Writing in "THE BRITISH MEDICAL JOURNAL" April 23rd 1921, The President of the Tuberculosis Society of Great Britain said:—  
 "The amount of contamination required to infect and young children to milk obtained from dairy cows suffering from tuberculosis is so infinitesimal that over one million dairy cows in this country show no tuberculous, and there would be no tuberculous milk in the European states of affairs. Scientific and prophylactic work on this point, and the true situation, and steps to be taken to prevent such cases."

Economy

Ford car economy in first cost, in fuel cost, in maintenance cost makes it the car for the smart motorist.

The secret of Ford car economy is the Ford engine—simple and powerful, but using a minimum of gas and oil for a maximum of mileage.

Ford car sturdiness is a feature which assures economy of maintenance as well as operation.

Repairs and parts for Ford Cars supplied by Ford dealers and service stations throughout the world are provided by the Ford Motor Company, reducing to a minimum the cost of keeping a Ford Car constantly at maximum efficiency.

PRICE NOW REDUCED. TOURING CAR. Fla. 3,250 (Nairobi).
