NOTES FROM TANGANYIKA.

Consecration of Bishop Gabriel.

GOVERNOR'S PALACE.

[From Our Own Correspondent.]
 On the 24th inst., a Jubilee service was held at the Governor's Palace in connection with the consecration of Bishop Gabriel of Tanganyika.

The installation of a Jubilee Bishop has been an event of such rare occurrence that great interest was aroused here when on the 24th inst., the Reverend Father Gabriel of the Order of Capuchins was consecrated Bishop of Tanganyika and Vice Apostolic Administrator of the Colony.

In the impressive ceremonial at the Governor's Palace, the Bishop was attended by a large and distinguished company and fully clothed in the traditional vestments of the office.

The Bishop of Tanganyika was accompanied by the Bishop of Zanzibar, the Bishop of Malawi, the Bishop of Nyasaland, and the Bishop of Southern Rhodesia.

THE JEEVANJEE MARKET.

A VERBAL ARRANGEMENT MADE BY MR. ANSWORTH

Municipal Council's Contention.

Secretary of State Turns Down Local Proposals.

HISTORY OF THE MARKET LEASE.

At yesterday's meeting of the Municipal Council the following correspondence between the Corporation and Mr. Jeevanjee's legal advisers (Messrs. Dally, Pigg and Hunt) on the subject of the Jeevanjee Market and the terms of the lease under which the site was granted, were read, as also a copy of the Town Clerk's setting out, as Mr. Watson termed it, "the history of this complicated affair."

It was noted that Mr. Jeevanjee, rather directly or through agents, has brought pressure to bear at Home and has won the day with the Secretary of State for the Colonies.

but that he feels that in dealing with the Corporation their obligations to him must be already set out so that there can be no mistake as to his rights in the event of their acting in an unreasonable manner.

Yours faithfully,

Department of Lands,
Nairobi, July 25, 1923.

The legal advisers of Mr. Jeevanjee were unable to recommend the terms thereof, but have recommended that the Municipal Council should be satisfied with the arrangement made with Mr. Jeevanjee.

2. After prolonged negotiations the Hon. the Acting Administrator has prepared a draft grant, a copy of which I enclose for the honor of your consideration.

3. Messrs. Dally Pigg and Hunt, one of the opinion writers' letter dated January 10, 1923, on (b) that the only satisfactory course was to have a lease from the Crown in which the Municipal Council was to be the lessee.

The Hon. Acting Administrator was unable to agree to it was necessary to enter into an agreement with the Corporation. The whole object of the present lease was to give the Corporation a lease for a term of years past.

I have just sent you a copy of the draft grant, and I have enclosed to comply with the Secretary of State's instructions.

All this is taken from a letter signed by Mr. Answorth in 1912, which is the only evidence of the actual transactions of 1912.

Two points have been the rocks on which previous negotiations regarding the lease have split.

(1) The Municipality has always objected to the lease including the whole market and the land on which the Corporation has a lease, but it now appears that the land Officer several years ago demanded their representation without telling them, and that the Corporation has been obliged to include the whole market and the land on which the Corporation has a lease.

(2) The Municipality insisted on a clause being inserted by which Mr. Jeevanjee guaranteed his rights to a market monopoly. The Secretary of State ruled that no such clause is to be inserted.

Last time the question came before Council they agreed to Mr. Jeevanjee's view that the lease should provide that Mr. Jeevanjee should hold the market to the Corporation. In his view the Corporation is to be the lessee.

It is now clear that the Corporation is to be the lessee, and that the Corporation is to be the lessee.

It is now clear that the Corporation is to be the lessee, and that the Corporation is to be the lessee.

THE KENYA DECISION.

The Supplement to this issue contains the full and complete text of the Colonial Office conditions in regard to the Kenya Indian problem, approved by the Cabinet, presented to the Acting Governor of Kenya and communicated to the Press by His Excellency. The following are the main points of the decision:

- There will be no action threatening the existing interests of those already settled in Kenya.
- The Government policy is to be one of friendship of African interests.
- Indians are given elective Communal representation on the Legislative Council in the proportion of five Indian seats to eleven elected Europeans, the Government preserving an official voting majority.
- The qualification for Indian voters will be decided by the Government after consultation with the Indian community, but implies "wide" franchise.
- The Highlands remain reserved for Europeans.
- No restriction of immigration save under such conditions as the Government may see fit to impose.
- Indian Municipal representation also to be in the proportion of five Indian seats to eleven elected Europeans.
- No segregation in townships.

NOTABLE LONDON MEETING

Land Settlement Problem in South Africa.

MR C. CREWE HONOURED

Work of the 1920 Memorial Settlers' Association.

President-General the Hon. Sir Charles Crewe, who had been present in the attitude of a Nationalist towards the Settlers' Association.

Mr. Charles Crewe proceeded to describe the foundation and work of the Association, relating and that the register of the donors of the 1920 settlers showed they were composed one-third of the total white population of South Africa. The activities of the Association had been directed in the first place to the formation of an organization capable of dealing with the settlement problem as a whole, but until they were certain of the attitude of the Government they reported the London Committee and to extend a message of protest to the Government.

It had also found employment for 2000 males, mostly returned soldiers, with 270 dependents. It had also received the Association would be supported by the Government and would be able to participate in the settlement of the land.

Mr. Charles Crewe emphasized that the need for more propaganda to Great Britain.

Up to the present the expense of the Association had been borne by the Government, but he hoped when the financial situation was more normal they would be able to raise a considerable sum of money to meet the interest on which would be sufficient to cover the cost of administration.

He laid stress on the fact that South Africa did not want money and could only take settlers with capital which would go on the land and work. "We want money, not men," he concluded.

The Duke of Devonshire, speaking in the house of "Commons" on the subject of the Settlers' Association, stated that the Government would be glad to see the work of the Association and would be glad to see the work of the Association.

It could not be left to chance of a representative who brought people in the under had and were not without warning them of the difficulties of the land.

It was a matter of course that the South African and the work was in the hands of the people who had returned from active positions and should be given every opportunity of making the most of it.

Mr C. Crewe Replies.

Mr. Charles Crewe, in reply, said that he was in the hands of the people who had returned from active positions and should be given every opportunity of making the most of it.

The world-famous green diamond, weighing 14 carats, the one of the largest in the world found by and belonging to Mr. J. Noyah, of Bombay, has been dispatched to India in the order of the Government of Bombay, which is to be taken to the State of Mysore.

In spite of several large diamonds from Europe and America the diamond has been removed from the National Bank, London, and will shortly arrive in India. The Dutch Government had desired to exhibit the diamond at the forthcoming Empire Exhibition.
