Writing in the suggestion of the military... published in these columns... the good sense and common sense of the public...

CATTLE-BREEDING.

Dear Sirs, "EAST AFRICAN STANDARD." In connection with the suggestion of the formation of a dairymen's society, I should like to get the feeling of the public on this matter...

There are now many high-grade beasts in the country and the formation of a society to register the pure-breeds would not take in hours of work... I could suggest that such a society should be the same thing as the Dairy Society in England...

It has a big, fine-looking Overland touring car, perfectly appointed and completely equipped, that gives you more for your money than any other car of the specifications in the world.

NAIROBI'S ASSOCIATION.

Dear Sirs, "EAST AFRICAN STANDARD." We are suggested by your Nairobi correspondent in your issue of March 21, 1917, that I should form a Nairobi Association...

The "New from Nairobi" is the first I read of the matter and I repeat that I am not at all in a hurry to make the thing up to me before sending me in his name and I shall some form of the Nairobi Association in connection with the thing to do which I can in the way of the dairy farmers of the country...

Personally I should like to see all those who are in the dairy business in Nairobi to see how they are doing in connection with the whole industry. An association of this kind should be able to work out the wishes of the members and induce the public to buy the milk...

It is a pity that the Nairobi Association is not yet formed. It is a pity that the Nairobi Association is not yet formed. It is a pity that the Nairobi Association is not yet formed.

Battalion's Glorious success Helped by BOVRIL

DAY by day proof after proof shows how Bovril gives strength to win. A Rifleman of the Inf. Brigade, after speaking of the valuable quality of Bovril, which has once again proved its worth, writes as follows:-

"In the strenuous fighting of September, 1916, I was one of the men who were ordered to attack at head of day. We were fasting, very tired, and we were not getting any rest. It was not until we had had a good meal of Bovril that we were able to carry out our duty. Bovril gave us the strength to win. It is a most valuable food and drink. It is a most valuable food and drink. It is a most valuable food and drink."

The only Bovril in the world is the Bovril that is made in the factory in the East. Bovril is made in the factory in the East. Bovril is made in the factory in the East.

ALCOHOL FROM SISAL REFUSE.

New Sources of Spirit.

METHOD EMPLOYED.

The war has brought home to us the fact that the most important elements in the chemical and organic industries are manufactured in Germany...

At the height of the rainy season the percentage of alcohol in the cane juice is the greatest, amounting to as much as 14.60 per cent...

THE METHOD EMPLOYED. The sugar is prepared in the usual way for distilling...

Distillation is absolutely necessary in this case, because the alcohol is contained in the molasses...

It is not so good as Great Britain to search for the hundreds of thousands of tons of refuse...

Our London Letter. From Our Correspondent. London, February 1. THE TYPE OF STAFF AFTER THE WAR...

We need to have in the old days—probably because I have had them and because so few of us think for ourselves—certain pre-arranged ideas. We address here some of the kind of views. Pre-arranged ideas are the last thing in the world that a man should do. We judge everything on the facts and we make provision for the future. It is almost difficult to have the application of Government by the application of Government. I am sure that not one person in a thousand who is recommending the extension of the policy after these lines has the slightest idea of South Africa. We have had a very good idea of South Africa. We have had a very good idea of South Africa. We have had a very good idea of South Africa...

ENGLAND TO PAY AN INDEMNITY.
So Says Germany.
The "Frankfurter Zeitung," the leading German military paper, has published an article in which it is stated that Germany has decided to demand an indemnity from England for the loss of the Channel Islands. The article states that the indemnity should be paid in gold and should be sufficient to cover the cost of the islands' reconstruction.

SWISS OPINION.
The ways of German thought are as calculable as German neutrality is except in the field of public opinion. The Swiss are not so much as the parents (and their themselves) represent. The Irish are not so much as the parents (and their themselves) represent.

Kaiser or Chancellor?
NEW YEAR MESSAGE.
Professor Frenkel, who is always ready to interpret the feelings of the German army, informs the "Colonia Gazette" that the Kaiser's New Year message is the result of the refusal of the German people to accept the terms of the peace proposed by the Allies. The Kaiser's message is a direct appeal to the German people to stand by their Emperor and to continue the struggle.

Tea

If you make Brooke Bonds tea as you make other teas it may be too strong. Brooke Bonds tea is rich and satisfying. Use less.

Try this. Put a spoonful of tea for each person into an earthenware teapot, pour on sufficient fresh boiling water, and let stand for five or six minutes. Don't let the water boil for four or five minutes before pouring it on to the tea, because if you do it won't be freshly boiling water.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling: Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in 1/2-lb. and 1-lb. tins containing full net weight of tea.

Brooke Bonds tea is obtainable everywhere in East Africa. Wholesale agents: Nairobi, MACKINNON BROS.; Mombasa, ALLIDINA VISRAM & SON; Zanzibar, ALLIDINA VISRAM & SON; Kampala, CHILID, PARK & JOSEPH.
