do not in the least case what happens to others. You will find that the Government is not only a party to the strike but is also a party to the strike.

And the keystone is the vacuum tin

Packing is the bridge that spans the gap between the tea-garden and your tea-cup. The keystone which guarantees the safety of the packing is the Brooke Bond vacuum tin, which keeps the tea fresh and full of flavour for any length of time.

You'll prefer **Brooke Bond** the good tea in the tin that keeps it good.

The only vacuum-packed tea. Vacuum packing is a necessity in the tropics.
