The difficulty of dealing with sewage in the same drains as the surface

water (a method generally open to strong objection in a tropical country) is at present to be overcome by obtaining a supply of flushing water from

the River Nairobi above the town, turning it into the system of drains,

The comparatively large extent of the town, and the very heavy rain

falls which occasionally occur, make it necessary for the main sewer to be of considerable size. At the lowest end it is 6 ft 3 ins. by 4 ft 2 ins., egg-

A Sitting of the East African Courts of Appeal at Mombasa.

APPEALS AGAINST DEATH SENTENCES DIS-

In July, 1905, Mr. George Bransby Williams, A.M.I.C.E., of Wasiminster, was sent out by the Colonial Office, to report on the Drainage Question of Nairobi and he reported that, contrary to the generally expressed opinion, there was no particular difficulty in draining the town, except the disproportionate area which it occupied. He suggested a plan on which the town should be laid out and developed, and recommended that extensive drainage operations should be carried out and a considerable sum of money reports or springs works of swings kinds. In July 1905, Mr. userge pressure was sent out by the Colonial Office, to report on the Drainage Quession on Misserial Agreement of the Colonial Office, to report on the Drainage Question on the Colonial Office, to report on the Drainage Question on the Colonial Office, and a commencement was made on it last year. #### An Interesting Discovery.

We have recently become possess-ed of several bronze coins of very great age. Their history can be traced back five years when they were discovered among some rains in the old Town of Mombasa. Further than this we can find no trace of any record consequently it is open to conjecture how they originally reached these shores. Four of the coins are in a good state of preservation. The obverse side of three bear the heavily embossed of three bear the neavily embossed portrait of what is apparently a Roman Emperor wearing a wreath of laurel, the robe around the bust FIXED DEPOSITS.—Deposits are received for lized periods on terms which may be learned Roman togat. On the fourth coin there appears a different portrait. In this instance a curled heard in and in place of the wreath of laure hair and forehead with the ends falling across the neck. contented themselves by waiting until the papers had been made public as promised by the Colonial Secretary. This action of the Colonists' Asso-

ciation must be regarded as tactless, stupid and deserving of the soub which must inevitably follow such unconstitutional methods.

We deeply regret the Colonists' Association has laid itself open to the condemnation of the majority of the un-official population. Such a condemnation, though necessary, only tends to weaken the hands of the

people.

The suspended Unofficial Members of the Legislative Council have now been definitely removed from the Council. The matter is closed and the country has suffered a severe blow. The Public, however, must not allow this unpleasant incident to interfere with united efforts to bring about such reforms as may be necessary in the interest of the ountry. It must be remeinbered that our Government, indeed all Governments are ant to look too such on their own side of affairs. at the same time it must be remem bered that in a number of instance where the Public view has been properly put, it has been allowed very considerable weight. It often happens that the members the Government are equally as anxious for reform in one or more particulars as the Public and some imes are in the process of attempting to provide the necessary nachinery at the very time the public voice is most clamorous in denunciation.
