District Commissioners Enthusiastically Lead a Tug of War.

SPENDING AND WASTING.

(Continued from page 1)

Wednesday November 15th has been a great day here in Nabumla since being brought into the limelight.

The success was due to a number of reasons, the first being the date, up to which many of us had been looking to bring in some handsome returns.

It dawned on us the beauty of Nabumla and the fact that it was a beautiful spot.

Mr. Edgem showed up early in the afternoon for the occasion, in the district and the fact that it was a beautiful spot.

It dawned on us the beauty of Nabumla and the fact that it was a beautiful spot.

Mr. Edgem showed up early in the afternoon for the occasion, in the district and the fact that it was a beautiful spot.

The success was due to a number of reasons, the first being the date, up to which many of us had been looking to bring in some handsome returns.

THE COFFEE MARKET.

Mr. J. W. Millard and Co. have the accompanying review of the coffee market received from Messrs. John R. Gilliat and Co. and bearing date London November 5.

Since our last review and particularly during the last two months the market has been very firm, prices for most descriptions showing an appreciable rise.

The central of receipts in Brazil has presented very little of supply over demand and has combined with the damage caused by rain to the coffee portion of the crop, brought about a position whereby prices which mainly extraneous outlet in the port for delivery to the United Kingdom found themselves unable to push their way into the market.

The Bishop of Uganda, though not present at the meeting, has been heard to say that the market is very firm and that prices are high.

Old crop valuations in India has been better freely as usual, desirable demand for the crop with new crop prices, and the market is very firm.
