the German artillery was captured by the Russian cavalry, who sabred the gunners and destroyed the wagons. The Germans were also forced to evacuate two villages south of Prut. German aviators approached the Gulf of Riga, but were driven off by Russian airmen.

London, September 23.—According to a Petrograd communiqué, late reports show that the Russians took 6,300 prisoners at Luck. A fierce battle continues on the whole Drinik front. The Germans, supported by hurricane artillery fire, attacked repeatedly and desperately. Some trenches changed hands frequently. All attacks were repelled by the close range fire of the Russians, who inflicted enormous losses while themselves suffered

losses. The communiqué adds that altogether 5,600 prisoners have been taken actions elsewhere on the front.

London, September 27.—According to a Petrograd communiqué, the position is somewhat quieter on the Drinik front, but to the east of Vilna, and further south near Smorgon and Nagro Gredach, fierce fighting continues, the Russians repeatedly attacking and capturing some hundreds of prisoners.

As per the latest Petrograd statement, is to effect that the Russians are continuing to advance on both sides of Lida, and have reached Kovel. The Austrians have evacuated

[OFFICIAL.]

London, September 27.—Fierce fighting has occurred near Drinik, the enemy attacks being repelled. Near Novo-Alexandrovsk, the enemy carried out numerous attacks, but were repelled. Near Dubno Russians captured 1,600 prisoners near Novo-Alexandrovsk. There the town of Luck numbered 6,000. Late reports state the position is quiet on the Drinik front. Desperate actions have occurred near Vilnik and minor successes at other points.

[THROUGH REUTER'S AGENCY.]

London, September 28.—A Petrograd communiqué says that fierce fighting has been renewed in the Drinik region, and numerous German attacks on the border in the direction of Novo-Alexandrovsk, all of which were repelled. The Russian cavalry is vigorously attacking the roads on the Upper Drinik river, and charged the German cavalry, capturing 68 and sabring 100. A desperate battle is in course of progress to the west. Four German attacks were repelled, but, although the Russians were somewhat fatigued by one onslaught, the Russian arms captured 12 guns, including five of the heavy type, 55 machine-guns and over 1,000 prisoners. Stubborn fighting continues over the whole front from the south to the Prut river.

London, September 29.—A Petrograd communiqué says that, while the artillery fire has not weakened in the fighting less continued with undiminished vigour. In the Drinik region, the enemy made the first attack in the districts around Vilnius, Olszynka and to the east of Vilna. On this front one Russian regiment alone had 10,000 men, 100 machine-guns, 60 field kitchens and 100 telephones.

The enemy forces also brought up large forces to the south of the Prut river, and, on the Olszynka front, their attacks are directed to severe actions, especially in the Mokra region.

NEWS FROM NAKURU.

The Call for Service.

SUCCESSFUL MEETING.

(From Our Own Correspondent.)

Nakuru, September 26.—The largest meeting ever held at Nakuru took place this morning at the Nakuru Hotel. It was very largely representative, and included men from every station from Nairobi to Eldama Ravine.

About 187, all told, were present to meet members of the War Council. They were very grateful for the very kind and frank manner in which the visit of the War Controllers. We have no doubt that the numerous great suggestions made by the men will help to equally good results.

THE WAR COUNCIL.

Visit to Outlying Districts.

Commencing on Saturday last, the War Controllers began their tour of the outlying districts, including Nairobi and Lumbwa returning on Tuesday morning. They have been received with great enthusiasm by the people of the towns in which the meetings were held, and have been most cordial in their welcome to the visit of the War Controllers. We have no doubt that the numerous great suggestions made by the men will help to equally good results.

COTTON.

The number of bales of cotton imported into the United Kingdom during the week ended August 2, was 14,273 (including 1,000 bales of Indian cotton) and 726 bales foreign East African, and the number imported during the three weeks ended July 24, with excellent credit agreed to accept our nomination.

C. Bowring put the resolution recently passed by the man meeting in Nairobi before us and this was also adopted.

The War Council were most considerate throughout, answering our questions, and giving us a resume of the causes which led to the formation of the League of Nations, and the reason which he had the lead. In conclusion, I may state that the meeting was a success, and that it has now been decided never to call such a meeting again.

Then, as no opposition, both large and costly, had been offered, we could do nothing but say "thank you" unless we help her to do so, for funds are low, not unnatural, in Lisbon. In the absence of any opposition, the League is in progress on the eastern side of Africa through the Portuguese are stronger and more numerous than they had been hitherto.

Our friends think that Indians like those would lead to a dissolution of war, and so they would in normal times, but Portugal has been so much influenced by Germany that she will have to carry on a war, unless more money can be found. Then, as no opposition, both large and costly, had been offered, we could do nothing but say "thank you" unless we help her to do so, for funds are low, not unnatural, in Lisbon. In the absence of any opposition, the League is in progress on the eastern side of Africa through the Portuguese are stronger and more numerous than they had been hitherto.

Portuguese opinion is however getting restive. There never has been any doubt about the friendliness of the Portuguese towards the Allies, and the fact is well known that the Portuguese are the best friends of the Allies for the sake of the Allies, and they feel it is rather hard to be restrained from open rebellion. They are, however, too weak to see themselves attacked by the Germans. Their ships sink by submarines and the bulk of their shipping is captured. They are too weak to stand up to the disadvantages of war without all of its compensations. Besides, some of the seafarers are not Portuguese, but English, when they get a chance of seafaring—are likely to be attracted to the Allies, and when they are lost, and whose attitude is deeply appreciated by the Foreign Office, they are not disposed to be too friendly to the French. This is a gross libel. Sir Edward Grey has paid a tribute to his friend and if the man who has been sent to Nakuru to help in pacification and enforcement it may not always be so. Anyway the goodwill is there.

We always keep a Good Stock of Artistic Wedding Cards, Menus, Programmes, etc., on hand.—The "Want" P. & P. Works, Nairobi and Mombasa.

THE LATE CAPTAIN H. M. LAMBERT.

NOTE WRITTEN IN A TRAIN.

Captain Henry Matilda Lambert, Royal Dragons, of Tolka, London, Sussex, and of Nairobi, British East Africa, formerly A.D.C. to Lord Kitchener, Viscount of India, and General Sir O'More Crofton, who was killed in action near Ypres, in 1914, aged 40 left unclaimed property worth £4,245. He stated in a note to his widow that he would like the first £500 to be invested for the benefit of his wife, and the remainder to go to probate as a will, and that the rest thereof is Captain Lambert's money.

Tea

In Africa to-day there is no other line of tea so fair, so consistent, so justified as Brooke Bonds. Its reputation was gained, maintained and will be retained by packing always the best tea the price admits of.

In this market Brooke Bonds tea can be had in two qualities—Red Label and Green Label. Red Label is really fine Indian tea of finest Darjeeling flavour; the Green Label is sound wholesome Indian tea. Packing and blending is done in the Company's factory in Calcutta, whence it is shipped to East Africa Direct.

TOWN MAGISTRATE'S COURT. MASS MEETING AT MOMBASA

(Before Mr. R. N. MacMILLAN.)

DANGEROUS RIDING.

In the Town Magistrate's Court on Monday, a Kikuyu was brought before the Bench charged with riding a bicycle down Swamp Road in a dangerous tandem. It appears that, in the course of his cycling, he had been charged into a roadside campsite, and the passenger contained therein, who is present on one side of this throughput, Constable Edwards, who was present, said that he noticed the accused running, and shouted out to him to stop, but he did not do so, and the cyclist, preferring to pull up in the aforementioned unorthodox style, nearly ran over the constable. Continuing, he said that it is a habit of Edwards to ride his bicycle, and his bicycle from India, in order to acquire the art of riding, to which he added, "But I am not a good rider, and therefore improve their capability in this direction."

The punishment imposed was a fine of Rs. 10 being imposed, or, in default, imprisonment for seven days.

BRIEFS.

A certain Kikuyu was placed in the dock, charged with robbery. Evidence was given by Constable Benson King to the effect that, while on the premises of accused, and during the process, discovered two boxes of tobacco, and a certain amount of cash. This discovery led to the arrest of accused. The magistrate, in exercising judgment, ordered that the accused should pay all expenses of the crime, and also sentenced him to pay a fine of Rs. 10, and to stand at the bar as a correspondent. "Blameless," he said.

NO LAMP.

A fine of Rs. 5 or imprisonment for two days was imposed on natives for being abroad after dark minus a light.

A European was in the dock on Tuesday morning charged with an offence of assault. He admitted his guilt, and was fined Rs. 5, or to default to undergo a week's imprisonment.

TRESPASS.

A certain Mr. W. Watson's property was seized by Mr. S. to suffer imprisonment for three months, and the magistrate, to whom a letter was presented from the Native Department to give evidence, held that there was no sufficient evidence without such evidence, with the aforementioned result.

THIEF.

In the Town Magistrate's Court, on Wednesday afternoon, two Kikuyus were charged with the theft of some property in possession of a storekeeper, and they were sent to the Central Hotel. The accused pleaded not guilty. Mr. Colly, of the Native Police, said that the thefts and evidence was given by an informer to the effect that he saw the accused in the police station, and consequently he took them to the police station, where they were placed under arrest. The accused were charged with pilfering, and sentenced them to three months' rigorous imprisonment.

KILLER.

A Kikuyu was charged with the theft, charged with the theft of sugar from a group of men, and the accused's fellow workers at the stores to the effect that he had stolen the sugar, and was sentenced to a previous charge for the theft of whisky, and was sentenced to two years' rigorous imprisonment.

DRUNK.

Two others were charged, who were drunk, and in possession of a bottle of whisky, and were sent to an infirmary who arrested them and the accused were found guilty, and sentenced to six months' rigorous imprisonment.

GAMBLING.

On Friday two natives stood in the dock accused of gambling in a public thoroughfare. One of the natives, a Kikuyu, had nothing to say, while the other had nothing to say, being dumb.

Evidence, given by an Indian constable, proved that the accused had bet 10 rupees to 10 pence to a fine of Rs. 10, or to go to prison for 14 days.

Pugilistic tendencies caused a Kikuyu to be fined Rs. 5, and to go to prison for seven days. It appears that he was an askari who arrested them and the accused were found guilty, and sentenced to six months' rigorous imprisonment.

NO NUMBER.

Each of a number of the black of a kikuyu was riding the waves for Rs. 5. Mr. Muller advised the constable to pay a fine of Rs. 2.

LETTERS FROM THE FRONT.

The Editor will at all times be glad to receive for publication letters from front which contain items of general interest.

He would also be glad to receive from friends and relations photographs of those now serving with the troops, wherever they may be.

Every effort will be made to return both letters and photographs undamaged.

F. O. B.

FOOTBALL.

There will be a football match this afternoon on the Parkside sports ground between the Town and Parkside teams of the N.D.P. The Towns will be supported by Mr. G. H. Moodie, Col. Kamialla, and Green; Vim, Farnham, Kelly, Watson, and Farnham. The play will start at 3 P.M.

For all particulars of Parkside, see *Advertiser*, page 2.

For all particulars of the General News, see *Advertiser*.

THE RUSSIAN FRONT.

News and Views.

Russian military experts are convinced that the Germans now have no hope of capturing or destroying the fortifications, and are making every favourable arrangement to defend themselves in and then turn their attention to the western front.

Their present lines are difficult to defend and they have to use them to repel attacks, or they must retreat a long distance, which is a definite disadvantage.

Hence the desire to gain distance, which is a definite advantage.

The Germans are striving desperately for the possession of the fortifications in the west but success is impossible.

The Russians are doing all they can at every point in the region to prevent the Germans (who are causing important delays to the Allies) from advancing.

General Prussevich, commanding general, says that they are obliged to fight continuously for eighty hours.

NEWS FROM NAKURU.

(From Our Own Correspondent.)

Nakuru, October 2
A meeting was held at the Nakuru Institute on Monday evening, at which Capt. George M. Miles, who has been left Nakuru by Mrs. Ayton, who have both left Nakuru this week, for 40 ladies and gentlemen, a general discussion on the subject of the darning and stitching was spent. Mr. Sogho officiated at the piano, whilst Misses Wake and Mrs. Ayton sang. The singing and the virtuous of the departing ladies, nearly brought tears to their eyes.

I have just received a George, which has come one of Mr. Alan Bates' farms and intends shooting with sheep and cattle. With the arrival of the rainy season, he has done some very fine country shooting. And it only needs the strength to Nakuru to get him to do his best work.

Whilst on the subject of Nakuru, I may as well say a few words about the shooting party, held on the morning of the 21st, in order to reach Gilgil in time to catch the train to Nairobi. The party was a success, and the men mining. He reported the matter to the police at once, and whilst in Nakuru, handed over the gun to the police. There appears to be a smart piece of work, and credit is given the police for it.

VOLUNTEERING.

Up to the present the request for volunteers has met with a very poor response in this district, and one can only infer that the men are waiting till the regulations pass, so that they will be compelled to submit to induction to indicate who can best fit themselves for the rôle of a member of the force, etc., or further pressing on the part of the powers that be.

I am sure that the men will be right just as well going along instead of waiting till they inevitably have to go. One can only hope that the men will be willing to do that, in all probability, they will never have the chance again.

With the news that we have been called for from the railway staff here, the following have intimated their readiness to join if our superiors see fit to call them up—Mr. J. W. Ward, L. V. Lee, F. Scalle, and D. Moore. Good luck to them. Their patriotic will is to be commended.

I hear some of Capt. George's employees are also willing to go. I hope this little list, will now do but will grant them the necessary permission.

WOMEN'S WAR WORK LEAGUE.

A meeting was held at the Institute on Sunday afternoon, at which the members of the district, to decide how they could best assist in the war, and more especially by sending money.

Mrs. J. Sheridan, Mrs. H. B. Dower, and Mrs. H. G. Greenhill were appointed temporary chairmen, and Mrs. J. Sheridan, and assistant hon. secretary respectively.

The following circulars have been issued:

"All women are invited to attend."

"Any woman who wishes to attend."
