## THE WORLD AND THE WAR.

### BRIEF NEWS FROM ALL PARTS.

Government has refused all

Cardinal Prancis Bourne, Archbishop of Westminster, has visited the Allies' frent. Ite has been to vieit the hospitale and the renches. He celebrated Mass in camp and mide a speech, which was at once, printed and circulated among the Catholic

The Chadwick medals, offered with £50 such to the naval and military officers who shall most distinguish themselves in promoting the health of the men of the respectance of the control o Marie Carlos States

The Prize Court at Caire condemned the German ship "Barenfels". It was shown that the vessel been constructed as an armed cruiser, and, having taken refuge in Port Baid harbour for three days, could not benefit under the Sues Ganal Convention. She is the first German ship to be condemned at Cair.

The Venna merepapers have not been flowed to mention any design of the bread of the treat of the

Arasis and Turks will till them if they fail in the attack on Egypt. The Turks thin they, too, are doomed, since they must either be shot by the British troops guarding the Suez Canal or be killed by the Arabi when the failure of the expedition is realised.

It is removed in Vienna data since Jan.

But her Positive has been a given by Austra with Gormany. Those of a given by Austra with Gormany. The Gormany are supported in the same and the battlefelds, mentioning sterral embassion, it has not yet the same and the same and the battlefelds, mentioning sterral measures of Garbhald, who have greater than the same and the sa

monded The state of German armon on the fine of German armon on the contract of German armon o goods, but also with "Brodehen" baked of a composition of wheat, rye, and postatiour. The war "Brodehen" is darker it colour and less tasty in flavour, but it is a trifle larger than its lighter-coloured peace-time predecessor.

> has received orders to assume a threaten-ing attitude against Italy, and the censor-ality does not exist anymore in this matter. It appears that Austria's intention is not only to frighten public opinion in Italian circles but to push Italy to action before the it. circles but to push Italy to action. Indicate the it residy. At mean meetings of head quarters of Austro-Germans a plan of agreements reproduct have been decided as the control of the product of the control of the co already 400,000 men on the Balian freelier, and the total force the Austrians are supposed he have ready to throw against Halv's armies is said to be one and half million, of whish one million is already mobilized. At the same time, at Pola, and the same time, at Pola, and the naval works are being hurried on, and the naval works are being hurried on, and the protected by terpedo boots and submarines. To prevent the hading of Balian troops

French note outlined the policy in get terms, and did not define the means t supployed in carrying it into effect.

WIPED OUT. Furious Fighting on the Russian Front.

AUSTRIAN UNITS

GERMANS RETIRING PRECIPITATELY

THROUGH REUTER'S AGENCY.] London, Mar. 2.

A Petrograd communique states that we continued the offensive on the Niemen and Vistula front. Our troops are progressing successfully to the north-west of Grodno. d Rozega. The Germans, in the region annyst, pressed by us, are retiring presidately on Wanon and Mlava. We have so successfully taken the offensive to the

column, attacked, at dawin, Tworline. They suffered enormous losses. An extraordinarily stubborn and furious battle waged all day, with its centre at Rabbs and Ratineed. The enemy's desperate attacks often ended in bayonet fighting. The enemy's losses were excessively great, all the slopes of the mountains and ravines being atrewn with Austrian dead. Many of the enemy units were annihilated to the last near.

### THE AMBULANCE CONSTRUCTION COMMISSION.

This is the first great war in which field motor-ambulances have been extensively used. It was inevitable that many defects should be found in existing types, and in various quarters experts began to ask whether something could not be done to standardise the patterns and to improve the type. At the instance of Mr. Henry S. Wellcome, the founder of the Wellcome Bureau of Scientific Research, a Commission The pessimistically inclined who have seen crying that Christianity is a failure night wait until it has been tried — Wash-ington Post."

sparled as of first importance by those most intimately connected with the welfare of the wounded soldier. Six Frederick Preven, whose long experi-nce and distinguished service specially fit his for the task, has consented to be the Charman. The Admirally is represented to the Decorreleural of the Medical or the Decorreleural of the Medical Matter General to the Face of the Charman Decorreleural of the Face of the Charman Decorreleural Charman Medical Service.

Mater General to the Ferces and the Acting Director-General, Army Medical Service, represent the War Office. The British Red (Yens Seciety, is, of course, represented by Sir Frederick Treves, and the St. John Ambulance Association by Sir Claude-Macdonald and Sir John Furley. The re-tunning members are all experts, This Commission will first and foremost act as a judging committee for the award of Loruze. Mr. Richard T. Glazebrook, Director of he National Physical Laboratory, in an address on aerial navigation at the Royal institution, said he had received a very ratifying letter from a friend of his at the are effered for the best designs of an dance-body which shall fit a standard in motor-chassis for field motor-lance. The last day for the receipt impeting designs is June 30, 1915. It

It may be asked why the competition in contrasted to design for a body and not for the complete ambulance, including a com-lete of the complete ambulance, including a complete ambulance, including the com-tant heavy to high their articles and their spin all short notice anything librs a form all short notice anything librs a chassis. On the other hand, a standardised short to the say them is of propered dissen-tant to the complete and the complete com-paratively about notices. In the complete complete complete for the wounded, complete for the wounded. Another interesting fact was that by airering the shape of the section of a wire it had
seen found possible to reduce the borneshower of a machine required to fly 00 miles
on hours by from 10 to 12 per cent. This
showed this importance of attending to amidi
natiters of detail and continuing assistment of detail and continuing assistment
or apprenimental work.

it is hoped that the information obtained by the competition, and in other ways, will be published in some permanent form, avail able for future reference. Probably in addi-tion to one design of special ascellence that will be submitted various inventors.
