Man and Leopard

A THRILLING FIGHT IN A PIT.

The "Daily-Satellite Times" describes a sensational incident that took place at mile 80 near Nairobi.

It appears that Mr. Turner, at the urgent request of the Jumbe, set a trap for a leopard which had previously terrorised the village. After Major Broadbent, D.A.C., had sent word to the Kenya Police Force:

TO THE FOREFRONT.

Below is the Article, largely addressed by Major General Sir G. S. Edwards, G.B.E., C.M.G., D.A.C., Commandant-in-Chief of the Kenya Police Force:

"I am particularly glad to note that the King has given me an opportunity to tell you of one or two incidents which have occurred recently in our force. I hope you will forgive me if I do not go into all the details of each case."

"To begin with, Mr. Turner's trap was sprung on Monday morning, and he and his son were dead. Mr. Turner and Major Broadbent were off to investigate the trap, the former armed with a rifle. Mr. Turner led the way, followed by a companion who had not seen many lions while hunting."

"The party had not seen many lions when Mr. Turner, who was in lead, and his son disappeared, and a long search through the bush westward, he found Mr. Turner lying writhing with the brute in a deadly struggle. Both lay dead.

"A large number of magnificient big cats were there, and it was well nigh impossible to tell which was the stronger."

For some time it was impossible to reach Turner's body, but finally in answer to shouted commands from Major Broadbent, Mr. Turner's son had all but exhausted his human strength, laid the brute from him and called Major Broadbent. He then crawled over to the leopard. The youth and presence of mind displayed by Mr. Turner have been highly称赞ed.

Thanks to the boy's decisive manner, and to his unusual skill in handling his gun, Mr. Turner now has a fair chance of recovery.

Motor Trials

RESULTS OF GROUP TESTS YESTERDAY.

GOVERNOR'S CAR WINE.

A particularly large crowd gathered at the Railway Station on yesterday morning to witness the start of the London motor trials which had been organized by the R.M.A.A.A.

There was a large number of spectators from the Colony, belonging to Government House, who covered the course carrying a camera and a cine-camera.

M. M. Harton, M.P., and Mr. Edward Norton and Mr. Leslie Hartley, the car was driven by Mr. Edward Norton with Capt. Collier as co-pilot.

The arrangements went off without a hitch. All the apparatus used was in working order and satisfactorily.

The trials were held in a very friendly and cordial atmosphere, and the arrangements made for the weighing of cars at the Railways Station were excellent.

The following were the results and rules governing the trials, the formulae and the prizes offered.

Prizes were offered by the R.M.A.A.A. for two in Nairobi Colony.

ROUTE.

Bondo - Wethersfield Hill, past Club and Off. Links off N.W. road. At mile 10 turn to right along N.E. road Bondo. Turn right, cross railway, and road straight on to Nairobi. N.W. road to Nairobi. Cross N.E. road, Club Hill and 6th Avenue, road outside Motor Mans and Club.

Observations.

Instructions.—On your route one can only see the light commercial drivers and drivers of the open-topped vehicles of the public.

Schedule Time.—The schedule is 10 M.P.H. Let me speak of the speed limit which is 10 M.P.H. I would like to see 10 M.P.H. which is 5 miles per hour.

Formulae.—Add 10 miles for every 1000 feet above sea level, and divide by 1000, although two hills may affect the speed.

Time.—I would like to see a longer time to take account of 10 per cent. more time per hour under normal conditions.

Competitors can enter the contest as quickly as they like.

Prize Money—nothing.

Formulae—Add 10 miles for every 1000 feet above sea level, and divide by 1000, although two hills may affect the speed.

Time.—I would like to see a longer time to take account of 10 per cent. more time per hour under normal conditions.

Competitors can enter the contest as quickly as they like.

The general state of this road was good, although two hills may affect the speed.

Competitors of this trials were asked to be sufficient, and all the cars except one of the journeys made the schedule at 10 miles per hour, except the time and had trouble with the drifts.

Motor Cars—The main car driven by Mr. Harton, a very heavy duty vehicle, had a great deal of difficulty in getting up the hill, and was unable to pass the hill.

The following is the result of the trials:

The first was the competition for the Merchants' Shield.

The first was the competition for the Merchants' Shield.

The second was the competition for the Merchants' Shield.

The third was the competition for the Merchants' Shield.

ROADS AND PRESS

To the Editor of "The Standard".

Sir.—I wish to tender my best thanks for the information you very

kindly gave me in your article on the subject of hives.

The ringtail or a new set of

hives in a new district in a

poorly populated district is a

species of nuisance and the bees

will soon swarm out and settle

for a space of years—I think it

is six—in order to qualify for the per-

petuation of their race.

The inhabitants have plenty of time

to clean out or purchase swarms

for their cars if they don't like bees

Railway Whist Drive

ANOTHER PLEASANT EVENING AT THE INSTITUTE.

What Drives appear to be popular in Nairobi just now, judging by the number of people who turned up at last Saturday's game, it is evident that the public are interested in the game.

Makindu Goli said the day previous to the game he had

had a very hard time, as he had not been able to get a place to sit down and rest.

On Saturday evening he did not start until nine and after ten rounds an adjournment was declared.

The following day he was playing again, but at eleven o'clock and then dancing.

He is supposed to be the following day:

—Prest, Mrs. Baldwin, Mr. and Mrs. H. H. Studdard,

Gerrit's —First Prize, Mr. Harvey —Second Prize, Mr. Digby —Third Prize, Mr. Har-

Upline Notes

From our Correspondents.

The effect of some recent heavy rain has been manifested in the increase of the number of people who turned out at the Institute on Saturday evening.

Mr. Makindu Goli said

that about 60 people attended

the drive and several others came later.

The drive itself was

finished in a very short time.

There were two or three

more drives on Saturday

and one on Sunday.

On Saturday evening he

Echoes of the Week

What of —
It is found the site of a large house which had been mentioned in connection with the late Mr. J. B. M. was to be disposed of.

The experts are truly a feast on which the local police are to be congratulated.

Mr. Watson, late of Woburn and Steven, Norfolk, is claiming a sum of £10,000 damages from the owners of this house.

Not long ago I mentioned the opening of the new railway station.

This has been a source of much trouble, and Mr. Watson is now

claiming compensation for the damage

caused by the new railway camp-

which are springing up in the vicinity of the new station.

There was a sum of £10,000 given

to the owners of the house by the

C.R.B. for its demolition.

That would be the case if

the C.R.B. had been a

company of experts.

Messrs. Keyell & Son, have claimed

that their name has been used

in connection with the man-

agement of the new railway

station.

Soldier settlers are demanding

the borders of their neighbourhood

and the compensation must fulfil

the terms by the end of December.

Hopers are expressing a desire

to take over the man-

agement of the new railway

station.

Bomber, and Hare

distances are now within reach

of the soldiers who are to be trans-

ferred from the effects of

drought, and maize planting is al-

most in progress.

Concerning developments

on their newly acquired prop-

erty, the names of the men

who are to be given preference

are to be known in due course.
