FRIDAY, NOVEMBER 7, 1930.

Before another night has fallen on our fair city, our popular Editor, Messina, Trenk and Argus, has been notified from the Capital of British East Africa on his thirteenth day of absence.

We desire to say in this connection that Messina, Trenk and Argus are a firm of business men of the highest standing in the country, and their absence will be a great loss to the community.

Their absence is due to the fact that they have been called to attend to the affairs of their firm in their own country.

It is hoped that they will be able to return to their duties in East Africa as soon as possible.

While we are away, the Editor's place will be filled by Mr. J. H. ...

We are sure that the Editor's absence will not be felt as a great loss to the community.

NEW BATTLESHIP. Torpedo-proof After Lesson of Iceland. HER NEW BIG GUN.

(THROUGH BRETHER'S AGENCY.) The John Brown Company at Clydebank has completed the construction of a battleship which is being launched in the early part of the year.

The ship is of the latest type, and is equipped with a main battery of 16-inch guns.

The ship is also equipped with a secondary battery of 5.5-inch guns, and a torpedo armament.

The ship is also equipped with a searchlight, and a rangefinder.

The ship is also equipped with a gunnery director, and a fire control system.

The ship is also equipped with a radio, and a telegraph.

The ship is also equipped with a compass, and a chronometer.

STANDARD NOTES.

The Governor has made the following appointment: Mr. T. B. Wilson to be Acting Medical Superintendent.

Dr. W. Owen Prebisher, Secretary of the Medical Officers' Association, has been elected President.

The appointment of Lieut.-Col. W. Frank Dutton, D.S.O., as a Staff Grade Trade Commissioner in East Africa, is gazetted.

The Hon. the General Manager of the Uganda Railway announced in the Official Gazette that he had received approval from the Government to issue 10,000 shares of 10/- each.

We are advised that the auction sale of 10,000 shares of 10/- each, will be held at Murchison Hotel, Nairobi, on November 15th instant.

It is brought out in a case report in the Medical Practitioner's Court at present that a rule of the Uganda Railway is that if a member of the staff is absent for more than one day he is fined his pay for two days.

MODEL WORKING HOURS. The Editor, R.A. Standish, has received information that the Government is considering the possibility of introducing model working hours for the public.

DISCOUNT ON ALL CASH PURCHASES. PER CENT. THE EAST AFRICAN STANDARD CO., NAIROBI.

From the kick-off Civilians were the Military saw Wynne make an end game. The chance in the second half was taken by Wynne. Following the kick, passed over, but down, followed and was almost over, but Whiteley fell on the ball, stable a yard of the kick. Boole receiving after a three quarter movement roving for the line, but was knocked down in the nick of time. A drop out followed. Up and down play ceased, neither side having much advantage. Until Boole again applied for the line. The latter however was again brought down in time by Whiteley. A free-kick against

EX-WAR FEDERATION
Will-Lock to Change a Little Made Notable
 The Editor E.A. Standard.
 My name members at last week's general meeting of the Ex War Servants Federation, the recognized body of all E.A. service men, and now known throughout the world. At the outbreak of war, our male population was small, so the number of our units may have been small, but their hearts were big. If the member of a kindred association from other parts were chosen to represent our Ex War Servants Federation, I think, to that of the world, to which they happen to be long. I do not have the natural claim

which a E.W.S.F. in capital places, but for a period as long as the war, after which we shall carry on the good work. Changing a name to any other name is an all combine and carry on original title as above. Yours, etc., JAMES M. NAKURU, November 6, 1919.

70,000 ACRES FOR SALE.

Lord Delamere's Njoro Estate.

AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.

THE MOST GENUINE OFFER OF GOOD FARMS AT LOW PRICES AND ON EXTENDED TERMS THAT HAS YET BEEN MADE IN EAST AFRICA.

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Njoro. This land is one of the first selections made in "B. E. A.", and cannot be surpassed for flax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and a second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for a number of years, and maize is one of its staple products.

Njoro is one of the pleasantest and healthiest districts in the Highlands. The farms-for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Uasin Gishu line no farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 300 to 3,000 acres, thus providing suitable holdings for the small and large buyer, and most of the agricultural farms are admirably suitable for tractors.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer could have sufficient land ready for sowing next spring to bring in substantial revenue next year.

There are several flax factories either erected or about to be erected in the district, the owners of which are prepared to handle outside crops.

PRICES & TERMS.

In arranging the prices and terms Lord Delamere had in mind the immediate needs of the incoming settler—sterling prices and long terms of payment—and has instructed us that preference is to be given to the new settler in the sale of these farms. The prices of the individual farms have not yet been fixed, but the terms will be—

- Cash payment of 10% of the purchase price, plus Survey fees.
- No further payment for two years.
- Thereafter Annual Instalments spread over 30 years.
- Interest on outstanding 8%.

Exhaustive reports on these farms have been prepared by W. J. Dawson, Esq., the well known agricultural expert, and the prices are being fixed only after careful consideration of the relative merits of each individual farm. This has been done especially to protect the new settler, whose interests Lord Delamere has principally in mind. Each farm has been classified according to its suitability for different classes of agriculture or for stock, so that in effect the new-comer (who, if he fails to select on his own initiative might, deceived by appearances, select the wrong farm for his purpose) can have his farm selected for him by an expert whose knowledge of East African farming and sound judgement in such matters are beyond question. Our recommendation of any farm will be strictly limited by Mr. Dawson's report. If he states it to be suitable for flax, we will so recommend it; if not, we will so inform the inquirer. No such offer has ever been made before in this country. We make it now because we have satisfied ourselves by expert opinion that we are offering one of the best large blocks of land that has ever been on the East African market at prices and on terms that make each farm a valuable proposition without the necessity of exaggerating its merits one iota. And we have no fear for the consequences. Unless the most unlikely thing in the world happens, and East Africa goes under, buyers of these farms are never likely to regret their bargain. They will be putting their money into land that offers every possibility of proving one of East Africa's gilt-edged securities.

HAVOLINE

OILS AND GREASES
THE CHEAPEST TO BE BOUGHT.

Because the true cost of an oil is not its purchase price but the ability the oil possesses to save wear and tear on your engine or machinery. That is why the man who owns a car should buy Havoline.
HAVOLINE always insists upon HAVOLINE.

70,000 ACRES FOR SALE.
Lord Delamere's Njoro Estate.

AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Njoro. This land is one of the first selection made in B. E. A., and cannot be surpassed for flax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and a second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for a number of years, and maize is one of its staple products.

Njoro is one of the pleasantest and healthiest districts in the Highlands. The farms for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Usain Gishu line a farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 300 to 3,000 acres, thus providing suitable holdings for the small and large buyer. Most of the agricultural farms are admirably suitable for stock.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer could have sufficient land ready for sowing next spring to bring in substantial returns next year.

There are several flax factories either erected or about to be erected in the district, the owners of which are prepared to handle outside crops.

PRICES & TERMS.

In arranging the prices and terms Lord Delamere had in mind the immediate needs of the incoming settler—sterling and long terms of payment—and has instructed us that preference is to be given to the new settler in the sale of these farms. The prices of the individual farms have not yet been fixed, but the terms will be—

Cash payment of 10% of the purchase price, plus Survey fees.

No further payment for two years.

Thereafter Annual instalments spread over 30 years.

Interest on outstanding 8%.

Exhaustive reports on these farms have been prepared by W. J. Dawson, Esq., the well known agricultural expert, and the prices are being fixed only after careful consideration of the relative merits of each individual farm. This has been done specially to protect the new settler. Each farm has been classified according to its suitability for different classes of agriculture or for stock, so that in effect the new-comer (who, if left to select on his own initiative might, deceived by appearances, select the wrong farm for his purpose) can have his farm selected for him by an expert whose knowledge of East African farming and sound judgment in such matters are beyond question. Our recommendation of any farm will be strictly limited by Mr. Dawson's report. If he states it to be suitable for flax, we will so recommend it; if not, we will so inform the inquirer. No such offer has ever been made before in this country. We make it now because we are satisfied ourselves by expert opinion that we are offering one of the best large blocks of land that has ever been on the East African market at prices and on terms that make each farm a saleable proposition without the necessity of exaggerating its merits one iota. And we have no fear for the consequences. Unless the most unlikely thing in the world happens, and East Africa goes under, buyers of these farms are never likely to regret their bargain. They will be putting their money into land that offers every possibility of proving one of East Africa's gilt edged securities.

For further information apply to the Agents.

and satisfactory nature than present form, will mean the absolute and complete ruin of the industry. I wish it to be clearly understood that I am not present at the meeting to meet the temporary expedients to meet the financial crisis caused by the making of the foregoing statement. I do not wish to pose as an authority on the subject. The reasons why I have endeavored to place these views before you are because I fully realize the importance of doing something which will have the effect of drawing public attention to the above condition. I hope, from some sort of foundation on which we can stand, and make we take it upon us to advise H.E., he may not work that this Bill, if passed in the doubt may well disagree with I for duration.

E. A. INDIAN CONGRESS.
 Kaumua, Jijia, Kampala and other important centres are to attend the session. The first session was held at Mombasa on March 7 and 8, 1910.

The following are officers of the forthcoming session of the African Indian National Congress at Nairobi: Mr. M. D. Desai, Chairman of the Reception Committee; Mr. M. D. Desai, Hon. Secretary to the Reception Committee; Messrs. B. G. Desai, Hon. Treasurer, and Mr. J. V. Desai, Hon. Secretary to the Reception Committee; Messrs. B. G. Desai, Hon. Treasurer, and Mr. J. V. Desai, Hon. Secretary to the Reception Committee; Messrs. B. G. Desai, Hon. Treasurer, and Mr. J. V. Desai, Hon. Secretary to the Reception Committee.

MAGADI SODA.
 We have received a letter from the Mining Office regarding all liability and compensation that might be incurred by the Government under the terms of the agreement with the Colonial Office. The Government had the right to use our railway and water supply. We admit that even had they not the right to use them, we should have placed the whole of the resources and facilities at the disposal of the nation.

If in taking the position they do, they could not be held liable. If they consider property they may pay a reasonable compensation for taking it, and there is nothing whatever in the agreement to say that the Government can take over our property without a reasonable compensation for the damage done to our trade. We shall therefore continue to press our claim.

BE UP TO DATE!
 Plea For Scientific Coffee Department.
 IMMEDIATE NEED.
 (By C. C. M'Norton)

On the principle that prevention is better than cure, the necessity of an up-to-date scientific department for coffee cannot be urged too strongly.

It is generally accepted on any reasonable grounds that the damage done to the coffee industry in the time since the outbreak of the disease in the East African States is not only a financial loss but also a loss of scientific knowledge. It is therefore a matter of urgent importance that a scientific department be established in the East African States for the purpose of conducting research into the disease and for the purpose of disseminating the results of such research to the coffee growers.

70,000 ACRES FOR SALE.

Lord Delamere's Nioro Estate.

AT SPECIAL PRICES IN STERLING AND ON THIRTY YEARS TERMS FOR THE NEW SETTLER.

Under instructions from Lord Delamere we shall be offering for sale in a few days time about 70,000 acres at Nioro. This land is one of the first selections made in B. E. A. and cannot be surpassed for fax, wheat, maize and stock.

Flax grown on this area took a first prize for seed and a second for straw at the recent Agricultural Show. Wheat has been largely grown in the district for many years, and maize is one of its staple products.

Nioro is one of the pleasantest and healthiest districts in the Highlands. The farms for sale stretch away from the Railway for a distance of 18 miles, but with the construction of the Usini Gibu line a farm will be more than five or six miles from rail. All have permanent running water.

They vary in size from 300 to 3,000 acres, thus providing suitable holdings for the small and large buyer, and most of the agricultural farms are admirably suitable for tractors.

The nature of the soil and contour of the land are such that large areas can be broken up with the minimum expenditure of capital and labour, so that the immediate buyer can have sufficient land ready for sowing next spring to bring in substantial revenue next year.

There are several fax factories either erected or about to be erected in the district, the owners of which are prepared to trade outside crops.

PRICES & TERMS.

In arranging the prices and terms Lord Delamere had in mind the immediate needs of the incoming settler—sterling prices and long terms of payment—and has instructed us that preference is to be given to the new settler in the sale of his farms. The prices of the individual farms have not yet been fixed, but the terms will be—

Cash payment of 10% of the purchase price, plus Survey fees.

No further payment for two years.

Thereafter Annual Instalments spread over 30 Years.

Interest on outstanding 3%.

For further information apply to the Agents.

PEECH BY CHAIRMAN.
 The eighth annual general meeting of the Magadi Soda Co. Ltd., was held on the 10th of September, and in the evening "The Capitalist" printed a sensational article regarding the proposed sale of the company to the Government. The article stated that the Government had offered to purchase the company for the sum of £100,000, and that the company had accepted the offer. The article also stated that the Government had offered to purchase the company for the sum of £100,000, and that the company had accepted the offer.

The Chairman, Mr. J. V. Desai, in his speech, stated that the company had received a letter from the Mining Office regarding all liability and compensation that might be incurred by the Government under the terms of the agreement with the Colonial Office. The Chairman stated that the company had the right to use our railway and water supply. We admit that even had they not the right to use them, we should have placed the whole of the resources and facilities at the disposal of the nation.

The highest or any tender not necessarily accepted.

P. PHILLIPS,
 Major,
 Officer Commanding, Royal Army Service Corps, East Africa.

Post Box 116, Nairobi.

THE MOST GENUINE OFFER OF GOOD FARMS AT LOW PRICES AND ON EXTENDED TERMS THAT HAS YET BEEN MADE IN EAST AFRICA.

Exhaustive reports on these farms have been prepared by W. J. Dawson, Esq., the well known agricultural expert, and the prices are being fixed only after careful consideration of the relative merits of each individual farm. This has been done specially to protect the new settler, whose interests Lord Delamere has principally in mind. Each farm has been classified according to its suitability for different classes of agriculture or for stock, so that in effect the settler is left to select on his own initiative might, deceived by appearances, select the wrong farm for his purpose) can have his farm selected for him by an expert whose knowledge of East African farming and sound judgement in such matters are beyond question. Our recommendation of any farm will be strictly limited by Mr. Dawson's report. If he states it to be suitable for fax, we will so recommend it; if not, we will so inform the settler. We make it now because we have satisfied ourselves by expert opinion that we are offering one of the best large blocks of land that has ever been on the East African market at prices and on terms that make each farm a salable proposition without having to fear for the consequences. Unless the most unlikely thing in the world happens, and East Africa goes under, buyers of these farms are never likely to regret their bargain. They will be putting their money into land that offers every possibility of proving one of East Africa's gilt edged securities.

THE MEETING.
 The eighth annual general meeting of the Magadi Soda Co. Ltd., was held on the 10th of September, and in the evening "The Capitalist" printed a sensational article regarding the proposed sale of the company to the Government. The article stated that the Government had offered to purchase the company for the sum of £100,000, and that the company had accepted the offer. The article also stated that the Government had offered to purchase the company for the sum of £100,000, and that the company had accepted the offer.

The Chairman, Mr. J. V. Desai, in his speech, stated that the company had received a letter from the Mining Office regarding all liability and compensation that might be incurred by the Government under the terms of the agreement with the Colonial Office. The Chairman stated that the company had the right to use our railway and water supply. We admit that even had they not the right to use them, we should have placed the whole of the resources and facilities at the disposal of the nation.
