Tyres With a Unique Reputation for Wear

The great popularity of Goodyear Tyres rests solidly upon their demonstrated economy. This is more conspicuously true today than ever before, for Goodyear Tyres are better today than ever before.

You have only to compare them with others to see their manifest superiority. If you want to be sure of economical equipment for your car--why not use Goodyear Tyres from now on?

FORD SERVICE.

"We Sell and Serve Ford Cars." "The desire to serve well is at the base of the most successful modern organization and service is the mainspring of business machinery to-day."

This desire to serve well is not only the desire of a Ford dealer here and there about the country. It is the byword of an entire organization of thousands of dealers and service stations. It is the spirit of a business founded on service and maintained by the service ideal.

Ford Cars are built to run and give to their purchasers the service for which they paid. How good the factory service is in this respect is testified to by hundreds of thousands of owners.

Once the car is in the hands of the owner, then the Ford dealer is ready and waiting to see that the machine functions properly for you at all times. It doesn't take a skilled mechanic to operate a Ford product. They are always on the job and expert service at lowest cost is available on a moment's notice.

Ask a Ford owner about the service angle and then have your dealer explain how his organization is built to serve YOU.

WHEN YOU BUY MILKMAID MILK
 INSIST ON TINS WITH THE WORDS "PREPARED FOR EXPORT"
 printed in RED INK across the face of the label.

Considerable quantities of Milkmaid & Nestle Milk have been imported into E. Africa by a firm that has no official connection with us, and we do not guarantee such milk. The labels on these tins are not represented as above, and apparently emanate from stocks supplied, some considerable time ago, to colonial Governments under retaining conditions in the above Trade.

UGANDA OFFICIALS AND THE RELATION TO RENTAL.

The following is a copy of a letter from the Uganda Revenue Office, dated 15th Feb. 1923, addressed to the Chief Secretary to the Government.

On behalf of the Uganda Revenue Office, we have the honor to request His Excellency the Acting Governor to be pleased to forward the enclosed Tables to the Honorable the Secretary for the Interior, by his letter, by the most convenient means.

The European Civil Service is a body of officials who are employed by the Government of Uganda. The tables show the allowances payable to these officials.

It is noted that the tables show a considerable increase in allowances for certain grades of officials, particularly those in the higher grades.

The tables also show a provision for a special allowance for officials who are employed in certain districts, particularly those in the more remote areas.

The tables are prepared in accordance with the provisions of the Uganda Revenue Code, and are intended to provide a basis for the payment of allowances to officials.

The tables are subject to the approval of the Honorable the Secretary for the Interior, and will be forwarded to him for his consideration.
