## Tea

The higher altitude tea grows at the better its flavour. Tea grown on the plains is short and deep coloured, but lacks flavour. The finest flavoured tea is Darjeeling tea. Darjeeling is a tea district in the Himalaya Mountains many thousand feet above sea level. But neither Darjeeling nor any other kind of tea is palatable unblended. Brooke Bonds are blenders whose business it is to select, blend and render tea in its best possible form. Their Red Label quality is Indian tea at its best. Brooke Bonds cannot blend better tea than their Red Label quality, neither can better tea be bought.

In this market there are two qualities of Brooke Bonds tea. Red Label is the first quality, and Green Label the second. Both are packed in 1-lb and 1-lb air-tight canisters, which contain full net weight of tea.

## Tea

The higher altitude tea grows at the better its flavour. Tea grown on the plains is strong and deep coloured, but lacks flavour. The finest flavoured tea is Darjeeling tea. Darjeeling is a tea district in the Himalaya Mountains many thousand feet above sea level. But neither Darjeeling nor any other kind of tea is palatable unblended. Brooke Bonds are blenders whose business it is to select, blend and render tea in its best possible form. Their Red Label quality is Indian tea at its best. Brooke Bonds cannot blend better tea than their Red Label quality, neither can better tea be bought.

In this market there are two qualities of Brooke Bonds tea. Red Label is the first quality, and Green Label the second. Both are packed in 1 1/2 lb and 1/2 lb air-tight canisters, which contain full net weight of tea.

**LONDON, September 7.**

The Germans are making desperate but unavailing efforts to prevent the advance of the British armies.

The enemy yesterday on several occasions interrupted the work of our artillery and our aeroplanes, and also attacked our long-distance raiders.

We dropped eight bombs on the railway station at Orléans, five on a school at Metz, 22 on the bridge at Douai, 30 on the aerodrome at Cambrai, 10 on the aerodrome at Combray, eight on the aerodrome at Lille, and 10 on other points.

**TEN GERMAN MACHINES DOWN.**  
We brought down three enemy machines and drove down six out of control, an equal number of our aeroplanes are missing.

Heavy rain is hampering operations. We slightly advanced our posts south-west of Lens, and repulsed a counter-attack by the enemy who suffered no serious casualties.

The enemy has been attempting to carry out a raid east of Arras, and on the second occasion succeeded in entering our lines. We were, however, able to drive them back, and we immediately captured a small position of trench, running of our line, east of Arras, and we captured several considerable numbers of casualties. We repulsed the enemy's attack on the 10th and improved our position north-east of Arras.

**GERMAN ADMISSION.**

Another terrific outburst by the enemy took place at Valenciennes, the correspondent at the French Headquarters.

The Germans made an attack on the enemy holding the Valenciennes salient, but they were repulsed after a half-hour's fighting.

The outburst by the enemy on the Valenciennes salient, and the scene of their latest activities took place in the region of Dunkirk.

The German aeroplanes last night dropped bombs in the region of Dunkirk. One of these bombs fell on a hospital. 15 persons being wounded.

WILLYS OVERLAND Motor Cars

Economical—Powerful—Luxurious
The "Country Club"

Stability

Willys Overland motor cars are built and sold under one executive organization, one factory management, one purchasing department, one sales department, one group of dealers.

They represent the most comprehensive group of motor cars ever built by one producer.

There is an Overland or a Willys-Knight car for every class of buyer.

No matter which you select—Light Four, a Big Four or a Willys-Knight—it is the dominant value in its class for it is shared in the economies of Overland greatness and stability.

Willys-Overland Models include: Big Four-Cylinder, Light Four-Cylinder, Six-Cylinder, Eight-Cylinder, Six-Cylinder, Eight-Cylinder, Six-Cylinder, Eight-Cylinder.

CHILD'S & JOSEPH, NAIROBI, MOMBASA, KAMPALA, KISUMU, ZANZIBAR, ADEEN.

## Tea

If you make Brooke Bonds tea as you make other teas it may be too strong. Brooke Bonds tea is rich and satisfying. Use less.

Try this. Put a spoonful of tea for each person into a earthenware teapot, pour on sufficient fresh boiling water, and let stand for five or six minutes. Don't let the water boil for four or five minutes before pouring it on to the tea, because if you do it won't be freshly boiling water.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling; Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in 1/2-lb. and 1-lb. tins containing full net weight of tea.

Brooke Bonds tea is obtainable everywhere in East Africa. Wholesale agents: Nairobi, MACKINNON BROS.; Mombasa, ALLIDINA VIREAM & SON; Zanzibar, ALLIDINA VIREAM & SON; Kampala, CHILDS, PARK & JOSEPH.
