IMPORTANT ANNOUNCEMENT TO MOTORISTS & SPORTSMEN

Owing to the increasing demands of the Ford, B.S.A., Douglas, and Dupuy business in this country, and in order to secure the most efficient and service facilities for our various agency lines, we have decided to discontinue our retail organization at Nairobi as from June 1st next, and to concentrate on wholesale distribution only.

We have appointed as Ford, B.S.A., and Douglas dealers for Nairobi district, Mr. K. McIvor, who has been for many years Garage Manager at our Nairobi Ford Service Station, and who, as from June 1st next, will trade under the name and style of K. McIvor & Co., at our present Garage premises in Sixth Avenue, and The Service Company Ltd., who for the past year have been acting as our sub-dealers in Nairobi and giving Ford owners most active and efficient Service. Messrs. T. J. O'Brien at Eldoret, The Kiala Supply & Autoengineering Co. at Kiala, and Messrs. E. Jacobs Ltd., at Mombasa, will continue to act as our Ford, B.S.A., and Douglas dealers at those centres.

Our sub-dealer repair and service organizations throughout the country will continue as heretofore with some extensions, which we hope to have in operation at an early date. Our aim in making these new arrangements is to ensure for Ford, B.S.A., and Douglas owners service unequalled in this country and equal to the best Ford Service in any part of the world, and also to bring within the reach of motorists throughout the country Dupuy type and accessories, Gtair oil, and any other products which we may import.

We have large consignments of Ford Cars, B.S.A. and Douglas motor cycles, repair parts, accessories, tyres, arms, ammunition and sports goods coming forward to support this extensive organization, and our buying and importing arrangements will ensure prices that cannot be equalled.

CLEARANCE SALE

Motor Accessories, Arms, Ammunition AND Sports Goods.

Having arranged to discontinue our retail business as from June 1st next, as announced above, we have decided to hold a Gigantic Clearance Sale of Motor Accessories, Arms, Ammunition and Sports Goods during the month of MAY at most astoundingly low Prices for Cash.

This is an opportunity that no prudent motorist or sportsman can afford to miss.

THE VETERINARY CONFERENCE.

**AN INSTRUCTIVE DEBATE ON THE
CAUSES OF HORSE SICKNESS.**

Inspiration to Further Study.

**A MALADY KNOWN THROUGHOUT
AFRICA.**

(Continued from yesterday.)

Arabic vs. Countrybred.
Capt. E. H. Roberts, R.A.V.C. (Veterinary Superintendent, Sudan). There is one or two points of interest which regard to horse sickness in the Sudan. Horse sickness is fairly extensively seen with its incidence but mainly in the south, but we do not get it so far as Khartoum region. There was one victim of the disease in 1920, at Fort Khartoum, which is about 200 miles north from Khartoum. They have had it since, and never had it since then. There were only two horses, suddenly both were found dead, and eight of the same.

There is no malaria there. The point of interest is the susceptibility of the different breeds of horses. In the Sudan it is well known that the Arab is more susceptible than the country bred, and the Egyptian Arab in the Sudan. It is well known that the Arab is more susceptible than the country bred, and the Egyptian Arab in the Sudan. It is well known that the Arab is more susceptible than the country bred, and the Egyptian Arab in the Sudan.

Scientific Smoking.

Mr. W. E. Power (Senior Veterinary Officer, India). In South Africa the smoking of tobacco is carried out largely and in some of the best that is carried out in a very systematic manner. There are arranged with pipes carrying all over the stables, they are burned, and one kind of pipe is frequently seen to be utilized that is a small, portable, and I personally know that these pipes were very few here.

As regards paraffin. When pipes have to travel with horses they are paraffin and break. The break is not unexpected, but the paraffin reaches through the break in application to the horse, so that all that is necessary is to break the hose once with it.

Dipping has never been used prior to a preliminary measure against horse sickness. Many and they do not stand dipping well, and it is a very bad business to apply manure in high yield water from the tanks.

The Immune Dusk.

Mr. F. J. MacNeil (The University of Edinburgh). My knowledge of the occurrence of horse sickness in the Sudan is very definite. I was in the Sudan in 1920, and I was in the Sudan in 1920, and I was in the Sudan in 1920, and I was in the Sudan in 1920.

Official Suggestions.

The Chairman (Major) asked the Chairman to suggest to the meeting a question to be put to the Conference, I suggest that when the meeting is held in Africa we should have a section at Omdurman, and that the section at Omdurman should be held in the Sudan, and that the section at Omdurman should be held in the Sudan.

Official Statement.

Mr. J. H. MacNeil (The University of Edinburgh). I suggest that when the meeting is held in Africa we should have a section at Omdurman, and that the section at Omdurman should be held in the Sudan, and that the section at Omdurman should be held in the Sudan.

which to contain these applications, to ascertain the results of the same, to be developed later.

Mr. P. H. Wilson: It is quite true that the Union Authorities will not be able to deal with the large number of cases of horse sickness which are reported from the Sudan. It is quite true that the Union Authorities will not be able to deal with the large number of cases of horse sickness which are reported from the Sudan.

The application of disinfectants to a very old method of attempting to prevent infection of horses, and it is a very common thing for our horses to stand in the mud, and to be soiled with the mud, and to be soiled with the mud, and to be soiled with the mud.

There is a very definite suggestion that the meeting should be held in Africa, and that the meeting should be held in Africa, and that the meeting should be held in Africa.

It was passed for Kenya, that fact would bring about the immediate pressure of resignation to the Government of India, creating grave danger to Imperial India. From that statement we may gather that there has been an effort by India to the direction of the Colonial Office. In the head of the later department the statement to be done in this clause: "I know what is right and proper to do in the direction of the restriction of immigration, but I am afraid of the consequences for the Indian Empire if I do not do this matter." It is to be noted that the fact should be dealt with well and not all in a matter of fact, we do not consider that a rupture with India would be wrong, but the settlement of the Indian question in East Africa (Kenya) is undoubtedly a very serious business for the Government of the problem in India is to be against the statement of a well British one of their lack of guiding and governing in that Kenya land. In the course of the great mass of the people have made full of the rate of more of their own work and to show them that, by comparison, they may feel and about. As time goes on, though the views may be indicated yet in the same way, it is to be the signature, and the professional opinion in India, raising the enormous power which we have in the country so that who shall undertake the work of standardization, have introduced the idea of a

MAIZE CONFERENCE.

REGULATIONS AND GRADES DISCUSSED AND ACCEPTED.

Annual Conference to be Held.

INTERESTS OF NATIVES NOT SAFEGUARDED. AT PRESENT

The Chairman, speaking on the subject of the maize conference, said that the interests of the natives were not being safeguarded. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

intended to have an evidence to the type of quality of the maize which is to be produced. It is to be the duty of the growers to produce a certain quality of maize, and to have it certified by the Government.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

and before leaving, he says 4 per cent. is considered a very good quality maize. He said that the maize which is to be produced should be of a certain quality, and that the growers should be responsible for the quality of the maize which they produce.

Mr. Chapman said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers. He said that the regulations proposed were not in the interests of the natives, but were merely a means of increasing the profits of the European growers.

THURSDAY, MAY 8, 1928

THE CONFERENCE...
It was always to be expected that the meeting that is now in progress in the Conference House at the Victoria Hotel, Nairobi, would be a most interesting one. It is the first meeting of the kind since the formation of the East African Standard, and the members of the press are all looking forward to it with interest.

WARNING

It is reported to us that certain storekeepers, who are determined to maintain the sale of imported flour, say in the bulk of allowing dark counts flour and selling it as white. Even the expert senses perceive, by mere examination the slightest difference between our Superfine flour and the best imported flour. The same is true of other grades.

Should any flour be offered to you which is appreciably above the slightest inferiority to the corresponding grade of imported flour, you will please communicate with us. Our flour is different, pure, and a great many other people think it better - the matter of opinion here, there is absolutely no difference in its appearance - that is a matter of fact.

KENNEL NOTES.

Unaccountable Swellings in Dogs' Ears.

PLAY FIGHT IN HOPS.

One Remit of Hops in the 'E' Standard.

By (M. MANAGER).

Has College dog not had her first litter? I have been told that several of her puppies were born with swellings in their ears...

This is thinking my usual dog writing, and I can very soon get you some more.

Only two letters so far, from one of the 'E' Standard. I am sorry to hear that you are not calling him 'E'.

The other letter is from Mrs. Magin of N.S.W., thanking me for my notes on her Standard dog...

Myself if I had struck other notes so far, but as I have not written all the dogs read in this issue, you are not to have any...

The undoubtedly, in many cases, notes from your ears exceeding on my ground. If one could only let the pupper run from larkhood on...

I am now making a good sized pupper, and I have had a very good morning feed, and the pupper is now in the best of health...

I believe it pupper - we are now in the best of health, and I think something of this sort for the first time. It would be to thank the pupper, if possible, and at this age the pupper will be very good...

There is nothing to my mind, that dogs really are necessary good dogs, but this good looking, and with these of an otherwise good dog, the pupper is now in the best of health...

It does not seem to matter how much exercise and freedom pupper get on the ground, it never tires, and I think it is very good...

It does not seem to matter how much exercise and freedom pupper get on the ground, it never tires, and I think it is very good...

It does not seem to matter how much exercise and freedom pupper get on the ground, it never tires, and I think it is very good...

It does not seem to matter how much exercise and freedom pupper get on the ground, it never tires, and I think it is very good...

BRITISH EMPIRE EXHIBITION 1924.
 Accommodation is offered in the Kenya Section of the East African Pavilion for those Firms or Individuals desirous of displaying Approved exhibits of their own growth or manufacture.
 The cost will be approximately Sh. 25 per square foot of floor space occupied, plus share of cleaning, lighting, etc.
 Plan of Pavilion may be seen with, and applications stating space required and particulars of exhibits should be furnished to, the Secretary, Kenya Empire Exhibition Committee, c/o Department of Agriculture, Nairobi, before 30th June, 1923.

EMPIRE EXHIBITION. PHOTOGRAPHS.
 The Kenya Colony is anxious to place on view at the Exhibition the best specimens of its photographs illustrating the life, industry and general conditions of the country. They will be most grateful if specimens will be sent by making in duplicate any suitable photographs in their possession with permission to make use of them.
 The principal subjects required are: Cereals, Agricultural, industrial, Sporting, Native Life, etc.
 Photographs should be addressed to the Secretary, Kenya Empire Exhibition, c/o Agricultural Department, Nairobi, and enclose should state whether they wish copies returned to them if not used.

THE EAST AFRICAN STANDARD

Monday Times & Uganda Argus. SATURDAY, MAY 4, 1928.

The article which we print below and taken from the Outlook, which has well known journalistic reputation in this country, is a most interesting and instructive study of the political and social conditions of the British Colonies and Empire from 1918 to 1927. It is a most valuable and interesting study of the political and social conditions of the British Colonies and Empire from 1918 to 1927.

Englishmen, where a great and rich civilization, bringing in time rival that of the Mesopotamian Valley, our ancestors. Native has advanced on the East African Highlands her richest gifts. Kenya great cotton plantations are to be found that will compete with any in the world. Kenya from her present economically distressed dependence upon the British Empire for her present America for this stage of our present civilization. Fields of grain, the unexplored resources of an incomparable rich and gigantic region, are ours if we work for them; and here in Kenya is to be our underdeveloped dependency of the British Colonies, which will be our underdeveloped dependency of the British Colonies, which will be our underdeveloped dependency of the British Colonies.

THE INDIAN QUESTION.

To the Editor:—F.A. Standard.

The Kenya Indian Question has been profitably discussed on the Press and elsewhere. The Editor has done well to make some definite, has been dealt with the reality of the situation in Kenya. They have shown us well as to the value of the Indian element and also the value of Kenya to the Empire. It is a pity that the Editor has not been able to do so.

The Indian question is one that does not seem to have been fully considered. It has been more of a passing fancy than a serious study.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.

The Indian who has been here for some time, and who is not a native, is a person who is not a native, and who is not a native.
