eenergies and our maney un arthreading developing the Progross through with their grade results which this railway passes. We can accuse a Manager of a Railway see all arrays and a result of the railway see a rai is to make the Kailway pay and the rest of the Protectorate, which does not feed thin line, must, as far as he is concerned, look after field. The possible of the protection of the protection

an area of European settlement and the funds must follow the move-It probably has never occurment. It probably has never occur-red to the supporters of this policy that the reason why the European settlement in the Highlands exceeds the European settlement in the Lowlands is simply because incom-Lowlands is simply because incoming Colonists have noticed that the past policy has been to develope the Highlands at the expense of the Lowlands and they naturally pre-

ferred to follow Capital Herred to follow Capital.
When this policy comes to an end and a fairer policy—one more suited to general prosperity—is adopted, a settlement of the Lowlands by Europeans will rapidly equal in. numbers the Highland Settlement and in industrial output Lowland Settlers will leave their fellow Colonists ridienlously in the rear

The only policy which appeals to those who are fully acquainted with the Colony is one which combines the equitable treatment of both the the equitable treatment of both the Highlands and the Lowlands. Capital expended in the Lowlands, which is for the benefit of both sections, is Capital well spent but it should not be held that such Capital spent solely in developing the High-lands. This capital should be allocated each to each, and thereafter a fair proportion of the remaining apital utilized equitably in the

Protectorate.
Until this financial policy is adopted no Administration can lay claim to be anything else but a

Continental Correspondence.

A Step Forward.

This week we amounce in our news columns that an official of the Public Works Department and a gang of fifty natives are actually starting works on the making of a road from Mounbasa to Shimoni.

It would not be proper for the public works on the making of a road from Mounbasa to Shimoni.

It would not be proper for the public works on the making a road through there has still a lingering double in their minds as at how serious is this new departure towards Coast development there is a strong hope that at last the Government is beginning to see the fully and abortation of the control of the public works of the control of the public works of the control gall on the proper for the mouth and althought there has still a lingering double in their minds as at how serious is this new departure towards Coast development there is a strong hope that at last the Government is beginning to see the fully and abortation of the control of the public co

they would never know when a further rise would be made Besides this I have already alluded to the of India, Limited Subscribed Control .. £1,600,000 .. £800,000

thus I have already alluded to the assurance given in certain Districts two years ago that no further enhancement of the lax was at present contemplated."

His Excellency in thus expressing his opinion cannot help but regret that Lord Crewe did not allow this dictum to influence him £650,000 Amount carried forward . £96,000 HEAD OFFICE: hopsgate Street Within, London, E.C. when he, the Secretary of State, recently expressed his decisions on the new Land Bill and incidentally DIA: --Calcutta, Bombay, Madras, Kurrachee, Dehli, Tuticorin, Cawnpord Lahore Amritsar, Chittagong. on the Land Tax which decisions

must cause the Settlers to lose confidence in the Government for Suma: — Bangoon, Mandalay.

Suma: — Bangoon, Mandalay.

Suma: — Colombo, Kandy, Newara-Eliya.

Rahia: — Aden, Steamer Point Aden.

Aprica: — Zanzibar, Mombasa, Nairobi connence in the Government for similar reasons.

In paragraph 26. (Mombasa Meeting.) His Excellency writes: "I have certainly no intention of imposing a tax on the cattle of the worlike pastoral tribes, who hold their takes devece the base of the control of the

tock dearer than their igomenfolk nd as we cannot expect a tay to be placed on the womenfolk we must be content to allow these warlike tribes content to allow these warfase tribes, of whom we are presumably afraid, to remain exempt, unless His Excel-lency changes his decision or until His Excellency receives promotion when the matter can be again, brought up before his successor.

In the same paragraph a little further on His Excellency states: African Me Standard and as to differentiation of the his han the former, this opens so broad questions and sit carried out might esse dissistrous in its effects that a have said I must decline to liseuss it until some feasible proposi-ion is put forward." It is therefore he Governor of May 19th and Lord rewe's answer thereto are now pus-dished and the Public will be sur-a principal adopted by all countries a principal adopted by all countries were an Income Tax is applied—to prised gatth tenor of the former. In were an Income Tax is applied—to In Ahe first instance in several put forward a "feasible time but determined statements, thear is to say, His Excellency makes, isolared to say, His Excellency adopts the principle of the Greenment of the an attitude which belits his positions and one which had His Excellency adopts the principle of the Greenment in the principle of the Greenment of the many contractions and one which had His Excellence and the principle of the Greenment of the principle of the Greenment of the principle of the Greenment of the green and the principle of the Greenment of the principle of the Greenment of the green and the principle of the Greenment of the green and the principle of the Greenment of the green and the green a

ency adopted, when he first took up to Districts, he reins of Government in this Again in the the reins of Government in this Protectorate, would have spared us a Excellency is also very definite—evy considerable amount of unpleas—I would address Youn Lordship or sort friction. An openity determined the subject of the other two matters attitude, whether such attitude is put forward in Mr. Anderson's open to hostile critisian of no, commotion, one deadt with a proposal made respect, and to an extent for recognitation of the Nations simprisation, both of which qualificated Affairs' Department the other for the control of the Nations of the Nation of the Nation of the Nation of the Nation are graphs.
