THE BEAUTY AND CHARM OF THE NYERI AREA.

Following the Work of the Pioneers.
[By W. B. Rossman.]

The prospect of a long journey toward the north has ever been a dream to those who have seen the country. It is a dream that has been realized in the beauty of the Nyeri area.

Life itself has brought smooth roads to a hitherto untraveled area. The road is a long one, but it is a road that has been made for the benefit of the people of the Nyeri area.

1. The fuel supplied must be in the above areas and will be taken to the loco stations to be supplied by the Contractor.
2. The second tenderer, will be required to send into a contract, terms of which may be obtained on application to the Chief Forester, Uganda Railway, Nairobi.
3. The Contractor must observe such rules and regulations under the Forest Ordinance which may be in force during the period of the contract, and must pay Royalties due to the Government for the wood cut, according to the rate fixed by the Government.
4. Tenders must be made per 100 Cwt. of wood cut to specification and stacked in the Railway Yards.
5. Contracts to commence on the following dates: (a) and (b) May 15th, 1920; (c) June 1st, 1920.
6. Bids tendered, marked "Tenders for Woodfuel," should reach the Chief Forester's Office, Uganda Railway, Nairobi (P.O. Box 4) not later than April 29th.
7. Bids may be obtained on application to the Chief Forester, Uganda Railway, Nairobi.
8. The lowest or any tender not necessarily accepted.

Tenders will be considered for fuel cut on private lands in the above districts, provided the general terms and conditions of contract are fulfilled.
C. L. H. FELLING, General Manager, Uganda Railway.

A CLEAN SWEEP
Last year we offered prices on the Agricultural Floor for the best broom, etc., made with "Lima" grass. The use of others is almost no price, considering it better to make our floor for brooms will support floor in the open places. Very careful users, especially those who find that they would have a better chance of success in the operations for the best broom, brooms, and other, if they used "Lima" grass and their faith in the local product has been amply justified for every floor in addition to many several others. "Lima" grass for brooms will give the best broom for the money. "Lima" grass for brooms will give the best broom for the money. "Lima" grass for brooms will give the best broom for the money.

Public Dinner to His Excellency Sir Geoffrey Archer.

TO BELIEVE IN ARBITRARY GOVERNMENT.

The Importance of Bull Protection.

A public dinner was held under the auspices of the Uganda Chamber of Commerce and Industry, on the 14th inst., at the Hotel Cecil, Kampala, on the occasion of the departure of His Excellency Sir Geoffrey Archer, the first Governor of the Protectorate, and the arrival of His Excellency Sir Charles Johnston, the second Governor of the Protectorate.

The dinner was held in the evening, and was attended by a large number of the leading members of the Chamber of Commerce and Industry, and other prominent citizens of the Protectorate.

The dinner was a most successful one, and was a fitting tribute to the memory of Sir Geoffrey Archer, and a warm welcome to His Excellency Sir Charles Johnston.

The dinner was held in the evening, and was attended by a large number of the leading members of the Chamber of Commerce and Industry, and other prominent citizens of the Protectorate.

Veterans vs. Parkland.

A game of football was played between the veterans and the Parkland team, on the 14th inst., at the Hotel Cecil, Kampala. The veterans team, consisting of several of the leading players of the Protectorate, defeated the Parkland team by a score of 3 to 0.

The game was a most interesting one, and was a fitting tribute to the memory of the veterans of the Protectorate.

A SUGGESTION.
 [By H. B. KERR.]
 The demand for camphor is ever increasing, and modern science has found that it is not necessary to wait until the tree has 20 years old before it is ready for use.
 For a thousand years or more the camphor tree has been used for medicinal purposes. The world's supply of camphor has depended upon the camphor trees of the island of Sumatra, which has been treated with sulphuric acid and dissolved in a mixture of camphor and alcohol. This acid camphor was used only for medicinal purposes. The world's supply of camphor has depended upon the camphor trees of the island of Sumatra, which has been treated with sulphuric acid and dissolved in a mixture of camphor and alcohol. up the tree. Later it was discovered that almost a pound of camphor could be got by simply taking up the dead limbs, burning and melting them in the ordinary way. This new discovery has revolutionized the camphor industry in the installation of camphor stills in various parts of the world. The camphor tree appears to grow well in tropical or semi-tropical countries.
 I have suggested to the Governor of Forests that some forest be selected from the camphor trees in the Nairobi Arboretum and sent to the Imperial Institute for reports and analysis of gum samples. Something might be accomplished establishing a new industry in Kenya.

This means more than the mere supplying and fitting of glasses. Of greatest importance is the examination which determines the glasses or failure of an attempt to make your eyes more useful and comfortable. In order that your glasses fulfill all the requirements expected of them, the examination of your eyes must be accomplished by one who is qualified by training. If you need glasses we shall be pleased to arrange for you an appointment with our optician at your convenience.

A SUGGESTION.

[By H. B. SERRIER.]
The demand for campher is ever increasing, and modern medicine has found that it is not only useful to treat small tree trunks up to 10 years old but also for medicinal purposes.

For a thousand years or more campher has been obtained by stripping down the campher tree and boiling the residue in water. This is the natural Oriental resin, from the boiling wood of the tree. This is the natural Oriental resin, from the boiling wood of the tree.

After the Ball!

The best cure for that "morning after the night before" feeling is a cup of Brooke Bond tea. It helps you to forget you were well on your feet during the small hours.

Ask for Brooke Bond Tea in the vacuum-packed tin. It costs no more than ordinary tea.

See Ladies at the Race Course. The name is on the tin, but be certain, if you buy the vacuum pack, you are getting the real Brooke Bond Tea.

A Low Priced Goodyear Tyre
30 x 3; Cross Rib Cover Shs. 92
This 30 x 3 Cross Rib Fabric Cover is a genuine Goodyear product. This tyre, while selling at a low price, is also a quality tyre, and will outwear many higher priced tyres of other makes. This remarkable Goodyear tyre is built of the heaviest quality fabric; the fabric is turted being made of long staple Egyptian cotton. This gives it strength when properly inflated which practically eliminates the danger of the side walls, as made of the same war remaining tough stock as used in the tread, this special rubber extending on from tread to bead.

THURSDAY, MARCH 25, 1923
The President of Cotton and the President of the Rubber Trade Association, when speaking at a luncheon given to the Rubber Corporation, expressed the hope that the Corporation would be able to supply the world with the best quality of rubber. He said that the Corporation had made a start in the production of rubber in the United States, and that this was a very important step in the world's history. He also mentioned that the Corporation had been successful in securing a large amount of capital for the purpose of expanding its operations in the United States.
