Germany Raises a Loan Without Authority.

A WARNING FROM REPARATIONS COMMISSION.

More Arrives of Royalist Conspirators.

London, March 29.
In the House of Commons, Capt. Woodcock (Lib. 1915) made the proposition of the German Reparations Railway Act of 1921 on the ground that the amount allocated was insufficient to meet the requirements caused by British troops, and on account of the violation in the Ruhr.

Mr. Woodcock (Lib. 1915) made the proposition of the German Reparations Railway Act of 1921 on the ground that the amount allocated was insufficient to meet the requirements caused by British troops, and on account of the violation in the Ruhr. The speaker of the House replied that there had been some improvement in the working of the act, which had cost £10,000,000 since April, and also that there was a plan to issue £10,000,000 more to meet the requirements. The motion was rejected by 145 votes to 107.

More Royalist Arrested.
The police have arrested two officers and Harry Boushock's secretary on a charge of conspiracy to subvert the king against the king. Mr. Boushock, who is head of the movement, was arrested a few days ago.

Boatmen and Repatriates.
The Thuringian Government declared the extreme Nationalist Party to be illegal on the grounds of the Commission of delegates in Allied and German Reichland. Communications have been issued stating that the delegates intend to leave with a view to ending as quickly as possible the political discussion of the Ruhr and for finally solving the reparations question with due regard to Germany's capacity to pay.

James Cameron's Return.
The French have discovered 25 secret arms caches belonging to a private Frenchman in the Ruhr. They arrested 50 officials of German ship-builders who had come to pay reparations to Germany in the Ruhr.

Is a War Contingent?
It is reported from Liverpool that the French have agreed to the evacuation of the Ruhr on the basis of the Commission of delegates in Allied and German Reichland. The French have agreed to the evacuation of the Ruhr on the basis of the Commission of delegates in Allied and German Reichland.

Paris, March 29.
The Reparations Commission's report to Germany regards a priority right over all the resources of the Ruhr, but does not indicate that the Commission may take in connection with the loan. The Reparations Commission has not abandoned Germany's right to a loan, but has stated that reparations and other Treaty charges must take precedence over the payment of interest on capital.

Germany's Claim.
Berlin, March 29.
In a speech before a committee of the Reichstag, the Foreign Minister, Herr Brüning, said that the Government had informed Germany of the reparations which were to be paid directly with the Ruhr. He said that the reparations were to be paid directly with the Ruhr. He said that the reparations were to be paid directly with the Ruhr.

THE INDIAN QUESTION. THE INDIAN QUESTION.

Another Meeting of M.P.'s in London. **Indians Under No Special Disabilities.**

VIBOOTY FEEL STRAITS FOR THE INDIA OFFICE. **Highlands Reservation Accepted.**

(From Our Own Correspondent.) **London, March 29.**

Spemally convened by Mr. Gladstone, a meeting of some 40 Members of Parliament was held today at the House of Commons to give Vibooty Patel an opportunity of expressing the Indian point of view regarding Kenya. Mr. Gladstone, his oration was an important issue. He said that high Imperialism, he said, was exactly what it crystallized exactly the need for some restriction of Indian immigration and repatriation of the Highlands for Europeans, though he apparently accepted it. He said that the Government was maintaining some European majority on the Legislative Council.

When he had finished Sir Frederick Bantock (Con. Mid. Oxford), gave his approval, and gave his opinion as to what had transpired at the recent European meeting of the House of Parliament. He referred to Col. Murchison Wilson (Con. Mid. Oxford), for confirmation as to his mood, for confirmation as to his mood, for confirmation as to his mood.

Mr. Thomas Bantock (Con. Mid. Oxford), urged the Indian point of view, but there was no resolution, and the meeting was more said than pro-India.

Striking Testimony.

JUSTIFIABLE enthusiasm for a superb machine prompted Captain H. D. C. Hertz, a well-known pilot of one of the best Continental air express, to write expressing his appreciation of the facilities furnished by his B.S.A. "Light Six."
Capt. Hertz is a motor cyclist of considerable experience, having owned practically every well-known make of high-powered machine since he became interested in the sport in 1904. After 8,000 miles absolutely trouble-free running, his opinion is considered authoritative and emphatic: "I may say that no other machine I have ridden is as fast, reliable and easy to ride as the B.S.A. 'Light Six.'"

A man who is daily trusting his life to engines of 500 to 650 h.p. should know something of engine efficiency; this is what Capt. Hertz says on his opinion of the engine and general reliability; this is what he says on his opinion of the B.S.A. "Light Six": "I would like to meet the man responsible for fitting my machine together and shake him by the hand." An experienced rider doesn't enthuse like that without real reason.

Almond Biscuits.

Of all the delicacies mentioned to please the palate for its exquisite taste, almond biscuits are probably the most popular. They are usually made of almond paste and butter, and are usually baked in a tin. They are a most delicate and healthy treat, and are especially recommended for children. They are also a most delicious accompaniment to coffee or tea.

Parisian Dressing.

Perhaps the most delicious of dressings is the Parisian dressing. It is made of olive oil, vinegar, and a little sugar. It is a most refreshing and healthy dressing, and is especially recommended for children. It is also a most delicious accompaniment to salads.

French Corset.

French corsets are designed in all the latest styles, and are made of the finest materials. They are a most comfortable and healthy garment, and are especially recommended for women who are fond of fashion.

A CLEAN SWEEP

Last year we offered prices at the Agricultural Show for the best brood sows, made with "Unga" from the year of future we offered no price, consider it better to leave our sows free to compete with imported sows to the open choice. Many competitors, apparently, believed that they would have a better chance of success in the competition for the best brood sows, and when they saw "Unga" sows, and their faith in the local product was being amply justified for every first prize (in addition to many second prizes) offered for anything made with their sows has been won by competitors with "Unga" sows. The judge afterwards stated that he did not know that they had had competitors, and that he would have been influenced by his decision had he known.
