There is no hiding the fact that vacuum packing beats all other methods of packing tea.

The excellence of the tea you get from the Brooke Bond vacuum in a proof of it.

Inevitably, the Brooke Bond tin has its imitators—imitations that look like the Brooke Bond tin but are not vacuumed.

Remember that Brooke Bond tea is better, and so will you, if you compare.

THE GENERAL ELECTION.
 Great Britain is in the throes of a general election to-day. It is difficult for us at this distance to follow the confusion and confusion engendered on such an occasion but we are able to appreciate the low-priced of the Conservatives and the unity of the Labour Party. The fact of the matter is that the Labour Party is well placed for the coming of the year today. We in Kenya are fully aware of the great benefits to be derived from closer co-operation between the two parties. It is a pity that the Labour Party is not being given the same consideration as the Conservatives. We ourselves are working for the betterment of the country and we are sure that the Labour Party will find through development of Kenya resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

A SALARIED MAYOR.
 The constitution of the London County Council of London is now being considered by the Government. It is a well known fact that the London County Council is one of the most powerful bodies in the world. It is a pity that the London County Council is not being given the same consideration as the other bodies of the Empire. We ourselves are working for the betterment of the country and we are sure that the London County Council will find through development of London resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

THE BIRD OBJECT.
 The Government is now considering the question of the bird object. It is a well known fact that the bird object is one of the most important objects in the world. It is a pity that the bird object is not being given the same consideration as the other objects of the Empire. We ourselves are working for the betterment of the country and we are sure that the bird object will find through development of bird resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

DECEASED BITE VALUE.
 The Government is now considering the question of the deceased bite value. It is a well known fact that the deceased bite value is one of the most important values in the world. It is a pity that the deceased bite value is not being given the same consideration as the other values of the Empire. We ourselves are working for the betterment of the country and we are sure that the deceased bite value will find through development of deceased bite resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

UNDER THE STANDARD CLOCK

Election Day To-day.
 Polling takes place to-day throughout Great Britain and later for the election of members of the House of Commons.

Christmas Daylight.
 A rail was lately made on tambling inmates of Westminster Workhouse, and the confidential money to be devoted to the purchase of Christmas mince-pies.

Planning the After.
 The British Government is now permitting the celebration of Christmas Daylight, the proposed object being the pleasure of the British people.

Public Safety.
 At London, Ontario a highway has just been opened containing two parallel motor tracks and a gravel surface, ready to be left for horse traffic.

A Guildford Contest.
 The Guildford contest is a general election to be held in Guildford, Surrey, on Friday, December 14th.

The Bird Object.
 The Government is now considering the question of the bird object. It is a well known fact that the bird object is one of the most important objects in the world. It is a pity that the bird object is not being given the same consideration as the other objects of the Empire. We ourselves are working for the betterment of the country and we are sure that the bird object will find through development of bird resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

Died at 100.
 A woman has died at the age of 100 years in London. She had been in London for 70 years and had lived in London for 10 years. She had been in London for 10 years and had lived in London for 10 years. She had been in London for 10 years and had lived in London for 10 years.

India's Pinal Settlement.
 The Government is now considering the question of India's Pinal Settlement. It is a well known fact that India's Pinal Settlement is one of the most important settlements in the world. It is a pity that India's Pinal Settlement is not being given the same consideration as the other settlements of the Empire. We ourselves are working for the betterment of the country and we are sure that India's Pinal Settlement will find through development of India's Pinal Settlement resources and decreasing dependence upon the British Empire a greater and more permanent national prosperity will accrue to Britain.

(ROMAN'S SPEAKS) London, Dec. 4.
A large party of East African
explorers sailing on the Oceanic
to-day included the explorer
author Mr. F. Alexander
Harris accompanied by his wife
and others.

The party will disembark at
Lake Tanganyika, Lake Nyira, the
Congo River and the Great Rift
Mountains into the Congo
forests.

(The expedition which is known
as the "Anglo-American
Research Expedition" was
made up of Mr. F. Alexander
Harris, a well-known explorer,
and a party of other men.
The expedition is expected to
return in a few months.

KENYA'S CERTAINTY. A curious phase of history results to be noted that today (Friday) morning, because the Ministry of External Affairs in London is the day of the landing of the British flag in Kenya. One has almost 20 years ago, under conditions which we cannot picture, and which were handed on to the British Government, a man who seems to have been the only individual of his kind in the world who had been appointed to the post of Governor of Kenya. This man was Sir Evelyn Baring, who was appointed to the post of Governor of Kenya in 1902. He was the first Governor of Kenya, and he was the only one who had been appointed to the post of Governor of Kenya. RAILWAY CENTRALISATION.

Important governmental proposals have been introduced to the Government by the Hon. Secretary of State for the Colonies, Mr. G. F. M. Peck, in the shape of the 'Veakke' Bill.

The Bill proposes to centralise the management of the railways of the East African Protectorate under the control of the Government.

The Bill provides for the appointment of a Director of Railways, who will be responsible to the Government for the management of the railways.

The Bill also provides for the appointment of a Railway Board, which will be responsible to the Director of Railways for the management of the railways.

The Bill is expected to be introduced in the Legislative Council in the near future.

REGULATION OF LABOUR.

The Bill provides for the regulation of labour in the Protectorate. It provides for the appointment of a Labour Inspector, who will be responsible to the Government for the regulation of labour.

The Bill also provides for the appointment of a Labour Board, which will be responsible to the Labour Inspector for the regulation of labour.

The Bill is expected to be introduced in the Legislative Council in the near future.

level with an intention of losing labour. He would not have been so successful but we cannot be so sure as we were at a time when everyone given to us by the Government. This it does, will not the natives have to lose when they are given their taxation. Most of the houses in the Protectorate they did during the August and September months. It is not only in the Protectorate but in the whole of the East African Protectorate. It is not only in the Protectorate but in the whole of the East African Protectorate. THE RUGBY FIELD
A Review of Matches During Half-week.

OXFORD A STRONG SIDE.
(From Our Own Correspondent.)
This Oxford University team has been exceptionally fine in several of its matches, owing to several players who have been in the field, which was virtually a reserve. It was defeated, the Oxford (14 points) by a goal and two tries (11 points) to a goal and a dropped goal (9 points). The conditions were not ideal, as during the first half a high wind made play difficult, and the latter part of the second period was marred by heavy rain, in which, however, the Oxford proved superior to their opponents.

NEWPORT BILL WINNING.
An exciting and long-swinging match at Trawenton, on Saturday night, was fought by the first XV of the Newport Bill against the first XV of the Newport Rugby Club. The Newport Bill was victorious, the score being 14 points to 9 points.

UNITED SERVICES BOY BURY.
The United Services (Football) team were represented by three teams on Saturday, but suffered defeat in all the matches. The first team at Northampton was defeated by three tries to a goal and a try. United Services scored all their points only the first half had been so good for Blackheath.

NOTICE.
NAIROBI WATER SUPPLY.
The attention of the public is drawn to the fact that the above supply is liable to contamination and that the consumption of unboiled water may be dangerous. It is therefore recommended that all water should be boiled before use.
MEDICAL OFFICER OF HEALTH.

James scored a capital try, which Middleton converted, and Richmond, who Oxford repudied through Lawson, who went over after a difficult run, and had the satisfaction of seeing his try converted from a bad position, by Middleton. Currier, who was in the goal for the club, did not show himself by a field on opening by Middleton, who, however, failed to convert and Richmond had to do the honors by a single point.

Contains Not Impressive.
Cambridge University are not at present so impressive as they were with A. T. Young B. Hainstone, who scored a try for the club, and Tucker, who, like him, as they were on Saturday, the Light Blues played against the London Scottish, at Richmond, were of the standard order, and the club's victory by four tries (12 points) to one try (3 points) was by no means unexpected result. The Centre really played better than anticipated, but scored only in a field of a standing offside and while the forwards were excellent in the scrum and fairly efficient in the line, the back division was weak and the three-quarters had a decided tendency to "blow."

With four victories and a draw in the first games to date the Old Blues suffered their first defeat of the season at Home Oak against the Hospital in 16 points to four, but this apparently devastating reverse was brought about by a very short period in the first half during which the Hospital team played with almost unusual accuracy and brilliance and scored all their points.

Old Blues Dejected.
The visitors started a man short, J. P. Spence being absent, but when he came back they got going. Moser and Brown were excellent, and the latter kicked a goal from a mark and then Varner scored a try. The latter dropped a goal which the remarkable play (Guy's) had scored in a last of stress, and the second half was more evenly contested, and the Old Blues were on many occasions within an ace of

winning. The game was a very close one, and the Old Blues were dejected by the result of the home loss, but the result of the home loss is not so serious as it appears. The visitors' superior stamina did not help, but the Hospital team played with almost unusual accuracy and brilliance and scored all their points.

The Welsh Club.
Conditions were very bad at Home Hill, so that the London Welsh entertained Cross Keys and therefore the standard of ball and footwork was not very high, but a glorious game resulted in favour of Cross Keys, who were victorious by the score of two tries, six (6 points) to one. The Cross Keys forward showed up well in the home and were in this respect the better pack.

THE ELECTION.

The British people have rejected the opportunity presented to them to encourage the unity and interdependence of the Empire. By a decisive figure the voters supporting the Liberal and Labour Parties, have rejected Mr. Stanley Baldwin's majority in establishing the Liberal Party in a position to alleviate the financial straits of Britain. It may be said that Lord Derby, who has long been regarded as a future Premier, would have done better than Baldwin in the circumstances. It is true that Lord Derby was "the universal hero" of his own Party and that he was able to carry on a policy of "frugality" by reducing the Government's expenditure to a non-concessional basis which would have secured Conservative victory and not antagonized the combined Liberal and Labour opposition but the political effect of this policy would have been to have placed the Liberal Party in a position to carry out its programme of reconstruction. What the voters on December 6th a gradual tendency towards independence

and a loosening of the ties of settlement which have bound British Colonies to the mother country. Mr. Baldwin's declared intention was "to develop our own empire—our Empire."

AMERICAN "INDEPENDENCE."

In his Presidential message to the United States Congress President Coolidge has indicated America's policy of isolation.

Mr. Coolidge's policy is to "isolate" America by "isolation" of the United States from the world. It is a policy of "isolation" which is to be maintained in the future. It is a policy of "isolation" which is to be maintained in the future. It is a policy of "isolation" which is to be maintained in the future.

UNDER THE STANDBY

The Legislative Council of the Government of Kenya has passed a Bill to amend the provisions of the Government of Kenya Act, 1920, relating to the appointment of members of the Council.

Chairman of Council
 A special meeting of the Council was held on Monday, December 10th, at 10 o'clock, in the presence of the Hon. Mr. J. H. M. Woodhouse, Chairman of the Council, and the Hon. Mr. J. H. M. Woodhouse, Chairman of the Council.
