The following information is required to support of wheat and wheat flour...

Wheat Flour of 400 lbs. Weight Flour and Ash in bulk of 200 lbs.

FORD LUBRICATION

In East Africa, many FORD Car owners, who are influenced by the climate's temperature rather than the actual requirements, make a serious mistake in the selection of their lubricating oil.

The operating temperature is the only factor which need be considered when determining the correct lubricant for an engine. The effect of the climate's temperature upon the operating temperature is so slight that it does not in any way require the selection of the correct oil.

Engole Mobiloil "E"

In a new driving lubricant under all conditions, Mobil fully satisfies all the demands of the special needs of the FORD car.

KNOW UP AFRICA
DR. ROBERT WILLIAMS AND THE FUTURE

Dr. Robert Williams has shown the world that the future of Africa lies in the hands of the people. He has shown that the continent is not a wilderness, but a land of promise. He has shown that the people of Africa are not ignorant, but intelligent. He has shown that the future of Africa is not in the hands of the white man, but in the hands of the black man.

PARKLANDS FURTHER ESTABLISH THEIR LEAD

A Last Minute Victory

SENDER BEATEN BY STAYING POWER

Up till the moment the first half was over, the game was very hot and was scored. The game was very hot and was scored. The game was very hot and was scored.

As in previous seasons the same old team stood out—good work in defence, good passing of the forwards in the half-back, and keeping the ball in play.

The following were the teams: Parklands: Davies; Ridge; and Wynn; Anderson; Barker

Tea.

The best tea in India costs no more than the commonest in England, and when it is packed in an ordinary tin it too often tastes no better.

The vacuum tin is the only way of preserving the flavour and aroma of fine tea in the Indian climate. Brooke Bond tea is the only tea packed in the vacuum tin.

With the air exhausted from this package, no damp can enter, no insects can survive.
