The Mine Executive has rejected the suggestion that when the present wage claim is decided upon it is to withdraw from the whole wage system.

Mr. Lloyd George has replied that his plan would be to have the plan voted on by the same means as those adopted in the case of the miners.

The Times: A House Committee on its report that was resumed this morning to consider the report of the joint committee in the four police who had been killed and a sixth is considerate to be dead.

It is now announced that the new miners' wage will be settled on the basis of miners' rates, and the proposal to take a second ballot on the question of submitting the miners' wage to arbitration under the miners' wage claim to arbitration and at t.

It is understood that the letter sent to Mr. Lloyd George by Mr. Smillie informed him that the miners' conference did not recommend the acceptance of the Government's alternative proposal to submit the wage claim and more money to an impartial tribunal or arbitration.

The Dublin postal strike, involving several thousand men, has again been adjourned until the 27th.

Mr. Lloyd George's letter to Mr. Smillie explained certain points which arose in last night's conference at Downing Street.

London, Sept. 24.

The Triple Alliance sat the whole evening.

It was agreed that it discussed the question of joint action between railmen, transport workers and the miners, the last named having claimed that the position had not been altered by the intervention of the miners.

Eventually the同盟ers agreed to call a meeting to discuss the miners' demands.

In view of the possibility of a strike, the Government has decided to continue "summerside," which would have issued on September 27 until October 25.

In the Victoria Infirmary hospital will be used Mr. R. M. Hughes (over 150) beds.

Mr. Hughes (over 260 to 247 after every two years).

FRENCH PRESIDENCY

M. Millerand's Sweeping Election

M. LEVY'S NEW PREMIER CHAMBER & COMMITTEE

FROM OUR OWN CORRESPONDENT.

Beuter leaves from Paris to the National Assembly at Versailles to elect M. Millerand President. The voting was as follows:—

M. Miller and 695 votes
M. De Lury, Socialist Deputy for the Nord 60

There were the only two candidates. The total votes were 892 of which 20 were scattered and 108 were blank.

M. Millerand received a great ovation when he entered the Assembly which was opened by M. Leon Bourgeois, President of the Senate.

The fact that the election of M. Millerand was unanimous was a conclusion, together with the very weather interest in the ceremony, the advance half of which was only about half that of the similar ceremony at the opening of the Chamber.

Major McKernan supported the resolution.

An amendment that the Chamber should be allowed to adjourn its proceedings if the proposed application of the principle of racial segregation in commercial areas and in conflict with trade and commercial interests; which was introduced by Mr. J. H. D. F. P. de la Roche, member of the French Nationalist party, was defeated.

DISTRICT COMMITTEE.

A fully attended meeting of the District Committee discussed a resolution proposed by the Town Planning Committee as follows:

The sub-committee is of opinion that the policy of the establishment of European colonies in Mombasa Island is owing to the vested interests of the individual European holders.

Certain areas should be reserved for European residential occupation. Such areas to be south of Kildini Road, to include the Mombasa area but excluding the proposed business area.

The chairman said that Europeans were entitled to their portion of land, and they wished to reserve the right of sale. A big principle was involved, and he did not consider that any particular portion should be reserved for any particular holder, although he agreed that kith and kin wanted to and could live together.

He asked the Committee to apply the principle of segregation by putting up a high standard of sanitation, as otherwise the phrasing of the resolution would be calling for other communities.

The chairman agreed with an old member of the sub-committee, Mr. Dalal, that it was not a question of sanitation or colour or principle. In his opinion, Europeans were entitled to live and reserved for themselves so that they could live with their own kind as kin just as other communities. It was only fair, if considered from a broad point of view.

Mr. Dalal asked for an adjournment of the matter until the next meeting, owing to its importance.

The Committee agreed to the adjournment.

IRELAND'S TROUBLES

(By "Tiggy")

The Scottish clubs, like the English clubs quoted in the E.A. Standard yesterday, are all ready to play. In fact, they are more than ever, they have strengthened were spotless and that they are all going to play. However, we are sure to be disappointed to some of the club directorates in spite of the present ban on

All Scottish players are probably aware, the Second Division of the English football league has disbanded this season, and in its place a league known as the Central League has been instituted. One is bound to wonder what the former players have left the First League for the new organisation, and the reason is that the two leagues is going to be very keen.

Whether the Scottish League has been wise in their decision to leave the First League, it is difficult to say for the future to prove, but on the face of it does seem an imprudent move.

They have no power at all to prevent players leaving the Central League, and as will be seen from the following remarks concerning the English players James Gordon in the "Advertiser News," just to hand, who has left the Central League side for Dunfermline Athletie Club, it is evident that the clubs in the new league intend to pay for and get the best players.

After 13 years with Rangers Gordon decided to play for Dunfermline. The explanation is extremely simple. Gordon, evening the Rangers directors, at their unusually meeting, made an offer of £1000 a week. Dunfermline, normally £10 a week, were firm in the field with an average salary and, in addition, a good weekly bonus.

So the international half-back, being as he says, "a business man," accepted the offer, and had done in the case of both Dunfermline and Rangers.

The player would like to finish his career with his first senior club, but "money talks," and no more need be said.

BETTER TERMS.

When asked why the Central League attracted so many players, that had been offered him, Andrew Wilson said: "They offer fair decent (sic) wages to begin with. I think not all. They make allowance for those who want to attend to their ordinary work."

This latter point is more and more important, as at the moment, a stretch of 15 years, may five years, is not unusual, and many days over. When he has finished he wants a trade or profession to fall back on, and he is not waking up to this all important fact.

A match in the Central League between the two sides, on Saturday, October 25th, was won by the Central League 2-1, and the same meeting of the two sides on November 1st, was won by the Central League 2-0, leaving a clean sheet.

LAW COURT

BEING IN POSSESSION

MACKIE'S TRANSFER

FROM OUR OWN CORRESPONDENT.

Mr. Mackie, who a short time ago was tried in the High Court on a charge of wilfully causing damage to and theft of a pair of motor-cycles and that of a gun which he had stolen and discharged, was on Friday presented before the Police Court by his lawyer.

(1) Being in possession of unglazed firearms.

(2) Being in possession of trophies without a permit.

(3) With the intent of a shot gun, or being in possession of stolen property.

FIRST CHARGE.

In the first case it was shown that a 12-bore double-barrelled shot gun was found in the possession of Mr. Mackie, who had been arrested at the time he was discharged, was on Friday presented before the Police Court by his lawyer.

A very interesting and unusual presentation took place during a hearing of the Mombasa football trial on Friday last year. At half-time, the Swahili captain, amateur and mixed teams from the Mombasa and Nairobi districts, and the Mombasa Branch of the A.F.A. were invited to play in the next round of the Ground Cup competition.

In the event of any of the A.F.A. teams winning their respective games, the Referees Association, and a Committee to be formed consisting of Messrs. Sheldan and London, Mr. Major Bransby Edwards and Hobson, a member of the A.F.A. were invited to play in the next round of the Ground Cup competition.

After a long discussion it was decided that the property of the Referees Association, and that a Committee to be formed consisting of Messrs. Sheldan and London, Mr. Major Bransby Edwards was deputed to appoint a substitute.

It was agreed that Mr. Sydney Cooper would approach to take the chair, and as an alternative, in case Mr. Cooper is unable to attend, crowning Mackie with a garland of flowers.

Mombasa, Thursday.—An interesting football match was played this afternoon between the play, the Saldanha Committee will pass the team to contest the semi-final of the Ground Cup.

The "B" Mombasa team have already indicated that they are sending a team to the Coast to meet the play, the Saldanha Committee.

A very thoughtful note of thanks was passed also to the play, Mr. J. W. Goodwin for their work, and to the Railway Club for the loan of the pitch.

It was generally agreed that the occasion of the visit of the Mombasa team.

A vote of thanks was also passed to the starting work Major E. A. Newmark, who had performed his football in Kenya Colony. It was regretted owing to unavoidable circumstances that a motion had not been carried, but the moments were very uncertain hence the hitherto arrangements made to say "Good-bye" to Major Per-

kins from our own correspondent.

Mr. Mackie, solicitor general, prosecuted in the third case charge.

In opening his case, Mr. Mackie said he would show the gun had been taken away. In August, 1919, a Mr. Le P. P. had shown two shot guns at Customs, the value of which were \$25.50 and \$29.00.

He had closed the former together with a shot gun bearing the number 20000, whereas the permit bore the number 20000.

People in Nairobi, who have been accustomed to the periodic raids among Kenya boys, and other natives, have understood the position at Mombasa.

A CLEAN SHEET

Mr. Dourdy Receives White Gloves at Mombasa

FROM OUR OWN CORRESPONDENT.

Mombasa, Wednesday.—Mr. A. N. Dourdy, of Mombasa, has this morning presented with a pair of white gloves to the Mombasa Magistrate. He had asked for letters of guarantee that he was entitled to be granted a license to keep a function which a function has been performed.

People in Nairobi, who have been accustomed to the periodic raids among Kenya boys, and other natives, have understood the position at Mombasa.

Some time in March of this year, Dourdy had left his shores to open a hotel and a betting and a Betting, with a partner. The hotel had been reported. It was subsequently discovered that a shotgun had been taken from the shop.

POLICE EVIDENCE.

H. P. Dourdy, the first witness, said when he arrived at the house of the accused on July 20 last, met midnight he had been shot, was hit in the head, and fell, a shotgun and a 30-30 Winchester rifle. He had asked for letters which he had not got. Accused said he had not got them from a man at the Victoria Hotel, whom he would not be able to recognize.

Mr. J. H. Newmark, manager of Oceania, Ltd., and he missed the gun. The gun was not found in the office. I remain silent until the court has heard the evidence of the accused, and then I will decide whether the accused is guilty or not.

Newmark believed that this is the first time he had been persecuted by the Mombasa Magistrate's Court, particularly in view of the fact that the accused was released on bail.

The accused was released on bail.

Mr. O. F. Prayner, of Oceania, Ltd., and the gun in Court was a case of a commercial transaction in an invoice shown him.

Mr. Cole, of Oceania, Ltd., remanded and a fine of £10 imposed. Mr. Cole thought the name Oceania, Ltd., had been exaggerated on the part of the police.

Le P. P. gave evidence of his purchase.

Inspector Field said he recognized the gun and him. He had done well, and then think the gun was used for dagger fight purposes.

Mr. Cole, of Oceania, Ltd., who had been remanded and a fine of £10 imposed, said he had no objection to the gun being used for dagger fight purposes.

New Proposals for Effecting

Home Rule

POPE'S POSITION

London, Sept. 2.

Vicar of Christ, Sept. 2.

A letter to the

Government of Ireland has

been sent a proposal

and it is to be

submitted to the

Government of Ireland

to put into operation.

He says: "The only prospect

for peace in Ireland is

to live in that the Irish should

draw up their own scheme,

and the Government of Ireland

should be given the power

to have three cardinal points:

one, a

British Government

that can only be

done by the British

and Ireland, one army

and that we cannot stand

to live in that the British

must be as free as

the French, the great self-governing

colonies of the Empire

have the right to govern

their country to be governed;

three, to give time for them to come

to come to an agreement with each other,

and to draw up a scheme.

The British Government will

concentrate on the coal strike,

the function of Government will

be to act for a period not exceeding two

months at the end of that period

or sooner, if the miners will withdraw

and the responsibility

of the miners themselves will be to

determine the terms of settlement.

In no other way can we bring

the British Home Secretary to

negotiate a scheme for

settling the dispute.
