When the frogs begin to croak—

And you know the monsoon is coming, you will be glad that you insisted on having Brooke Bond Tea in the famous vacuum-packed tin.

The vacuum tin is a complete protection against damp and heat. Mildew cannot attack the tea in it. Wherever you are, in any climate, you can be sure of enjoying a perfect cup of tea made from Brooke Bond tea, the tea in the vacuum tin. Even if you kept the tin for years, you would still find its contents as fresh and fragrant as the day they were packed.

Ask for Brooke Bond Tea in the patent vacuum-packed tin.

This is only one of the many reasons why Brooke Bond Tea is the best tea in the world.
