KEROL. PREVENTION IS BETTER THAN CURE

It is not so many years ago that farmers thought it impossible to prevent or cure quite a number of serious disease common to live stock without the use of dangerous and noxious drugs such as arsenic, blue stone, malsferin, turpentine etc.

By the regular KEROL TREATMENT prevention has now been proved a perfectly simple matter. Prevention is not only better than cure it is very much cheaper.

A regular daily lick consisting of one ordinary Wine bottle of KEROL FLUID to two petrol tins of stock salt will keep horses, cattle and sheep in the pink of condition at all times, and protect them from nearly every common disease from which East African live stock suffer. In special times of blue tongue, winter or other epidemics it is as good to hand feed the flock or herd with a tea spoonful of pure KEROL FLUID as to give an additional ration.

KEROL FLUID is equally effective for external application in the treatment of wounds.

For a book of full directions on how to handle with safety and certainty a hundred common diseases of Man, Animal and Bird will be sent gratis and post free on receipt of a request.

COMMITTEE FOR TRIAL. (LONDON SECRETARY'S ADDRESS).

IRELAND'S D'STRESS. (LONDON SECRETARY'S ADDRESS).

Under London negotiations on Jubaland, the Egyptian Government has been invited to accept a proposal for the cession of Jubaland to the British Empire. The Egyptian Government has refused to accept the proposal, and the British Government has decided to proceed with the cession of Jubaland to the British Empire.

Mr. Lloyd George's lapse in the House of Commons has been noted by the Opposition. It is stated that Mr. Lloyd George's speech was a masterpiece of evasion, and that he had no real answer to the questions put to him.

S. P. Lui's appeal for £100,000 for the construction of a great cathedral in Nairobi has been met with a response. The appeal has been widely publicized, and many people have expressed their interest in the project.

Sir H. Wilson has been accused of being a fugitive. A committee has been formed to investigate the charges, and it is expected that the committee will report on the matter in the near future.

Mr. Laws has denied the charges against him, and has stated that he is innocent of the charges. The Provincial Government in Ireland has expressed its concern over the situation, and has called for a more thorough investigation.
