For us to tell the public what a marvellous car the new Overland Model "4" is.

Owners of these cars do this for us. They are without doubt the most cheerful and enthusiastic people in Kenya Colony at the present moment.

They have found the Model "4" so far superior to any other car they have seen or driven on the roads and tracks of this country that their enthusiasm is boundless.

Ford
A MARVEL OF ENGINEERING SKILL
EVERYWHERE you go in this district you see Fords surmounting all sorts of road difficulties in every kind of weather. You see Fords that have stood the strains of daily use year after year and still are going strong as ever.

Some Fords have been on the road so long that little is left of the car but the chassis. But still the wonderful Ford engine is providing more than enough power for day in and day out service.

What a marvel of engineering skill that Ford engine is! It was right in the beginning. The most skilled engineers have not found a way to improve upon it.

Service is as important as your car. We render Ford service. No matter where you go you get the same ready service as we give you here. Ford dealers and service stations are established throughout the country.

**PROFESSIONAL
 CATERPILLAR AND

THE GUIDING THREAD

[By "A. M. B." (see p. 10)]

Few people who have been read-
 ing the Kenya Colony for a few
 months will have seen one of those
 beautiful night-crawling caterpillars
 which were so common in the
 hills of the country long ago.

It was in the country long ago
 that I first saw one of these
 beautiful night-crawling caterpillars
 which were so common in the
 hills of the country long ago.

From the ground to the sky and
 from the hills to the ground the
 caterpillars were everywhere.
 Each caterpillar was a different
 color and each caterpillar was a
 different size.

The length of each of the caterpillars
 was about one and a half
 inches.

As I walked around the trunk of
 the big tree surveying the wonder-
 ful things that were all around me,
 I found they were descending from
 the top of the trunk to the bottom
 of the trunk.

NEW LAWS

General Provisions of the Session's Measures

VARIED SUBJECTS

Under one aspect of the general measure which is the subject of the Bill before the House is the Legislative Council. In the measure before us there has been a change in the name of the Council from "Legislative Council" to "Legislative Assembly." The change is a result of the fact that the Council has been re-named in order to bring it into line with the name of the Legislative Assembly of the United Kingdom.

The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively. It is now before the House of Lords.

PRISONS.

The Solicitor General introduced a Bill to amend the law relating to prisons. He pointed out that under the present law it is possible to have a man in prison for 12 months without being tried. The Bill proposed to amend the law so that a man should not be kept in prison for more than 12 months without being tried. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

NATIVE TAXES.

Mr. Watkins introduced a Bill to amend the Native Tax and Poll Tax Ordinances, 1913. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

PUBLIC HEALTH BILL.

The Principal Medical Officer introduced a Bill to amend the Public Health Bill. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

THE MOUNTAIN PROTECTION BILL.

The Minister of Agriculture introduced a Bill to amend the Mountain Protection Bill. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

THE MOUNTAIN PROTECTION BILL.

The Minister of Agriculture introduced a Bill to amend the Mountain Protection Bill. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

COPIED LAWS.

The Attorney General introduced a Bill to amend the Copied Laws Bill. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

that he brought this forward also at the request of the Secretary of State for the Colonies. who pointed out that at present the law does not take into account the fact that the result of the existing legislation is that a person who is convicted of a crime and is sentenced to a term of imprisonment is liable to be kept in prison for a longer period than he is entitled to be kept in prison.

The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively. It is now before the House of Lords.

MAINTENANCE ORDERS.

The Solicitor General introduced a Bill to facilitate the enforcement of maintenance orders made in England and Ireland and vice versa. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

CUSTOMS AMENDMENT.

The Minister of Customs introduced a Bill to amend the Customs Act, 1913. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

LAND TITLES.

The Attorney General introduced a Bill to amend the Land Titles Act, 1913. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

ADMINISTRATION OF ESTATES.

The Attorney General introduced a Bill to amend the Administration of Estates Act, 1913. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

DOCTORS.

The Minister of Health introduced a Bill to amend the Medical Practitioners and Medical Dentists Act, 1913. The Bill is intended to provide for the payment of a tax on the land of the natives. The Bill passed the first and second readings in the House of Commons on the 10th and 11th inst. respectively.

FORD CAR

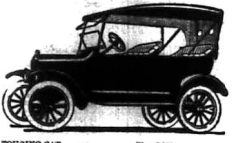

DEPENDABILITY.

IT IS a fact that no matter where any other car can go, a Ford Car will go farther. You know that—have seen it proved many times.

But do you know why?

Because—the light weight of the Ford Car, with its strong sturdy construction, driven by the Ford engine enables it to travel where no other car could get through.

—Its ample clearance carries it over obstructions where most other cars would be hopelessly stuck.

NO CREDENTIALS.

We published in our columns last week a letter from the Secretary of the Convention of Associations in which it was stated that certain resolutions of the Convention had been approved as the official channels of communication with the Home Government. It will be remembered that the Convention had been appointed as the official channels of communication with the Home Government at the end of last month.

It is a fact that no matter where any other car can go, a Ford Car will go farther. You know that—have seen it proved many times.
