## IN AN QUESTION? "STANDARD" ECONOMY CAMPAIGN

Governor Allows Departmental Heads to Express Opinions

MATTER OF VITAL INTEREST TO COLONY. SETTLES' VIEW NOW AWAITED.

Dear Sir, With reference to your letter of the 17th inst. regarding a circular regarding the cost of production, the Hon. Secretary of the Department has to inform you that he has no objection to Heads of Departments giving their views on any matter of vital interest to the Colony, provided that their views are not merely criticisms of public policy. We therefore agree to your soliciting Heads of Departments for their opinions in the manner you suggest.

Yours faithfully, G. R. FARQUHAR, PRIVATE SECRETARY.

PLEASEY'S VOICE. In response to the "E. A. Standard" appeal for the views and opinions of all concerned on the subject of the cost of production, below will be found the first contribution on the subject from the pen of Mr. Arthur J. Pearce, who is well qualified to deal with this question. This contribution will doubtless be the precursor of many others, and we appreciate the interest and concern of our readers in this matter.

## WHERE EFFICIENCY LIES.

Eliminate Wasteful and Unproductive Labour

UP-TO-DATE CULTIVATION WANTED. ALL PRODUCERS SHOULD COMBINE.

Your two issues of Friday and to-day on the above subject contain points which I have been endeavoring to impress on some of my producing friends and acquaintances for some time past. I also draw attention to the fact that in a recent communication to your paper, viz. the low output per unit of the labour employed-making the natives laborer keeps the most expensive in the world. It is not only the cost of production, but the cost of the product, that is the real issue. It is not only the cost of production, but the cost of the product, that is the real issue. It is not only the cost of production, but the cost of the product, that is the real issue.

details to make a profit. Failure in these things is going to turn that small profit into a loss.

I very much like to be rubbing that in a pretty hard, but unless our growers realize this, they are going to find that their expenses are largely in excess of their takings. There is only one and it is that the means the grower has accumulated capital to draw on or in other cases to invest in other lines of business.

It is not for me to infer that the planter should make money and that the formation of a really strong co-operative society is the only way to do this. It is not for me to infer that the planter should make money and that the formation of a really strong co-operative society is the only way to do this.

UGANDA RAILWAY. STORES DEPARTMENT, GATEWAY SECTION.

Tenders are invited for the supply of provisions, Wire, Spirit, Beer, Mineral waters, etc., for a period of 6 months to 31st of December, 1921.

1. Only approximate estimated quantities of requirements can be given, as per lists which can be inspected at the Railway Stores at Kilindi, and Nairobi. The Stationery does not undertake to order all the items, or quantities shown on such lists.

2. Orders will be placed from time to time during the period stipulated for each article, and for such quantities as the Railway may require.

3. Quotations should include the cost of packing delivered either at the Railway Store at Nairobi, or Kilindi. The depot to be specified at the time of quoting.

4. The Brands and sizes of the packings to be specified against each quotation and the prices to include the full quantity in a unit and container.

5. Owing to the uncertainty of prices and other factors, it is suggested that quotations be based, as far as possible, on the indexed cost, plus a percentage.

6. Further particulars may be obtained from the Chief Storekeeper's Office Nairobi.

7. Quotations marked "Tenders for Catering Stores" should reach the undersigned, before the 25th of April.

8. The lowest, or any Tender, not necessarily accepted.

Sd. B. M. CARTER, Acting Chief Storekeeper, Uganda Railway, Nairobi, 22nd March, 1921.

**Womens Column.**  
**WHAT WOMEN CAN DO AT HOME.**  
 What does "what?" mean? It means that you can do a great deal of work at home, and that you can do it in a way that will be profitable to you. It means that you can do it in a way that will be profitable to you. It means that you can do it in a way that will be profitable to you.

When you have quite decided that you will do it, you will find that there are many ways in which you can do it. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you.

Building up these requirements, and not attempting to find a way to do it, you will find that there are many ways in which you can do it. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you.

When you have quite decided that you will do it, you will find that there are many ways in which you can do it. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you. You can do it in a way that will be profitable to you.
