SATIN CHARMEUSE

This material has a soft rich effect and its peculiar texture render possible the choicest results of drapery.

An afternoon or evening gown in Satin Charmeuse is a thing of beauty.

The cashmere back gives it a softness quite lacking in the ordinary satin while the sheen of its surface is rich without being aggressive.

Our range of colours is as follows: Black, Navy, Reseda, Light or Dark Grey, Saxe, Dark Violet, Ivory.

Width 40 inches

Price Rs. 5-75 per yard

This is only one of the many charming materials now on show in our Dress Department.

Tea

Good tea is almost a food as well as a drink. It satisfies hunger as well as thirst.

Tea has all the good effects of alcohol and none of its bad ones. It possesses other virtues besides. Tea drinking is a good habit—alcohol a bad one.

Be sure of good tea and buy Brooke Bonds.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling. Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in 4-lb. and 1-lb. tins containing full net weight of tea.

CHILD SAVED BY PINKETTES

Pretty Frocks do not necessarily mean extravagance. With a little ingenuity the most dainty dress can be made from very modestly priced materials.

Parents are beginning to realize the infection that may often be traced to the young girl—the tidy habits and the feeling of self respect play a very considerable part in moulding the character of the young daughter of Eve.

This admirable sketch of Pink's is a suggestion for a frock made out in Toluene. We think this material is well adapted for evening, party and formal dresses. The price is only **Rs. 1.25** yd. We might also mention the "Inchless" making a most elegant garment cloth in twenty different shades suitable for children's dresses, jumpers, etc. **100 inches** at **Rs. 1.00** per yard.

We have a very wide range of materials for school or holiday frocks—fabrics prices explain. Also many dainty muslin veils and wigs for evening or fancy dresses, all of which will sell very respectably.

It costs you nothing to send for samples, a full range of which we shall be glad to send post free in any address.

Our conditions are all good and our prices are always Nairobi's lowest.

Good tea is almost a food as well as a drink. It satisfies hunger as well as thirst.

Tea has all the good effects of alcohol and none of its bad ones. It possesses other virtues besides. Tea drinking is a good habit—alcohol a bad one.

Be sure of good tea and buy Brooke Bonds.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling; Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in 1-lb. and 1-lb. tins containing full net weight of tea.

Tea

Good tea is almost a food as well as a drink. It satisfies hunger as well as thirst.

Tea has all the good effects of alcohol and none of its bad ones. It possesses other virtues besides. Tea drinking is a good habit—alcohol a bad one.

Be sure of good tea and buy Brooke Bonds.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling; Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in ½-lb. and 1-lb. tins containing full net weight of tea.
