PEACE.

IT CAN ONLY BE PERMANENT-IF THE KAISER IS REMOVED.

(BY EDGAR WALLACE)

London, December 1. Nobody should be blind to the fact that the past few weeks have seen the most complete change of programme to-night...

It is not only a matter of peace, but of the future of the world. The Kaiser is the only man who can bring about a permanent peace...

We are fighting for nothing that we are not fighting for. We are fighting for the peace of the world, for the peace of the world...

It is not only a matter of peace, but of the future of the world. The Kaiser is the only man who can bring about a permanent peace...

London, December 9.

RE-BUILDING.

There are three days to the end of the great re-building campaign, and the Government are now in a position to decide upon the magnitude of the programme. It is felt here that it will be a matter of some importance to decide upon the terms of the agreement and now, when people believe that after all the work which has been done they can now proceed to the reconstruction of the country. It is expected that the Government will be able to do this before the end of the year.

It is believed that the Government will be able to do this before the end of the year. It is expected that the Government will be able to do this before the end of the year.
