to think that the authorities do not sufficiently regard the importance of food production. There is already a case running from New Zealand with about 20,000 tons of mutton and 10,000 tons of tinned meat. It would be a good idea to have a similar case in the West Coast port. It had no doubt been intended that the authorities would have been notified of the fact that the Government had included in the port as well as an export measure.

It is, however, suggested that the fruit which is being sent to the island should be put from the island to the mainland and then to the continent. The fact that the Government has included in the port as well as an export measure is a very important one.

SEMI-MARINE LOSSES

We regret the loss of the "Star" which was sunk by the "Uganda" on the 24th of June. The vessel was carrying a large amount of mutton and tinned meat to the island. The fact that the Government has included in the port as well as an export measure is a very important one.

MALARIA. Mode of Infection

It has long been known that malaria is a disease which is caused by a parasite which is transmitted by a mosquito. ... (Detailed text on the mode of infection follows)

Two or three years ago, the services were to be "malaria" or "malaria." In many localities malaria at every stage was found to contain the parasite of malaria, or to possess an enlarged spleen, and a febrile temperature, the infection is usually passed on from the sick individual, or from adults, to the new-born infants, and the locality may, therefore, be said to be a malarial focus, especially if he sleeps in an infected house, even for one night. ... GERMANY'S CURIOUS BULLETINS BY OUR SPECIAL CORRESPONDENT (EDGAR WALLACE)

London, April 19. It is not necessary to say a great deal about the curious nature of the weak and feeble reports which have been published in the "East African Standard" since they began. It is both unnecessary and uninteresting to say that the reports are in fact a collection of scraps and fragments which have been put together by some one who has no authority for doing so. ... Tea

If you would be strong and vigorous, healthy in mind and body, drink tea and not alcohol. Because habits are strong—they should be good. Tea drinking is a good habit, it will soon grow on you, so great are its virtues. Drinking Brooke Bonds Tea has given health and satisfaction to countless thousands without harm to a single one.

Tea is a great good for the people, there is no doubt about that. Use only good tea and prepare it properly.

Brooke Bonds Red Label is the best tea and instructions for preparing it are enclosed in every tin.

In the market there are two qualities of Brooke Bonds tea. Red Label is the best quality and Green Label the second. Both are packed in 4½ lb and 7½ lb airtight tins, which contain full net weight of tea.

ELECTRICAL ENERGY

Economical Development of Power Supply.

ITS RELATION TO INDUSTRIAL PROGRESS.

By J. M. Jackson, Jr.

As a preliminary to a more extended consideration of the various methods of power supply, it is necessary to define the term "power supply."

The power supply is that which is used to produce the electrical energy which is used to drive the machinery of a factory or other industrial establishment.

The power supply is that which is used to produce the electrical energy which is used to drive the machinery of a factory or other industrial establishment.

LIFE IN GAOL. Issue of Rations to Prisoners. NEED OF SUPERVISION. Following is the seventh instalment of the article on the Nairobi Gaol, submitted by Mr. G. W. J. Reynolds, recently returned after serving a term of three years.

(VII) The food allowance made out by the Superintendent of Prisons is not what it should be. The rations are very good, but the system of distributing them is very bad. The long term prisoners are very dissatisfied with their rations and they are entitled to something more than the scale of getting half a loaf, but as to the short term prisoners who are sentenced to the full term, this is most unfair. The authorities do not trouble to see that any of their prisoners get anything from the short term prisoners which might be of any use to them.

The long term prisoner, instead of getting half a loaf, has to receive the same as the short term prisoner who is sentenced to the full term. This is most unfair. The authorities do not trouble to see that any of their prisoners get anything from the short term prisoners which might be of any use to them. The long term prisoners are very dissatisfied with their rations and they are entitled to something more than the scale of getting half a loaf, but as to the short term prisoners who are sentenced to the full term, this is most unfair. The authorities do not trouble to see that any of their prisoners get anything from the short term prisoners which might be of any use to them.

There are sentences of men of attempted escape or on parole of the Prison, but very few are ever a success. If it were possible to take this up to the extent that is covered at least up, it would be much to be desired. It is only those that are captured in the field that are ever a success.

It is time the authorities made proper enquiry into the state of affairs, and to take more protection to those who are being taken out as they should be.

It often happens that a visiting justice has recommended the food of prisoners to be cut in an amount with the scale of the rations. It is often found that the visiting justice has not taken the trouble to see that the food is of the best quality, and that the rations are of the best quality.

There is no lack paid in the food, although it is not so good as it should be. The food is of the best quality, and the rations are of the best quality. It is often found that the visiting justice has not taken the trouble to see that the food is of the best quality, and that the rations are of the best quality.

A visiting justice sometimes comes round to ask if there are any complaints, and to see that everything is all right. There is no lack paid in the food, although it is not so good as it should be. The food is of the best quality, and the rations are of the best quality.

Of all the visiting justices there is only one who does not seem to be interested in the welfare of the prisoners. He is the one who is most interested in the welfare of the prisoners. He is the one who is most interested in the welfare of the prisoners.

against his religion. For sending him to gaol he was not paid before the visiting justice found that it was not right or even that to interfere with the prisoner's religion.

The visiting justice who is appointed to visit the prisoners is not a success. He is not a success. He is not a success.

MOMBASA NEWS. Rice, Flour and Sugar Shortages.

FURTHER SALVAGE OPERATIONS. [FROM OUR OWN CORRESPONDENT.] MOMBASA, July 21. The Zamboni steamer, which was out with eight three finny crabs in succession, has finally returned to the harbor before being taken in her crew. It is reported that 1,500 tons will be offered from East Africa—mainly the "Cacha" on which space for 500 tons had been secured but sailed without taking any coffee. Apparently the whole matter rests with the Shipping Controller, who could also have been asked to buy the coffee from the available barge for foodstuffs in the West Coast of the "Cacha" barge now on the stocks of the available space to be filled with coffee, seeing that he could put the coffee elsewhere in the national refrigerator, which would be most satisfactory to the cup tasters in the market.

THE BEST FISH CAUGHT. It is probably no use to you, Brown's Tea and Juice, but it is a good idea to get the blue flat fish and fish odds against the market. It is a philosophical enough to refuse Rs. 5,000 for a lot of fish.

Mr. and Miss Greenwell, Williams and Co. From the last returns it appears that over 120 tons of rice, 100 tons of flour and 200 tons of sugar to East Mombasa had not until the arrival of the next food ship, but this, which will be for some days yet.

It is fortunate that the authorities have been able to obtain rice for foodstuffs, thus preventing the coffee market from slumping considerably further for these few days.

A salvage party for the Zamboni's fish arrived and are commencing operations at once under the charge of Mr. J. Austin of Oyo Camp.

Nilometer may remember that this island had water, petrol, caught fire in Kikuyu Harbour and was washed away. It is forward her sinking. She has now been towed to the pier for over 18 months, but her port and her starboard hulls have not been raised.

It is the opinion of the stock exchange, however, that it is hoped the "Memorial" will be published shortly and ready to go to the press. It is expected to be ready in a month or two. It is picked up a stage on for us down, but...

The Saturday Budget Commission has been set up by Mr. W. H. O'Connell, the present Secretary for the Budget Commission, who is now in the hands of the British Government, who is now in the hands of the British Government...

The salt water did not appear to dampen the players' ardour. It is suggested that if these big men continue to support the "F.C.U." with such an ungenerous eye Mombasa golfers will be forced to continue to look out for themselves. When a million of it are not to be produced these days?

UGANDA NOTES. The Fire at Entebbe. CHAMBER OF COMMERCE.

[From Our Own Correspondent.] A meeting of the Chamber of Commerce was held at the Imperial Hotel, Kampala, on July 29.

A letter was read from the Chief of Police, Entebbe, regarding the fire at Entebbe. The fire broke out on the night of the 27th and destroyed the station and the goods shed.

It was stated that the goods which were lost in the fire included a large quantity of cotton, wool, and other goods.

The fire was caused by a defective lamp in the goods shed. The fire spread rapidly and destroyed the station and the goods shed.

The Chamber of Commerce has decided to send a deputation to the Government to request compensation for the goods lost in the fire.

The deputation will consist of Messrs. J. H. M. and J. H. M. They will be accompanied by Mr. J. H. M.

The Chamber of Commerce has also decided to send a deputation to the Government to request compensation for the goods lost in the fire.

Tea

In Africa to-day there is no other line of tea so fair, so consistent, so justified as Brooke Bonds. Its reputation was gained, maintained and will be retained by packing always the best tea the price admits of.

In this market Brooke Bonds tea can be had in two qualities—Red Label and Green Label. Red Label is really fine Indian tea of finest Darjeeling flavour; the Green Label is sound wholesome Indian tea. Packing and blending is done in the Company's factory in Calcutta, whence it is shipped to East Africa Direct.
