## IF YOU PLANT PLANT WELL!

With the Start of the Railway Construction Works an important local market for maize has been created. Take advantage of this by producing a remunerative crop promising a quick return. With the past dry season behind us we can look forward to plentiful rains in the future ensuring abundant crops if properly planted.

THE NEW HOOSIER PLANTER is the implement to use to secure satisfactory results, because (1) The grain will be dropped uniformly at any spacing required (2) It is light in draft and consequently permits the small East African Ox to plant a large area in a minimum of time. (3) It is strong and fool-proof suited to inexperienced Native labour. A special leaflet will be sent on request.

MINING LAWS
Report of the Select Committee
PARENT LEGISLATION TO BE SCRAPPED
NEW PRINCIPLES FOR GRANT OF LICENCES

The report of the Select Committee on the Mining Laws which was laid on the table of the Legislative Council on Friday, yesterday, has been read and discussed by the members of the Council. The report is a long and detailed one, and deals with the various aspects of the mining laws, including the grant of licences, the payment of royalties, and the regulation of mining operations.

PART II. DETAILS
(1) The Committee has recommended that the parent legislation should be repealed, and that a new set of laws should be enacted. These laws should be based on the following principles: (a) The grant of licences should be based on the merits of the applicant, and not on the payment of a fee. (b) The payment of royalties should be based on the value of the minerals produced, and not on the area of the mine.

(2) The Committee has also recommended that the mining laws should be simplified, and that the various provisions should be brought into line with the modern requirements of the industry. (3) The Committee has further recommended that the mining laws should be made more flexible, so as to enable the Government to deal with any unforeseen circumstances.

(4) The Committee has also recommended that the mining laws should be made more effective, and that the various provisions should be enforced more strictly. (5) The Committee has further recommended that the mining laws should be made more equitable, and that the interests of the miners should be protected.

(6) The Committee has also recommended that the mining laws should be made more comprehensive, and that the various aspects of the industry should be covered. (7) The Committee has further recommended that the mining laws should be made more practical, and that the various provisions should be based on the actual requirements of the industry.

(8) The Committee has also recommended that the mining laws should be made more efficient, and that the various provisions should be carried out more effectively. (9) The Committee has further recommended that the mining laws should be made more effective, and that the various provisions should be enforced more strictly.

(10) The Committee has also recommended that the mining laws should be made more equitable, and that the interests of the miners should be protected. (11) The Committee has further recommended that the mining laws should be made more comprehensive, and that the various aspects of the industry should be covered.

(12) The Committee has also recommended that the mining laws should be made more practical, and that the various provisions should be based on the actual requirements of the industry. (13) The Committee has further recommended that the mining laws should be made more efficient, and that the various provisions should be carried out more effectively.

(14) The Committee has also recommended that the mining laws should be made more equitable, and that the interests of the miners should be protected. (15) The Committee has further recommended that the mining laws should be made more comprehensive, and that the various aspects of the industry should be covered.

NOTICE UNDER-SECTION 2 SUB-SECTION (2) OF THE PUBLIC TRAVEL AND ACCESS ROADS ORDINANCE 1920

The Mashaka District Road Board having made investigation and reported upon the necessity for a line of public travel and its location, and the Mashaka District Road Board has now decided to construct a line of public travel in the Mashaka District. The line will be from the Mashaka District to the Athi River, and will be about 100 miles long. The Board has now decided to open a public subscription for the purpose of raising the necessary funds for the construction of the line.

The Board has now decided to open a public subscription for the purpose of raising the necessary funds for the construction of the line. The subscription will be open for a period of three months, and will be held at the Mashaka District Office, Nairobo. The Board has also decided to open a public subscription for the purpose of raising the necessary funds for the construction of the line.

Presented to the Legislative Council on the 20th day of April, 1922.
The Commission of Enquiry into the Administration of the Public Travel and Access Roads Ordinance, 1920, has the honor to report to the Council on the progress of its work during the past few months. The Commission has held several public hearings, and has received many suggestions from the public. It has also conducted extensive research into the various aspects of the Ordinance, and has now completed its report. The Commission has found that the Ordinance is in need of amendment, and has recommended a number of changes to be made. These changes are set out in the accompanying Bill, which the Commission has the honor to submit to the Council for their consideration.

THE CONVENTION
President's Review of Past Year's Work

MANY IMPRtant ACHIEVEMENTS RECORDED
INDIAN, CURRENT AND NATIVE AFFAIRS

In the course of his address to the Convention of Associations last week the President, Mr. A. K. Ganga, surveyed the many matters which the Convention had dealt with during the past year. He referred to the various resolutions passed, and to the progress made in the various fields of activity. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees.

Mr. Ganga also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees.

Mr. Ganga also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees.

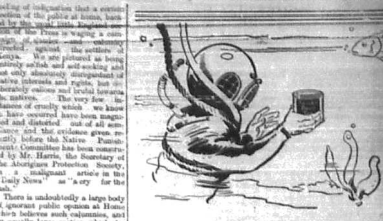

Mr. Ganga also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees.

Mr. Ganga also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. He also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees.

Mr. Ganga also mentioned the many achievements of the Convention, and the work done by the various committees and sub-committees. Water-proof

The patent Brooke Bond vacuum tin will stand any test. Sink it in the sea, expose it in the sun, it will still keep its contents crisp and fresh and fragrant.

The Brooke Bond vacuum tin preserves the fine flavour of the tea inside it for any length of time, in any climate. It is damp-proof, dust-proof, insect-proof, No other tea, and no other tin, is so good.

Ask for Brooke Bond Tea in the patent round vacuum tin. The patent round vacuum tin keeps the Brooke Bond tea in perfect condition in warm countries and keeps the Brooke Bond tea in perfect condition in warm countries.

THE EAST AFRICAN STANDARD FIGHTING THE INCOME TAX

IMPORTANT Manifesto by Taxpayers' Protection League

WHAT HAS BEEN ACHIEVED AND WHAT STILL REMAINS

THE DUTY AND INTEREST OF THE PUBLIC THE EDITOR, 'E.A. STANDARD,' NAIROBI. INCOME TAX.

SH-1 enclose herewith copy of a letter and financial summary which emanates from the Taxpayers' Protection League...

There are, no doubt, a number of taxpayers who do not belong to a District Agency...

As you are aware, the subjects of this tax have been treated on the question of Income Tax, firstly by the REFORM PARTY's charter...

The objects of the League are to study every measure in its power to obtain the repeal of the law...

You are no doubt also aware of the opinion of ministers to hand shortly, and the great expense of obtaining such information has been given by the League...

It is desired to make this League so powerful that it may be an event to remember...

THE TAXPAYERS' PROTECTION LEAGUE has been formed by a group of tax-payers...

If the Members of your Association will consider the proposals hereunder...

Commercial and TAXPAYERS' PROTECTION LEAGUE is now in existence...

It must not be forgotten that in old established European and other countries...

It may possibly be thought that because no demand is made from the Commissioner of Income Tax...

It is not possible to see how the Commissioner of Income Tax can do anything to enforce payment...

In conclusion I can assure the Members of your Association that neither our labor and our money...

I AM Yours faithfully, S. DONNIFLY.

P.S.-I have, perhaps, omitted to make clear that any person giving a donation...

THE TAXPAYERS' PROTECTION LEAGUE

Constitution and objects of Income Tax, 1926.

## SHADE FOR COFFEE.

Coffee Planters are today unanimously of the opinion that the  
adoption of the Coffee Shade Net in the country of a shade tree  
which will protect the trees from the burning rays of the tropical sun  
without robbing them of the necessary soil moisture.  
Such a tree can be seen at KAGARINI, NAIROBI. Miles  
from Nairobi on the Nairobi-Mombasa Road, in the  
KIAMBU ROAD, under which coffee trees have yielded excellent  
crops for the past 12 years. Inland crops of drought, though the  
opposite view taken by critics, who have denied this shade tree plant  
crops of the highest grade.  
A Nursery has been started and orders are being booked for  
seedlings for the November year.  
Price 10/- per 100 Lvs. Nairobi, Kenya, 1923.

Apply: H. DOUGLASS,  
Manager, Kyanika, of  
J. G. ARONSON, Nairobi,  
P. O. Box 469, NAIROBI.

## IF YOU PLANT PLANT WELL!

With the Start of the Railway Construction  
Works-an important local market for maize has  
been created. Take advantage of this by pro-  
ducing a remunerative crop promising a quick  
return. With the past dry season behind us we  
can look forward to plentiful rains in the future  
ensuring abundant crops if properly planted.

THE NEW HOOSIER PLANTER is the implement to use to secure satisfactory  
results, because (1) The grain will be dropped uniformly at any spacing required  
(2) It is light in draft and consequently permits the small East African Ox to plant  
a large area in a minimum of time. (3) It is strong and fool-proof suited to in-  
experienced Native labour. A special leaflet will be sent on request.

## Revelations of the Last Agricultural Census

"AGRICULTURAL ACTIVITY SHOWS PROGRESS," HOLD OCCUPERS, GREATER CULTIVATION, BETTER CROPS

The Agricultural Census for the year ending June 30, 1922, has been completed and the Agricultural Department has issued their Report on the figures presented.

Points from the Report are as follows:—  
 The area under cultivation has increased by 100,000 acres since 1911, showing a decrease of 20,000 acres since 1914.

The total area under cultivation is 1,200,000 acres, of which 1,000,000 acres is under permanent crops and 200,000 acres is under annual crops.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

The value of the produce of the permanent crops is estimated at £1,500,000 and that of the annual crops at £500,000.

Development in wheat growing has been rapid in the last few years and the total yield of wheat in 1922 is estimated at 1,200,000 bushels, an increase of 200,000 bushels on the 1921 crop.

The total yield of wheat in 1922 is estimated at 1,200,000 bushels, an increase of 200,000 bushels on the 1921 crop.
