FORD GRABBAR AGRICULTURAL

Wakelwell "Castrol" Motor Oil

NOTHING would suit us better than the opportunity to show you the capabilities of Ford Cars and Trucks. Pick out the fastest, roughest, toughest bill in your neighborhood. The Ford Engine will take you over it with power to spare. After all, that is the test the sturdy Ford—a marvel of power, simplicity, endurance and economy—survives every day on every kind of road. Ford power is steady, smooth, instantly responsive—always there when wanted. Ford power is steady, smooth, instantly responsive—always there when wanted. No wonder the Ford is the preference of more than half the car owners in Kenya. Galaxy is the answer. Ford service maintains your Car in the road at frayed low prices that cannot be equalled for any other make.

DUFFY'S GRASSER  
INGENUOUS DEVICE.

Signs have been waiting lately to prove that Kenya is getting used to the power of electricity and the light.

The machine, called the Harper Township Grasser, has been patented by two well-known local inventors, who have even their name to the invention, and it has been entirely constructed by a locally born manufacturer.

A visit was paid to the above works of Messrs. Harwood and there Mr. Townsend, one of the inventors was found already at work explaining the working of the machine to a list of interested people.

The machine in question was the first to be turned out in the country and it is a simple and efficient device which has already a large number of orders for it.

During the preliminary work Mr. Townsend had the machine set up in the workshop and it was found that it was a very simple and efficient device.
