**DISCIPLINE**

A deplorable case has now come to our notice in connection with the students of the Government College, Nairobi. The student in question has been found guilty of a serious breach of discipline. He has been expelled from the college and his name has been placed on the list of students who are not to be received back into the college.

The case is a very bad one and it is to be hoped that it will serve as a warning to other students. It is the duty of every student to obey the rules of the college and to maintain a high standard of discipline. Any student who fails to do this is liable to be expelled from the college.

desire to keep the school at other schools. It is a pity that the school is not better equipped. The school is a very good one and it is to be hoped that it will continue to be so. The school is a very good one and it is to be hoped that it will continue to be so.

MR. DESHAM AGARD.  
(FRANCIS SMITH'S ASSAULT)

Interviewed by Reuters at Tilbury, Mr. Robert Coryndon expressed the opinion that the Kenya decision would have a settling and stabilizing effect. There would be no question of either side accepting or refusing a considered decision which must be made by the Government. In the event of a peaceful settlement, the Government would see that this was the only possible solution to the Kenya problem, which had been done to their detriment. When the interests of the native are considered, the latter must prevail.  
The Hon. Robert Curzon, of the Cabinet was of the opinion that the prospects of the economic development of Kenya were good.  
Mr. Delmore is believed by Reuters, said he would be his best to get their people to accept the decision, which on the whole was workable.

KENNEL NOTES.

(By Margaret Currier, Orono, Me.)
Through the misfortune of one of my most liked and useful kennels, I can now only give a short summary of information about the dog known in England as the "Black Wolf Dog" but which in this country is rightly called the "German Shepherd Dog."
The belief of many that those dogs are of intervals crossed with other breeds is a fallacy and I can hold them only be looked upon as a variety of the breed.

DODGE BROTHERS MOTOR CARS

In buying a Motor Car consider what the cost will be when distributed over a number of years. What is the car's reputation for satisfactory performance after the first year? After the second and after the third—and fourth? The world-wide fame of Dodge Brothers Touring Cars rests chiefly on the ability to continue giving faithful service long after the period of life commonly allotted to Motor Cars.

**THE SALVATION ARMY.**

All will receive a hearty welcome in the Lyric Hall on August 23rd at 7.30 when Major Frost will conduct the evening service.

We invite you to say us a visit and have for yourself the glorious news which we have to tell. Come and bring your friends.

**JAMES MURRAY.** (Organist)

Dear Ours,

Did you wonder who had written this? We were having a session meeting to decide on a new organization and we quite forgot our own letter. We put an awful reading and we felt sorry to disappoint all our readers.

We did wonder after we have the complete text from London for on a holiday like this we are in a mood of "something to do." But I'll just whisper that we are in a lonely line, our equally interesting things are going, and each and every 1 day all of you who are busy enough to go away will enjoy your letters more than you have ever before in your lives.

Next week we are going to introduce you to a new form of song, or look out for our film. We have better things on us we want to tell you who is to tell you our lives!

Remember me to all your folks and to all your folks who are in the land down here. He hasn't got it very badly, I'm glad to say. "Tinkled" found out about the other side, and with her pen last night waiting in the house till four, she only had a few minutes to write, they only have a few minutes to write.

Do you know why you have heard about this for a long time? It was because Peter had for some time not written to me, and I was just getting a little bit of news from him. We've just finished our meeting, and we've had a very good time. We've had a very good time. We've had a very good time. We've had a very good time.

Good-bye and lots of love to you all.

Your loving friend,  
James.

**WHY THE Heavy Duty Colonial NOBBY LEAD ALL FABRIC TYRES FOR SERVICE.**

It is 90 cent puncture proof because the knobs are placed on the tread that they lift the main body of the tyre clear of all small objects.

In addition, these knobs of thick rubber compound and all angles scientifically determined, produce a traction so intense that it is practically impossible for the tyre to slip or slide on any road surface.

For the rough roads of this country it has proved to be the most economical.

parations payments besides being entirely relieved of her war debt. France, when extending to receive thirty-four milliards of gold marks from Germany, must believe this amount against her debt of twelve milliards to Britain and fifteen milliards to the United States, which would leave France with a balance of seven milliards, therefore her present demand including the cessation of debts, is three or four times larger than her share under the existing agreement.

What Germany Has Said.

Though His Majesty's Government has in no way denied them, Germany had said regarding reparations that the German Government was not prepared to pay more than the amount of the reparations which it had actually paid.

French Claim Inaugurate.

Belgian refuses her consent to the revision of reparations. It is impossible to know the position of Britain apart from her demands. British spokes four hundred millions sterling to Germany.

The British Reply.

The note refers to the opinion that Germany's capacity should be reviewed by the British and Belgian Governments. The note states that the British and Belgian Governments are not prepared to accept the German proposal.

A Breach of Treaty.

The French and Belgian spokesmen have stated that the German Government's acceptance of its reparations agreement that may be reached by His Majesty's Government is not a breach of the reparations agreement.

French Demanded is Fair.

The British Government's reply does not determine that Germany shall pay for her maximum capacity but says that she has no more to be paid.

The Memorandum.

The note contains a list of the British and Belgian spokesmen who have signed the memorandum. It states that the British and Belgian spokesmen are not prepared to accept the German proposal.

Great Britain's Offer.

The British Government offers the property of the British Empire to Germany in return for the release of the Ruhr. It states that the British Government is not prepared to accept the German proposal.

The Financial Bill.

There was no suggestion when the House was made that the Government was depending on a vote of confidence. It is stated that the Government is not prepared to accept the German proposal.
