PROTECTION

A European Need in Nairobi.

MANY GROWLS
(By MERRA).

Everyone is making suggestions these days and as I do not want to be left out of the fun, I will venture to suggest that Kenya Colony shall be turned back into a Protectorate over Europe.

I personally was professed from the ranks of vagrant Africans who daily swear through my compound walls that they will work and find a way to get something to eat. You may remember that when I was in the Colony, I was a member of a Land Settlement Committee.

The function of the Board are to receive reports and make recommendations to the Minister of Lands and Settlements.

(1) The disposal of Crown lands for settlement purposes.

(2) The acquisition of private land by public enterprise, whether by purchase or lease.

(3) The nature and extent of the existing water supply of the land and the distribution of the same.

(4) The nature and value of the land for settlement purposes.

(5) The demand for other land in the Colony for settlement purposes.

(6) The nature and extent of the land for settlement purposes.

(7) The nature and extent of the land for settlement purposes.

Everyone is making suggestions these days and as I do not want to be left out of the fun, I will venture to suggest that Kenya Colony shall be turned back into a Protectorate over Europe.

I personally was professed from the ranks of vagrant Africans who daily swear through my compound walls that they will work and find a way to get something to eat. You may remember that when I was in the Colony, I was a member of a Land Settlement Committee.

The function of the Board are to receive reports and make recommendations to the Minister of Lands and Settlements.

(1) The disposal of Crown lands for settlement purposes.

(2) The acquisition of private land by public enterprise, whether by purchase or lease.

(3) The nature and extent of the existing water supply of the land and the distribution of the same.

(4) The nature and value of the land for settlement purposes.

(5) The demand for other land in the Colony for settlement purposes.

MOMBASA CHAMBER

Representation on Port Advisory Board.

ASSOCIATION MEETING.

A meeting of the Mombasa Chamber of Commerce and Agriculture was held on Wednesday, May 10, 1913, at the Chamber. Mr. Clarke was present. He was asked to resign from the Port Advisory Board, but he felt he could do better work for the commercial community off the Board than on it.

The President expressed regret at Mr. Clarke's resignation for he had done better work than any of the Chamber's representatives on the Board. Mr. Clarke said the commercial representatives on the Board were very much in the minority and the rest of the Board seemed to have very different opinions as to publishing what happens. Being off the Board would be perfectly from the President's point of view. The President stated this question would come up later, as the Chamber would have to elect a member to replace Mr. Clarke. The President stated the meeting had had resigned also because the Board is in office hours. If the meetings were held in the evening he would attend as often as meetings would be called.

ASSOCIATED CHAMBER. The following resolutions to be submitted at the half yearly meeting of the Association were approved:—

RESOLUTION. That the attention of the Government be drawn to the urgent necessity of having the supremacy of the Colony at the earliest possible date, as the uncertainty now prevailing is having a most damaging effect on the business of the country.

RESOLUTION. That the Government be urged to immediately bring about an improvement in the present law relating to the interpretation of the English law, either by introducing the English Statute Law or by introducing a new and suitable Statutory Ordinance.

10,000 MILES

IS GOODYEAR TYRE AVERAGE.

Where road conditions are ideal naturally pneumatic tyres will give longer and more satisfactory mileage. Rough, rutty or stony roads increase both tread and fabric wear. But a fair trial of what Goodyear tyres can average from all kinds of roads in all parts of the world is given by a course recently completed where owners from all parts of the world were consulted and facts obtained. This data showed the average life of Goodyear tyres to be 9774 miles.

Applying the New Wages in the District

A WEDDING.

FROM OUR OWN CORRESPONDENT.

It is a pity that the rains have at last broken much to the relief of everybody, as matters were beginning to look most serious. The country was quite a different aspect and many people were contemplating plunging in their houses have been saved just in time.

WEDDING.

On May 11 the marriage took place between Miss Mary Resford of the Highlands and Mr. Deane of the Highlands. The happy couple were every possible happiness wish in their new state.

The following new comers are welcomed to the District—
Mr. W. Gordon,
Mr. Walker,
Mr. Barker,
Mr. McInnes,
Mr. and Mrs. Scott,
Capt. Scott Higgins, Asst. Napt., Police,
Mr. Gladby, Asst. Dist. Commissioner.

ROADS.

The P.W.D. have suddenly ceased work on the Charangani Road, so it left with no beginning and no end and is quite useless.

There was a well attended meeting of the Trans-Nairobi Executive on May 7 at the Resident Commissioner's Court. A large gathering was present and the following business was transacted—

After the minutes of the last meeting had been read and approved, the Acting Secretary, Capt. H. P. H. B. Moore, moved in his place regarding the reduction of Native wages. Capt. Humphreys proposed and Capt. Small seconded—

1. That from the 1st June the maximum wages for shamba labour shall be 25/- or shillings 4/- per month and that rates in pay shall be the rate of 20/- or 2/- (six pence) after 8 months work, all existing contracts to stand pending completion.

All farmers in the District be requested to take the effect of the above and to pledge themselves to stand by the resolution.

Mr. de la Harpe proposed and Mr. Lewis seconded—that the standard day per man be fixed, issued in a Captain's tin and that 1 khalak per day per man be issued to casual labour.

Mr. Halliwell proposed and Capt. Johnston seconded—that the wages of the ordinary labour shall be reduced by 25 per cent this not to include any allowances. All done 3 resolutions were carried, *con. con.*

Proposed by Major Le Breton and seconded by Mr. Clouston—that a scale of wages shall be laid down for unskilled labour and that on boys other than shamba labour, shall be taken on in future without a quit from their previous employer, stating wages last paid.

Carried *con. con.*
Mr. Reilly proposed and Major Le Breton seconded—that the Resident Commissioner be asked to draw up a Proclamation in the usual form explaining the reduction of wages and the reasons therefor. Carried *con. con.*

(Note: It has since been decided to ask employers to send their Headmen to meet at the Resident Commissioner's office on Wednesday May 10, when the Resident Commissioner will read out the proclamation and explain the reasons for the reduction of native wages.)

Report was prepared by the Association at the Government's decision to transfer the A.D.C. Major P. C. Jack to another District, and it was decided to write a letter to the Chief Secretary asking him whether this decision could not be reconsidered, on the grounds that Major Jack's transfer at the present juncture would be detrimental to the interests of the District.

Mr. Kirk proposed and Capt. Humphreys seconded—that a letter be written to the Commissioner of Lands, asking that such plots in Kiambu Township, as are not affected by the acquisition committee be put out to traders without delay. Carried *con. con.*

After a vote of thanks had been proposed by the President to Capt. P. H. Moore, he retired to his private secretary, for the work he had done during his term of office, the Meeting broke up.
