MUNICIPAL ELECTION A Busy Day.

RESULTS OF POLLING.

Nadir's Municipal election day dawned with a busy day, and a driving rain added to the other atmospheric features. All three wards were busy. Having to take the day, it was a somewhat unpropitious day for the voters. The result of the poll was as follows:—

ENTERTAINMENT AT KIBABE.

The "Saucy Settlers." (FROM A CORRESPONDENT.)

The "Saucy Settlers" gave an entertainment at the Government House, Kibabe, on Sunday last, which was much appreciated. Judged from the programme which every item of the programme evoked...

The selections were sentimental and comic, the latter being sung principally by Mr. and Mrs. Smith.

Mr. Smith brought the house down with "Florie" the "Caper" - "My Dear Mother" and "What's it got to do with you?"

Mr. Croke sang several songs with his usual good taste and style, his well-trained voice being heard to perfection in the large theatre.

The sympathetic accompaniment throughout was a most creditable feature, and the songs were very kindly given by the audience, but some knowledge of the correct rendering was lacking.

The whole concluded with the singing of the "Star Spangled Banner" and "The Glory of Gode," followed by a short speech from one of the officers representing the thanks of all the "Saucy Settlers" who had taken their first visit to Kibabe.

The ladies were most hospitably entertained from their arrival at the house to their departure, and the hearty appreciation received from all in the house.

Are you Worried about Baby?

How to feed Baby is often a great worry to mothers who are unable to nurse their babies themselves. Ordinary cow's milk, however prepared at home is not a suitable substitute for the mother's milk. It is said to be more or less harmful to the stomach and forms dense curds in the stomach that cannot be digested. Decide to use the 'Allenburys' Foods which are the only series of Foods scientifically adapted to the growing requirements of the child. You will be delighted when you see how well your baby thrives on the Food of Infant Feeding. The Allenburys' Foods are free from all dangerous organisms; they are portable, being in powder form and in sealed packages. The Milk Foods require the addition of hot water only to prepare them for use.
