were greatly restricted in the United Kingdom owing to the submarine blockade, and Bovril was so indispensable to the soldiers, wounded, and the people that it had to be retained in the British Isles, where it is made, or sent to the fighting fronts.

Fresh supplies of Boyril bave now arrived and there is no longer say need to make shift with substitutes which lack its unique vital and scorrising properties. Boyril is the food whose body-building powers have been proved by indepen-dent scientific experiments to be from 10 to 20 times the amount taken.

BOVRIL and the War

Those who have given up Boyril in order that the fighting men should have it can now obtain their share.

During the War Bouril was so indispensable to the soldiers, wounded, and the people in the United Kingdom that it had to be retained in the British Isles where it is made, or sent to the fighting fronts.

Fresh supplies of Bovril have now reached this country and no one need to any longer deprived of the weaterful loady-building powers of this unique food.

We feel certain that Fromy's Medical Reserve is henestly described as Cognac Brandy, distribed from wine only. It es those relicate aestuetic qualities and fragrance characteristic of the genuine produce of Charente. It gives on analysis results that are fully in accordance with standard requirements. The Brandy is free troin any excess of extractive matters. The flavour is delicate and attractive. Altogether the Brandy is of a fine elegant character and well ad spted for Medicinal purpose.
The above certificate with others, is printed on every bottle of Fromy's Medical 'Res-rye Obtainable from all good stores and H. G. Gabriel, Nairobi.
