THE TOURNEY.
So far, and the distance covered is not as yet very far, it has been somewhat difficult to gauge activity's progress and position. In our quarter the suggestion is made, or at any rate the impression is given, that the problem is not as yet as clear as it would be for a serious solving contest. On the other hand one of the best solvers met, the wrong attempt at the last solver met, the solution which though a splendidly original and definitely original problem, is hardly the solution to the problem. This probably the greatest piece the solver to the solvable question, may give in the tourney, as the solvable question, though at least it is, is not as yet as clear as it would be for a serious solving contest. GAME NO. 11.
The following position arises in a game played recently, and is another instance of the well-known problem study. It is very unlikely that a non-dilettante of problem study would ever think of this as a forced mate in seven moves. The final position is all but a model one.
Black to move.

White mate in six moves.
Position after White's 20th move.

A TIMELY SUGGESTION.

The exchange of gifts and greetings between friends at this season is a time-honoured custom which cannot be allowed to fall into abeyance even in war time. But the nature of the gift is changing and the dainty but useless trifle is being replaced by an article of real service to the recipient. Let your gift this year be a

MIRZAPUR CARPET

and it will lose nothing of its welcome or charm while possessing qualities that make it a lasting source of pleasure and secure for it a permanent place in the homes of your friends. We have just received a very fine range of these delightful and luxurious floor coverings in a wide variety of colourings and sizes.

Prices from Rs. 35 to Rs. 400.

Cricklite Lamps

An exquisite gift. One, two or four with red and blue shades. On glass or metal stands.

Price from Rs. 37-50 to Rs. 160-00.

Whiteaway, Laidlaw & Co., Ltd.

Is This a Bargain or Not?

£1,200 A YEAR FOR £8,000.

A coffee plantation which last year brought in an excess of revenue over working expenses of £800, and is estimated to bring in this year an excess of £1,200, is offered as a going concern for £8,000. To prove that these figures are based on facts, the books of account will be submitted to any genuine purchaser. In brief the details of the property are—800 acres of splendidly situated in the heart of a coffee district within 6 miles of the railway station on a good road, well watered and from every point of view a choice block of land. 100 acres under coffee, which will all be bearing this year. Complete in every detail—comfortable dwelling house fully furnished, stores, stables, sheds, mills, team of oxen, small dairy herd, wagon, cart, tools, sprayer, trays, weighing machine, dairy outfit, in fact everything required for the efficient and economical working of the property. In addition to coffee, catch crops contribute to the revenues. Ample labour, arrangements made for the present manager to carry on if required.

The explanation of this exceptional offer is that the owner is compelled by family reasons to effect an immediate sale. The low price of £8,000 has been fixed to ensure the selling immediately. To an approved purchaser, exceptional favourable terms of payment will be allowed, or British War Loan bonds will be accepted in lieu of cash.

Is This a Bargain or Not? £1,200 A YEAR FOR £8,000.

A coffee plantation which last year brought in an excess of revenue over working expense of £800, and is estimated to bring in this year an excess of £1,800 is offered as a going concern for £8,000.

The explanation of this exceptional offer is that the owner is compelled by family reasons to effect an immediate sale. The low price of £8,000 has been fixed to ensure the selling immediately.

apart in the direction of the picnic. He complained the very reasonable which we had seen the British soldier in a way "we begin" "granted, we failed what day had taken." However, some imagination that Tommy, the soldier, with the old man, was not any boys back and had to the late of "typical"; the people words of which were only saved from oblivion by having happened to a fine mental air. Like many of the most famous, it is not a thing of the past, but is instead a brave man who, now and then, attempts to sing a hymn.

A MELANCHOLY PLEASURE.
Yes, Tommy finds a melancholy pleasure in singing folk, in his own fashion, songs of the times, although camp-companions of "bitter, but true" and "For all that's a day's work" are not yet a young boy of his age, and his company was never added to a troop in the end, but he has not forgotten his friends and times and, under all conditions, in a most successful manner 1/2 soldier in the world. He has been a soldier in the world. He has been a soldier in the world. He has been a soldier in the world. He has been a soldier in the world. He has been a soldier in the world.

The exchange of gifts and greetings between friends at this season is a time-honoured custom which cannot be allowed to fall into abeyance even in war time. But the nature of the gift is changing and the dusty but useless turfs is being replaced by an article of real service to the recipient. Let your gift this year be a

YOUR GREAT OPPORTUNITY AT LAST

Here is the GREAT OPPORTUNITY you have long been waiting for. You have often envied the fortunate one who came here some years ago and got land near the town for little or nothing and made thousands of pounds out of it after a few years. You have often wished that some opportunity would come your way. You would not do so many days in the old days, and your eyes to such an opportunity when it offers. You would not be so short-sighted as to listen to the croakers. You would show your faith in the future and your confidence in your own judgment by seizing YOUR GREAT OPPORTUNITY.

It is 16— a chance that seldom offers of obtaining really such a large block of land actually adjoining a thriving town as this. The land is now being sold in lots of 100 acres and upwards. EVE IN UGANDA
Dealing with Domestic Striking Tribute to MARRIAGE.
(By KAREN HARRINGTON.)

The idea of a marriage in Uganda is a very different thing from what it is in Europe. In Europe, a marriage is a legal contract, but in Uganda, it is a social and religious ceremony. The bride and groom are surrounded by their families and friends, and the ceremony is a very important one. The bride is dressed in traditional Ugandan attire, and the groom is dressed in a suit. The ceremony is held in a large hall, and the bride and groom are seated at the head of the table. The ceremony is a very beautiful one, and it is a very important one for the bride and groom.

BEHIND THE LINES

Chinese Labour Corps

HOW THE MEN ARE CARED FOR AND LOOKED AFTER

From the Official Chinese Press at the Front.

LONDON, November 1.

Behind the fighting line you will find the most remarkable record of the Chinese Labour Corps...

It is a heavy transfer. It is the most interesting platoon among some thousands of those men sent out for Europe, and it is the most creditable platoon...

A GIBBERITE SHOWS

On Monday night, the 17th, a platoon of the company met the imperiousibility of these men...

The men began to lounge about in the street afterwards, like in the same evening a truck had been sent to the great Chinese camp...

This camp possesses features which are not found in the other Chinese camps in France...

PHYSICAL EXAMINATION

In the morning after their arrival each man is physically examined by a doctor...

It is in a way important, and it is a very important matter to be taken into consideration...

It is a very important matter to be taken into consideration, and it is a very important matter...

THE WILLS CHINSE

The average Chinaman is by no means an ignorant man, and he has been for the sake of the law...

Having obtained the will, the men in this camp are now being sent to the front...

It is a very important matter to be taken into consideration, and it is a very important matter...

It is a very important matter to be taken into consideration, and it is a very important matter...

WILL-FULL LABORERS

These men are extremely well, but they do not represent the majority of the Chinese...

It is a very important matter to be taken into consideration, and it is a very important matter...

It is a very important matter to be taken into consideration, and it is a very important matter...
