BRITISH EMPIRE EXHIBITION 1924.

Accommodation is offered in the Kenya Section of the East African Pavilion for the Firm or Individuals desiring to display Approved exhibits of their own growth or manufacture.

The cost will be approximately Shs 20 per square foot of floor space occupied, plus amount of cleaning, lighting, etc.

Plan of Pavilion may be seen with, and applications stating space required and particulars of exhibits should be furnished to the Secretary, Kenya Empire Exhibition Committee, c/o Department of Agriculture, Nairobi, before 30th June, 1925.

APATHY.

FOR NEARLY A MONTH THE KENYA EMPIRE EXHIBITION COUNCIL HAS BEEN ADVERTISING THROUGHOUT the country for the display of the Exhibition. The net result has been three apathy!

The Council feel sure that it is really the fault of the public to assist, but it is slipping away and practical help is needed.

Send in to the Secretary, c/o Agricultural Department Nairobi, any good plants you may have of which the Secretary is in doubt. The subject is left to your own choice. The Publicity Committee ask you to give them a chance of securing the exhibits to make a really comprehensive display illustrating the industry, the art, the scenery, the social life and the native life of the Colony.

The Victoria Nyanza Sugar Company Limited.

The Company's attention has been drawn to the fact that water surveys of the area between NITSA, HAMDI and MAKINDU... Having now ascertained that the above ground will remain in force until the 31st of June...

Having now ascertained that the above ground will remain in force until the 31st of June... NITSA, HAMDI and MAKINDU.

NOTICE.

During the dry seasons in 1919 and 1920 we did not distribute water surveys of the area between NITSA, HAMDI and MAKINDU.

Having now ascertained our feelings we know the water order ground there in this area. We have therefore revised the plan to give the water order ground there in this area.

ATTITUDE FULL OF DANGER. A National Council representing the Trades Unions, the Agricultural Labour Party, and the Parliamentary Labour Party, met at the House of Commons and discussed the situation arising from the Government's note to Russia. The Council has issued a statement in which it expresses its opposition to the terms of the note. It says that the note is a violation of the principles of international law and that it is a dangerous precedent.

Questions in Commons on the New Terms.

GOVERNMENT EXCUSES.

On the 11th inst. the Government announced that it had accepted the terms of the new contract with the Tanganyika Territory. The terms of the contract are as follows:—The Government will pay to the Tanganyika Territory a sum of £1,000,000 in the form of a grant-in-aid. This sum will be paid in three instalments of £333,333 each, the first instalment being paid on the 1st of July 1925, the second on the 1st of July 1926, and the third on the 1st of July 1927. The Government will also pay to the Tanganyika Territory a sum of £1,000,000 in the form of a loan. This loan will be repaid by the Tanganyika Territory in instalments of £100,000 per annum, the first instalment being repaid on the 1st of July 1925, and the last instalment on the 1st of July 1935. The Government will also pay to the Tanganyika Territory a sum of £1,000,000 in the form of a loan. This loan will be repaid by the Tanganyika Territory in instalments of £100,000 per annum, the first instalment being repaid on the 1st of July 1925, and the last instalment on the 1st of July 1935. The Government will also pay to the Tanganyika Territory a sum of £1,000,000 in the form of a loan. This loan will be repaid by the Tanganyika Territory in instalments of £100,000 per annum, the first instalment being repaid on the 1st of July 1925, and the last instalment on the 1st of July 1935.

12" ON HAND SPECIALLY TEMPERED SWISS STEEL AXES FOR CUTTING HARD

The following is an extract of a letter received from a client, the original of which can be inspected in my office—
"I refer to the Ax that I purchased from you a little time ago. It has been handled and is the only one that has stood up to the work. It cut several inches of Ax as before using them and had almost given up hopes of getting an Ax to stand up to the work. I am very glad that I still have the first combination. I bought one a year ago (the balance having been paid) by the action, was evidently made in your works, as good as any I purchased there, though it is used daily."

COFFEY'S HOLDING PATENTS
are used exclusively in Costa Rica.

The following is an extract of a letter received from a client, the original of which can be inspected in my office—
"I cannot speak too highly of the Costa Rica Holders. They have the finest and longest way of holding the wood. The wood is, for a KRM, in 100 days a day of 12 inch square and 20 inch deep with these holders. I have also found them very useful in filling trees for getting away the small roots underneath."

ALSO ON HAND—8 1/2" BRISTLE WELD TURNED STEEL SHAPING AT prices below English prices below STEEL STEEL TURNING (All Sizes).

18,114	15,090
17,187	16,776
18,069	17,097

W. H. DOWTHER,

"Your Dunlop Cord, did 19,000 miles without the least trouble, and to-day the covers are still good for at least 6,000 miles."

C. J. de FREZ,
Middleburg (du PRAZ).

"Your Dunlop Cord tyres have done about 6,000 miles on all roads without the slightest trouble, and still look fit for another 5,000 miles."

V. L. GOVINDARAJ,
Madras.

"We express to you our entire satisfaction with your Cord tyres, the superiority of which for general excellence, and for durability, is incontestable."

GOODYEAR HEAVY RED TUBES

Several Reasons Why You Should Use Goodyear Tubes

- 1. Goodyear Tubes are laminated that is they are built up layer on layer of high quality rubber. This eliminates the possibility of some leaks.
2. The valve patch is a part of a Goodyear Tube. It is not put stuck on, it is vulcanized into the tube and becomes part of it.
3. You can have no valve leaks with Goodyear Tubes.
4. The rolled-in method of construction is used in Goodyear Tubes. This eliminates all seams and also removes the possibility of leaks at punctures.
5. Goodyear Tubes are low neck-larger. This means less stretching when inflated and results in many more miles of tube service inside casings.
There are still a few of the many reasons why Goodyear Tubes hold up and support your covers as no other tubes can.
