London, May 12. In the House of Commons this morning the debate on the Finance Bill was preceded by a customary display of 10 to 10 per cent on the value of certain specified articles was carried by 227 votes to 99, and the House proceeded to debate the second resolution dealing with dumping and import control with a majority of 227 to 99.

THE FISCAL RESOLUTION.

The fiscal resolution was carried by the vote of 277, the debate continuing until five in the morning. The resolution deals with the duties and its critics endeavored to secure exemption in regard to articles manufactured in the Dominion and Colonies.

SIR F. LEYDOLPH'S EMPHASIS.

Sir F. Leydolph emphasized that the Empire will not be long in being a united front. He stated that all duty goods manufactured within the Empire.

IT WAS IMPOSSIBLE TO MAKE EXCEPTIONS.

It was impossible to make exceptions in regard to dumping, because the obvious fact was that goods were being dumped into Canada.

EVERY DOMINION WHICH WAS KEPT OUTSIDE.

Every Dominion which was kept outside the Empire would be a disadvantage to the Dominion.

THEY CONSIDER THE PRESENT OUTLINE.

They consider the present outline of the Bill as a fair one, and they are glad to see that the limitation of imports means a limitation of exports.

THEY ARE SURE TO BE SUCCESSFUL.

They are sure to be successful in their efforts to secure the passage of the Bill, and they are confident that the Government will be able to do so.

Description of the Final at Chelsea.
DIMMOCK'S GOAL.

London, April 22. Reasonable prospects of the King's Cup for 12 months ago in London in 19 years, proved extraordinary in today's Chelsea.

The report that a German force of 200,000 men was marching towards the British was regarded as a serious development.

It is recognized that the Germans have no far ahead the greatest will resist but the good impression which their attitude has created will be maintained by an attempt to appeal to force.

A most serious view is taken of the attitude of the Warsaw Government, recent happenings strengthening the conviction that the extreme gravity of the position is imperfectly appreciated at Warsaw.
