Knitted jumpers must be made easy. For the severe types of the barn in order to throw water on to the flames below. He fell through the roof and contained severe injuries. Dr. Wilson of Nakuru was sent for but Mr. Richardson succumbed before he could arrive. The deceased, who was middle-aged and unmarried, was an Australian, was an Australian Regiment, subsequently transferred to the Intelligence Division, and gained the D.C.M.

Hints for the Home.
A pinch of sugar put in the pot with a pinch of bicarbonate of soda keeps vegetables beautifully fresh green and well flavoured. A piece of waving soda placed at the mouth of a drain will keep water poured over it a perfect disinfectant. A little salt added to starch will prevent sticking, while starch will make the iron work to make iron smooth, a few drops of a handful of salt is efficacious. Haven't stamped an annoying habit of sticking together? Don't immerse them in water but cover with a thin piece of paper and iron with a hot iron. They will separate easily and the gum will be intact. Figs-crusted over velvet and lightly brushed off has the effect of bringing with it all dust which there are so many. Bags and dirty, leaving the velvet bare and unsightly. A contrasting shade throws up an elaborate design that is cut in. It is learned with regret that Mr. J. B. Richardson, D.C.M. of the 1st Battalion, Buffs, has died as the effect of a bullet wound in the chest sustained in the course of an effort to extinguish a fire in the barracks at the camp. The cause of the fire was a fire brick and a lamp.

NAIROBI RACES.

Reflections on the First Two Days' Events

WISE DOVE'S SPLENDID FORM.

THE SMALL OWNERS' DAY.

(By "Bob" is Dable")

On concluding the enterprise of Wise Dove's race on a separate note, these are the reflections on the first two days' racing...

The return of Mr. Henry Taylor to the saddle was one of the pleasing features of the meeting...

Though the attendance on Friday was not up to the standard of Thursday and Saturday, the racing, considering the class of horses entered...

The experience of running a small venue day which entails a three-day meeting, and especially in the middle did not meet with the approval of the public as was demonstrated by the attendance...

I hope the club will take the hint, financially they must. It is a long time since we saw Harry Walker in such bad luck as that which favoured him on this day...

It was a very successful day for the race on the disappointing day, in which he secured the Lilliputian Handicap by five lengths from Percipio...

The winner was practically finished in the field, although the whole time in which she puttered in the minor events in the August meeting in a similar event...

Some delay was caused at the start for the "East African Standard" and "The Daily Nation"...

Immediately the flag fell, she ran fast, and led without a challenge the whole of the winning...

The former who had been lying down all the way, got the verdict by a neck after showing of a few necks...

There is one question of a doubt, that the winner made the country over five lengths to 11 miles...

The class in the Jubilee cup was not so good as that of the previous year, but the winner was a very good horse...

On the whole, the racing on the first two days was very successful, and the public were well pleased with the result...

When the numbers were put in the book, the result was as follows:—

Schweppes LIME JUICE CORDIAL, LEMON SQUASH, GREEN GINGER WINE. THE FINEST THE WORLD PRODUCES.

H. S. TODD & Co. GENERAL MERCHANTS, NAIROBI. Government Road. Shipments just to hand of the following goods...

THE STRIKE. Attitude of other Unions Still Uncertain. RACING STOPPED. London, Oct. 18.

Although the miners' strike is now an accomplished fact, the talk of mediation is already in the air, probably as a result of speeches by Labour leaders during the week-end...

It is expected from the joint meeting of the Parliamentary Labour Party and the Executive of the Labour Party that the Government will not be able to carry out its programme...

GERMANY AND JAPAN. Ambassador's Plans of Renewed Relations. London, Sept. 28.

The Germans hoped to revive an alliance with Japan, in his first public speech in London, the German Ambassador to Japan, in his first public speech...

THAMES BLAZE. Eight lives were lost and many injured as the result of a disaster which occurred on the Thames...

ARMY AND NAVY. Under instructions from Her Majesty the King, the Hon. Mr. Balfour...

MONEY MARKET. London, Oct. 20. The market for money was quiet, with a few transactions in the open market...

THE NEXT ELECTION. Mr. Lloyd George's speech in the House of Commons on the 18th inst. was a masterpiece of statesmanship...

OBITUARY. The death of Mr. Arthur Sidgwick, a prominent personality in the world of letters and education...

By the death of Mr. Arthur Sidgwick, a great scholar is lost to the world. After his education at Cambridge, he was a barrister, judge, and Trinity College, Cambridge...

We observe with much interest in the revised draft of the Native Exemption Ordinance 1950... It is our hope that the Bill can be regarded as an innovation in native policy...

agreed. The new Ordinance does not restrict the scope of the laws which it was formerly proposed to exempt the natives who come under the provisions...

Under the new Ordinance the natives are to be allowed to sue in the District or Assistant District Courts...

It seems more than likely that the natives will sue in the District or Assistant District Courts... The Bill is a step towards the full equality of the natives with the Europeans...

 The market for American goods is showing a steady decline. Prices for various commodities are falling, and this is causing concern among American exporters. The situation is attributed to a combination of factors, including a general economic downturn and a decrease in demand for American goods abroad.

NATIVE LAND CASE.

Area of some 250 Acres
Claimed by two Kikuyas

His Honor the Acting Chief Justice was engaged in the High Court Wednesday at a land case in which two Kikuyas lay claim an area of land comprising roughly some 250 acres.

Mr. Ross, of Messrs Daly, Fagan and Hoar, appeared for the plaintiff, and Messrs. Jelany and Schwartz for the defence.

The case for the plaintiff was that his late father acquired, by purchase, the land in question, from one Kimani, an Anderson, and that he, the plaintiff, had occupied it till some seven years ago, when he was compelled to move away because of possession at the hands of the defendant, a powerful Chin.

The defence was that the defendant had purchased the land from Chief Kimanjili, who had acquired it from the Masai. Owing to the absence of Kimanjili, witness for the defence, His Honor adjourned the case to October 28.
