(Special to the E. A. Standard by Geo. Keenan.)

I have had the privilege and pleasure, as a fellow passenger on a French liner from Africa, of an interesting conversation with M. Hubert Girard, Governor-General of Madagascar and Dependencies, as we lay en route to Comorin with the French Government.

He said that the French Government is very anxious to see Madagascar developed into a self-sufficient country.

M. Girard is convinced that the progress of development of Madagascar is due to the early preparation and the full resources of the huge area.

NAVAL TEAMS LAST TWO BATTLES

A Win at Tika and very Hard Lines at Nairobi. THEIR RECORD THE BEST TWO OF THEM.

Features of the Naval Play, Speed and Clean Sportmanship.

The two final games of the "Cubs" team were played on Friday at Tika and at Nairobi on Saturday. Following are the reports of the two matches—

At Tika.

On Friday played the final match from H.M.S. "Cavalry" sent out to the country on Saturday at Tika. The "China Sports Club" in the afternoon was played. The winner of the match was the "China Sports Club" who were defeated by two goals to one.

The Teams.

The teams were as follows: H.M.S. "Cavalry": J. H. Campbell, E. J. G. Gibson, H. H. H. Gibson, W. H. W. H. H. Gibson, W. H. W. H. H. Gibson, W. H. W. H. H. Gibson.

The two teams were very evenly matched. The Navy side had the advantage of the whole game and the fitness of the players among whom the goal-keeper, who saved some long shots, was certainly a masterly fiasco. He was completely out of his mind.

The Navy's first goal was obtained from a good shot by LOCKETT. PLAYERS LISTED BEFORE THE FIRST HALF, and the second by HAROLD in the second half.

Towards the end of the second half of the game the Navy side which had been playing without its best forward was up to the fact that the Navy side was playing better than they were.

The day was laid for play the sky being overcast but the new pitch club ground was in excellent condition.

Among players on the Navy side were several special members, the excellence of their play was shown by their backs, the forward half, HERRICK, and the forward half, HERRICK, and the forward half, HERRICK.

DEBUT IN NAIROBI.

The Futurists put on the first of their programmes at the Theatre Royal Saturday the latter performing footlights under the supervision of the "Cubs" naval party.

THE TEAM.

The teams lined up as follows: Graham and Haines; Maudslayi, Hays, Lock, Robinson, and Hays; Wood, Vanhook and Hays; Hays, Lock, Robinson, and Hays; Wood, Vanhook and Hays.

First Half.

Miller was sent and elected to play towards the goal. The Navy side was playing better than they were.

THE TEAM.

Another member of the Futurists is also an excellent footballer. The day was laid for play the sky being overcast but the new pitch club ground was in excellent condition.

Second Half.

At the recommencement of the match the Navy side was playing better than they were.

At Parklands.

Before a good crowd at Parklands the team from H.M.S. "Cavalry" was defeated by two goals to one.

KENYA GOVERNMENT.
Andrews Defines Indian Position.

SAFETY OF THE NATIVE
The Hon. C. F. Andrews has addressed the following letter to the Times.
Sir—The Kenya Indian Delegation have requested me to convey on their behalf certain important points in Lord Curzon's correspondence to the Government of India or to the Government of Kenya.
The Mr. Andrews' proposals of 1921 were not acceptable to the Government of India or to the Government of Kenya on account of the principle of racial segregation. This segregation was to be carried out as completely as possible in agricultural, commercial and township residential areas.
Segregation was also to be applied even in the franchise. The Indian community were not to be allowed to share a common franchise with the Europeans on education and property laws (as they do in the Cape Province, Rhodesia and elsewhere), but were to be allowed only two seats in a Council of three members on a township.
The Government of India regarded this as a complete racial segregation as in complete with India's status as an equal member in the British Commonwealth of Nations. This position taken by the Indian Government in 1919 has been further strengthened by the resolution adopted at the Imperial Conference of July 1921 which:

"With reference to the Axes I have purchased from you I have to say they are the best I have handled and are the only ones that have stood up to Olive. I tried several makes of Axes before I came to you and had almost given up hope of getting any of the first class quality I bought over a year ago (the balance having been pitched by the N.A.S. who evidently realized their axes are as good as when I purchased them, though in use daily."

OUR WOMEN'S PAGE

Our Paris Letter

(From FALLEN COLUMNAR)

If you happen to be looking through a window of the window-hungry—the little, the really, or the blower, to meet a woman you will be struck by the variety of human shapes that resemble those of women the very latest fashions with that air of someone who knows as well how to put on as to know.

ALLOUETTE

We are allowed to be as slim as a reed, or as lily-like as a girl seated on the lawn, who is the model of Louis XV and later, round Louis Napoleon.

MODES FOR THE BELM

To begin with the ladies who are thin as a reed, the most attractive way is a short, long waist, draped, made of pale pink or deep red. The skirt was wrapped over in such a manner as to form a

MILINERY MODES

There was arranged a line of hats for the week—the hat which is being worn by the most fashionable women in Paris. The most interesting of these is a hat which is made of a material which is very soft and pliable, and which is worn with a large bow. This hat is very popular, and is worn by many of the most fashionable women in Paris.

Two of the most fashionable hats worn in Paris. The one on the left is made of a material which is very soft and pliable, and which is worn with a large bow. The one on the right is made of a material which is very soft and pliable, and which is worn with a large bow.

THE HATS BEING WORN

The hats which are being worn in Paris are very different from those which are worn in other parts of the world. They are made of a material which is very soft and pliable, and which is worn with a large bow. This hat is very popular, and is worn by many of the most fashionable women in Paris.

Lemons for Health

An eminent physician has written a book on the health benefits of lemons. It is a book which is very interesting and informative. It tells us that lemons are very good for our health, and that we should eat them every day. It also tells us that lemons are very good for our skin, and that we should use lemon juice to clean our skin.

Are you too 'Thin'?

There are many women who are too thin, and who are looking for ways to gain weight. There are many different ways to do this, and it is important to choose the right one for you. One way is to eat more food, and another way is to exercise. It is important to talk to a doctor about this, and to make sure that you are getting the right kind of food and exercise.

Hair is Dressed Low

The hair which is being worn in Paris is very different from those which are worn in other parts of the world. It is dressed low, and is very simple and elegant. This is a very popular style, and is worn by many of the most fashionable women in Paris.

A delightful little new evening gown in a printed fabric. The skirt is full and the bodice is fitted. It is a very elegant and fashionable dress, and is perfect for evening wear.

AVENUE FASHION STYLES

The fashion styles which are being worn in Paris are very different from those which are worn in other parts of the world. They are very simple and elegant, and are perfect for everyday wear. One of the most popular styles is a dress which is made of a material which is very soft and pliable, and which is worn with a large bow. This dress is very popular, and is worn by many of the most fashionable women in Paris.

TO PUSH AWAY THE LOGICAL RESULT

There are many women who are looking for ways to push away the logical result of their actions. There are many different ways to do this, and it is important to choose the right one for you. One way is to eat more food, and another way is to exercise. It is important to talk to a doctor about this, and to make sure that you are getting the right kind of food and exercise.

one hundred and forty-seven years
 ago. Then, George III was King
 and the King's Lany was
 hardly thrown off the terrace,
 manners and symptoms. Many
 of the families retired in Virginia
 must still, in their remembrance
 of the "married Charles", have
 looked upon the George as their
 oppressor. For it takes more than
 one or two generations to instil
 liberality as were caused in Crom-
 well's day. Yet, still, if George III
 had been a wise monarch if he had
 looked the signs of the slowly
 growing discontent in the English
 Colonies overseas, he might easily
 by tolerance and forbearance, have
 averted the situation. For there was
 plenty of warning. The contemporary
 providing the war of Independence
 had its origin primarily in the
 economic policy pursued by the
 British Government, to which
 it was understood to some the
 Colonists to his own disadvantage.
 were, who pleaded that public
 opinion was unpopular and time
 was allowed to formulate a
 declaration to accompany the
 slow revolution. A committee
 was appointed for the purpose
 consisting of Jefferson, Adams,
 Franklin, Sherman, and Living-
 ston.
 On July 2, Congress
 adopted the resolution, and on
 the 4th, Jefferson's "Declaration"
 was published to the world. Some
 fifty-six signatures are attached to
 the document, the following:—
 John Hancock, president; Wilson,
 Hooper, Penn, Middleton, Wilson,
 Stone, Lee, Harrison, Nelson,
 Morris, Benjamin Franklin,
 Morton, Smith, Wilson, Rodney,
 Livingston, Morris, Adams,
 Hopkins, Williams. Could any
 thing better prove the old
 fashioned British character of
 that man who signed the declara-
 tion?

The Magna Carta had before
 provided a course by which par-
 liaments were charged with various
 under the Magna Carta, the
 names. Flies ranging from \$1.50
 to \$2.10, were imposed upon the
 public.

Made from Home.
 The "Tortoise" of Williams
 arrived at Mombasa, and was
 very charged with results from
 which will reach Nairobi. The
 "Lampshade" will be
 ready to arrive on July 8 and
 carrying 115 bags of letters and
 bags of parcels from Europe.

Weights and Measures.
 The Inspector of Weights
 and Measures has again been
 down, and his office has
 been closed by falling to comply
 with the law relative to weights
 and measures. The shops, un-
 completed weights, and the
 old measures and false stan-
 dards and measures. Flies of \$1.50
 for the offence were imposed.
